INDEPENDENT ASSURANCE OPINION STATEMENT

To Assistant Vice President (Risk Management and Sustainable Development) of Thaicom Public Company Limited

Holds Statement No.: SRA 837500

The British Standards Institution (BSI) has conducted a limited assurance engagement on the sustainability information (described in the "Scope") in the 56-1 one report 2025 of Thaicom Public Company Limited (Thaicom).

Scope

The scope of engagement agreed upon with Thaicom includes the following:
The assurance covers the information of the following subject matters in the 56-1 one report for the year 2025.

1. Scope 1 Emissions (GRI 305-1):
    - Fuel consumption from stationary combustion
    - Fuel consumption from mobile combustion, i.e. company-owned vehicles
    - Fugitive emissions from refrigerant and methane leakage from wastewater treatment
2. Scope 2 Emissions (GRI 305-2):
    - Purchased Electricity
3. Scope 3 Emissions (GRI 305-3):
    - Category 3 – Energy related activities
4. GHG emissions intensity (GRI 305-4)
5. Energy (GRI 302-1, 302-3)
6. Water (GRI 303-3, 303-4, 303-5)
7. Waste (GRI 306-3, 306-4, 306-5)

The selected sustainability information was prepared with reference to the GRI Standards as the reporting framework and was assured in accordance with ISAE 3000 (Revised) and ISO 14064-3:2019.

Opinion Statement

We have conducted a limited assurance engagement on the sustainability information described in the "Scope" above (Sustainability Information).

Based on the procedures we have performed and the evidence we have obtained, nothing has come to our attention that causes us to believe that the accompanying Sustainability Information is not prepared, in all material respects, in accordance with ISAE 3000 (Revised) and ISO 14064-3:2019.

Methodology

Our assurance engagements were carried out in accordance with ISAE3000 (Revised) and ISO 14064-3:2019. Our work was designed to gather evidence on which to base our conclusion. We undertook the following activities:

- a top level review of issues raised by external parties that could be relevant to Thaicom's policies to provide a check on the appropriateness of statements made in the report.
- discussion with managers and staff on Thaicom's approach to stakeholder engagement. However, we had no direct contact with external stakeholders.
- interviews with staff involved in sustainability management, report preparation and provision of report information were carried out.
- document review of relevant systems, policies, and procedures where available.
- review of supporting evidence for claims made in the reports.
- visit of the Headquarters and Thaicom Satellite Station to confirm the data collection processes, record management practices, and check GHG emission sources physically.

Responsibility

Thaicom is responsible for the preparation and fair presentation of the sustainability information and report in accordance with the agreed criteria. BSI is responsible for providing an independent assurance opinion statement to stakeholders giving our professional opinion based on the scope and methodology described.

Independence, Quality Control and Competence

BSI is independent of Thaicom and has no financial interest in the operation of Thaicom other than for the assurance of the sustainability statements contained in this report.

This independent assurance opinion statement has been prepared for the stakeholders of Thaicom only for the purposes of verifying its statements relating to its environmental, social and governance (ESG), more particularly described in the Scope above.

This independent assurance opinion statement is prepared on the basis of review by BSI of information presented to it by Thaicom. In making this independent assurance opinion statement, BSI has assumed that all information provided to it by Thaicom is true, accurate and complete. BSI accepts no liability to any third party who places reliance on this statement.

BSI applies its own management standards and compliance policies for quality control, in accordance with ISO/IEC 17021-1:2015 and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

BSI is a leading global standards and assessment body founded in 1901. The BSI assurance team has extensive experience in conducting verification over environmental, social and governance (ESG), management systems and processes.
