

Academic Lead

Full-time

Holland International School (HIS) is seeking an experienced, collaborative, and forward-thinking Academic Lead to join our Leadership Team.

We are looking for a Dutch-speaking educational leader with strong experience in Dutch primary education and school leadership, combined with an international mindset and a deep understanding of the unique context of international education. The successful candidate will play a key role in bridging our Dutch and English streams and fostering strong collaboration across the school.

This is a key strategic leadership position for an educational professional who is passionate about high-quality teaching and learning, curriculum development and continuous (international) school improvement. As Academic Lead, you will play a vital role in shaping the school's educational vision, leading strategic academic initiatives and ensuring the delivery of high-quality, inclusive education aligned with international best practices.

You are an inspiring educational leader who enjoys working collaboratively with colleagues while providing clear direction and guidance. You combine strategic thinking with a practical approach and are able to translate educational vision into meaningful actions that positively impact students, staff and the wider school community.

The role

While the IEYC/IPC Coordinator is responsible for the day-to-day coordination and implementation of the accreditation process, you will monitor progress, provide strategic direction and ensure that the process aligns with the school's broader educational vision, strategic priorities and continuous improvement goals.

You will collaborate closely with the Learning Support Coordinator to ensure an inclusive educational and pastoral environment where all students are supported to reach their full potential. You will also contribute to recruitment, induction, performance management and succession planning for academic staff.
