

Dear Second Graders,

Reading is the BEST part of learning! With our new curriculum, ***Wit & Wisdom***, we are going to dive into some GREAT books when you get back from vacation, but don't wait for us. Read over the summer and get familiar with these great books.

Remember, good readers sound out words that are unfamiliar, visualize (read the book like a movie in your head), and make predictions as they read. Trying to figure out what is going to happen before the author tells you is so much fun, especially when the prediction is correct, or when the author throws in a twist to the story.

Reading throughout the year will keep you prepared for the new school year.

We look forward to working with your children as we continue to read literature in the classroom. Together, we can give your kids the support they need to succeed as readers and as students!
