

# Highlights and Happenings

## President's Message

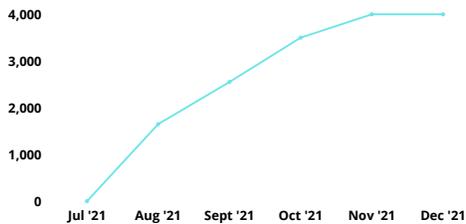

“How wonderful it is that nobody need wait a single moment before starting to improve the world.” – Anne Frank. True indeed! It is a quote that I connected to early on, and one that called out to me even more as I couldn't wait one more moment to form A Little Food and Community Inc. Driven by my passion of service and a desire to do more, I decided to go ahead and start something new! From a single idea, a non-profit was formed that is primarily focused on the issue of food insecurity. Every helping hand makes a difference, and we aim to do our part to bridge the food access gap that exists in various communities.

“Alone, we can do so little; Together we can do so much.” – Helen Keller. After receiving our 501(C)(3) tax exempt status last summer, we immediately put out our first call to action to the community for support. The response was and has continued to be amazing! We thank those that have already joined our donor family because your contributions make achieving our mission possible! We are just getting started and look forward to adding to our donor family and furthering our reach! For the first issue of our newsletter, I am excited to show you how donor funds have already been put to work! Stay tuned for what lies ahead! Thank you again for the continued support!
