

DIBIOU Parcel Box Model Selection Guide

Metal Storage Products OEM Factory

About DIBIOU

Luoyang Dibiou Technology Co., Ltd. handles overseas sales and export service, supported by our affiliated factory, Henan Dibiou Furniture Co., Ltd.

Our factory has years of experience in OEM production for steel storage and metal furniture products. In the past, we mainly supplied domestic trading companies, cross-border e-commerce sellers and industry customers.

Our product scope includes outdoor parcel delivery boxes, shoe cabinets, legged cabinets and lockable steel cabinets.

Cooperation Direction

Now we are building direct cooperation with overseas buyers. With factory production support, flexible customization and careful export service, we hope to provide reliable products and grow together with long-term customers.

OEM / ODM available | Customized metal storage products | Export service support

OEM / ODM Manufacturing Capability

Main Product Scope

- Outdoor parcel delivery boxes
- Smart delivery boxes and parcel lockers
- Shoe cabinets and legged cabinets
- Lockable steel storage cabinets

Manufacturing Process

- Cutting, punching and bending
- Welding and structure assembly
- Electrostatic powder coating
- Final assembly and export packing

Customization Options

- Size, structure and internal layout
- Color / RAL, logo and private label
- Mechanical, digital or smart lock options
- Carton, barcode and instruction manual

Project Development Flow

- Reference model or customer design review
- Structure, cost and feasibility evaluation
- Sample development and sample approval
- Mass production after testing confirmation

Model Selection & Quotation Notes

The models shown in this catalog are based on products previously manufactured by our factory and are provided for model selection and OEM/ODM customization. Specifications can be adjusted to meet specific project requirements.

Final specifications, pricing and lead time are subject to confirmation of model, dimensions, material thickness, lock type, finish, packaging and order quantity.

Previously manufactured steel parcel delivery boxes for residential delivery, e-commerce, importer programs and OEM/ODM projects.

Available configurations include freestanding, wall-mounted and built-in models, with front or rear retrieval options.

- Weather-resistant steel construction
- Secure parcel drop with anti-fishing protection
- Lockable front or rear retrieval compartment
- OEM/ODM options for size, lock, finish, logo and packaging

PB Series | Standard Size Options

Four base sizes available for OEM/ODM customization.

Model	Size (W × D × H)	Description
PB-S	430W × 350D × 800H mm	Compact porch parcel box
PB-M	500W × 400D × 980H mm	Standard home parcel box
PB-L	500W × 400D × 1150H mm	Large-capacity parcel box
PB-XL	500W × 400D × 1270H mm	Extra-large parcel box

- Top parcel drop with anti-fishing baffle
- Lockable lower retrieval door
- Outdoor-grade polyester powder coating
- Key, combination or smart lock options
- KD or semi-assembled export packaging

Parcel Box Model Selection
