Independent Auditor's Report on Review of Interim Financial Information

To the Board of Directors of Thaicom Public Company Limited

I have reviewed the accompanying consolidated and separate statements of financial position of Thaicom Public Company Limited and its subsidiaries, and of Thaicom Public Company Limited, respectively, as at 30 June 2024; the consolidated and separate statements of profit or loss, profit or loss and other comprehensive income for the three-month and six-month periods ended 30 June 2024, the consolidated and separate statements of changes in equity and cash flows for the six-month period ended 30 June 2024; and condensed notes ("interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34, "Interim Financial Reporting". My responsibility is to express a conclusion on this interim financial information based on my review.

Scope of Review

I conducted my review in accordance with Thai Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

Conclusion

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34, "Interim Financial Reporting".

Emphasis of Matter

We draw attention to Note 14 to the financial statements that the Company has disputes with government sector under either operating agreement on domestic communication satellites or licenses to provide telecommunication services. At present, these disputes are under courts proceedings. The outcome depends on future judicial proceedings and cannot be determined at this time. Our conclusion is not qualified in respect of these matters.

2. Basis of preparation of the interim financial statements

The condensed interim financial statements are presented in the same format as the annual financial statements together with notes to the interim financial statements on a condensed basis ("interim financial statements") in accordance with Thai Accounting Standard (TAS) No. 34 *Interim Financial Reporting*, guidelines promulgated by the Federation of Accounting Professions and applicable rules and regulations of the Thai Securities and Exchange Commission. The interim financial statements focus on new activities, events and circumstances to avoid repetition of information previously reported in annual financial statements. Accordingly, these interim financial statements should be read in conjunction with the financial statements of the Company and its subsidiaries for the year ended 31 December 2023.

In preparing these interim financial statements, judgements and estimates are made by management in applying the Group's accounting policies. Actual results may differ from these estimates. The accounting policies, methods of computation and the key sources of estimation uncertainty were the same as those that are described in the financial statements for the year ended 31 December 2023.

12. Commitments with non-related parties

12.1 Shareholder agreement

Lao Telecommunications Public Company ("LTC") (formerly named Lao Telecommunications Company Limited) was established under the terms of a Joint Venture Contract dated 8 October 1996, signed by the Government of the Lao People's Democratic Republic ("LAOGOV") and Intouch Holdings Public Company Limited (formerly named Shinawatra Computer and Communications Public Company Limited). According to the aforementioned Joint Venture Contract, LTC has the right to provide telecommunication services - fixed line phone, mobile phone, international facilities, internet and paging - within the Lao PDR for 25 years. Currently, Shenington Investments Pte Limited ("SHEN"), which is a joint venture of the Company, owns 49% of LTC's registered shares.

On 23 October 2015, SHEN and LAOGOV have officially reached the agreement to extend the Joint Venture Agreement and the Master Agreement for the Development of Telecommunications Services in the Lao PDR. As a result, LTC obtain the right to operate communication services in Lao PDR for a further period of 25 years until 2046. According to the amended agreements, LTC is required to invest at least USD 400 million in the projects specified in the agreements within the 25-year period.

At the end of the 25th year, in 2046, the Group has to transfer all of LTC's shares to LAOGOV without any charges (Note 6).

13. Contingent liabilities

Assessment of income tax in India

The Company and the Revenue Department of India (the "Tax Authority") have different perspectives on the type of income and tax burden for the income from Transponder Services. The Tax Authority in India considered that the income from Transponder Services, which was provided to Indian and non-Indian customers whose contents can be viewed and understood by Indian audiences (the "Customers") was "Royalty" under both the Indian Income Tax Act (the "Act"), and the Double Taxation Agreement between Thailand and India (the "DTA") and therefore was subject to withholding tax at the rate of 15% on a gross basis. In contrast, The Company considered the income from Transponder Services to be business income, and, as the Company does not have a permanent establishment in India, such income is not taxable in India.

The Tax Authority insisted on its opinion and raised tax demands including surcharge, education tax and interest aggregating to INR 859.4 million against the said payment received by the Company from the Customers, and also levied a penalty of INR 566.1 million, for the Assessment Years ("AY") 1998-1999 to 2012-2013 (1 April 1997 to 30 March 2012).

So far, the Company has received Withholding Tax Certificates ("WTC") from Indian Customers up to AY 2012-2013 amounting to INR 593.8 million, for which part of the amount is substituted and paid by the Customers on behalf of the Company and used as deposits for tax, surcharge, education tax and interest including penalties and its relevant interest. The Company has also deposited INR 480.4 million. The deposit is presented as other non-current assets in the statements of financial position.

On 16 October 2009, the Income Tax Appellate Tribunal ("ITAT") ruled that the income from transponder services shall be categorized as "Royalty" and subjected to withholding tax at the rate specified by the law. Nonetheless, the appellate ruling only concerned the income tax and the interest derived therefrom and not about the penalty and its related interest.

The Company appealed the ITAT's ruling to the High Court of Delhi in December 2009.

On 17 February 2011, the High Court of Delhi judged that the ruling of the ITAT which decided that the income could be categorized as "Royalty" was incorrect as it was against the High Court's judgement in a precedent case. The High Court ordered ITAT to reconsider the matter by applying the principle contained in the precedent case's judgement.

On 4 March 2011, ITAT gave its decision that the Company's income from transponder services in India was not a royalty and, as the Company has no permanent establishment in India, such income was not taxable in India.

As a consequence, the Company did not have to pay the interests and penalties imposed by the Tax Authority, and ITAT cancelled the demands for penalty for AY 1998-1999, 1999-2000, 2000-2001, 2001-2002 and 2002-2003 made by the Tax Authority against the Company. The Tax Authority did not appeal against the ITAT's decision on the penalty for the said assessment years to the High Court of Delhi and the ITAT's decision on the penalty was final. On 30 December 2011, the Tax Authority notified the partial return of the deposit placed by the Company against the penalty for AY 1998-1999 to 2001-2002 and interest, amounting to INR 162.4 million.

Further to the ITAT decision as stated in the preceding paragraphs, the Company is in the process of requesting the refund of the remaining deposit and withholding tax from the Tax Authority. Upon the final decision of the Supreme Court and the receipt of refund, the Company will return the Customers the withholding tax they paid for the Company.

On 28 September 2011, the Tax Authority has filed a Supreme Court appeal against the decision of High Court on 17 February 2011 which decided that the Company's income from transponder services in India was not a royalty. The matter is under the Supreme Court of India's consideration.

14. Other events

14.1 Dispute over THAICOM 7 and THAICOM 8 satellites under Operating Agreement on Domestic Communication Satellites

On 5 October 2017, the Company received a letter from the Ministry of Digital Economy and Society ("MDES") stating that THAICOM 7 and THAICOM 8 satellites were the satellites under the Operating Agreement on Domestic Communication Satellites dated 11 September 1991 between Intouch Holdings Public Company Limited ("Intouch") and MDES (formerly known as the Ministry of Information and Communication Technology) (the "Operating Agreement"). Intouch established the Company to operate works under the Operating Agreement. In this regard, the letter from MDES stated a request for the full compliance with the Operating Agreement on an urgent basis; e.g. transfer of ownership and delivery of assets, procurement of the backup satellite(s), payment of overdue revenue sharing, and property insurance.

The Extra-Ordinary Board of Directors' Meeting of the Company on 24 October 2017, considered the letter and after consulting with its legal advisor determined that THAICOM 7 and THAICOM 8 satellites were not the satellites under the Operating Agreement since THAICOM 7 and THAICOM 8 satellites were operated under the license received from the NBTC. The Company has fully complied with the terms and conditions of the Operating Agreement without breaching any terms therein. Therefore, the Company had a different opinion from MDES on THAICOM 7 and THAICOM 8 satellites. Accordingly, the meeting resolved that the Company submit the dispute to arbitration in accordance with Clause 45.1 of the Operating Agreement. The Company submitted the dispute to the Thai Arbitration Institute ("TAI") on 25 October 2017, as the Black Case No. 97/2560.

However, in August 2019, MDES filed a petition to the Central Administrative Court ("CAC") to consider the authority of the TAI to consider the Black Case No. 97/2560, and requested a temporary suspension of the arbitration process. On 24 October 2019, the CAC issued an order refusing to suspend the arbitration process. MDES appealed the order to the Supreme Administrative Court ("SAC"). SAC has judged that the arbitration panel has the authority to consider the case.

On 6 October 2022, the Company received the arbitration award dated 29 September 2022 indicating that THAICOM 7 and THAICOM 8 satellites are not satellites under the Operating Agreement and the counter claim of the respondent shall be dismissed. By the award, it is clear that THAICOM 7 and THAICOM 8 are not under and/or related in any way to the Operating Agreement and thus the Company bears no obligation to proceed as demanded by the MDES in the dispute.

On 28 December 2022, MDES filed a case to the CAC to revoke the arbitration award. The Company received a copy of the plaint on 17 March 2023.

On 11 January 2024, the Company filed its statement of defense with the CAC. The case is under the consideration of the CAC. The Company believes that the chances of winning the case are probable.

14.2 Dispute of Thaicom 5 Satellite

On 6 November 2020, the Company received a notice of arbitration and the statement of claim regarding a dispute concerning THAICOM 5 satellite ("THAICOM 5") from MDES requesting the Company (1) to build and deliver the replacement satellite for THAICOM 5 or pay the money equivalent to the value of the satellite amounting to Baht 7.79 billion together with interest at the rate of 7.5% per annum for the period from 30 October 2020 until the payment completion date; (2) to pay a fine of Baht 4.98 million (calculated from 25 February 2020 to 30 October 2020) together with interest at the rate of 7.5% per annum; and (3) to pay a fine from 1 November 2020 until the replacement is delivered or the compensation is paid.

The Company, after considering the facts of such dispute, opined that the Company has always complied with the Operating Agreement on Domestic Communication Satellite and thus, the Company did not have any obligation to respond to such MDES's requests. Moreover, the Company viewed that MDES's submission of the dispute to the Thailand Arbitration Center ("THAC") did not comply with the terms and conditions of the Operating Agreement which allowed the parties to resolve their dispute at the Thai Arbitration Institute ("TAI") under the Court of Justice, where the THAICOM 7 and THAICOM 8 dispute went to.

Hence, the Company has submitted the dispute to TAI. As each party held a different opinion on the jurisdiction matter, each party filed a motion to the Central Administrative Court requesting the court to specify the arbitration institute with the authority to accept and consider the case and also issue a temporary injunction(s) to suspend the proceedings at THAC and TAI.

On 27 March 2024, the CAC decided that TAI has the jurisdiction over THAICOM 5 dispute. On 25 April 2024, MDES appealed the CAC's order to the SAC.

On 17 May 2024, the Company requested TAI to proceed with the arbitral proceedings of THAICOM 5 case. TAI has scheduled a meeting on 17 September 2024 to decide whether TAI would continue its proceedings.

On 18 July 2024, MDES filed the motion requesting for injunction with the SAC. Currently, the case is now under consideration of the SAC. The SAC has not yet made any order regarding MDES' appeal or injunction. The management of the Company believes that the outcome of the injunction will not have a material impact to the Company's financial statements as it is the appeal of which arbitration institute would handle the arbitral proceedings.

14.3 On 5 June 2021, the Company received a letter dated 2 June 2021 from the Office of the National Broadcasting and Telecommunications Commission ("NBTC") informing its resolution that the Company was entitled to use the orbital slots for THAICOM 7 and THAICOM 8 satellites according to the Operating Agreement on Domestic Communication Satellite ending on 10 September 2021. However, if there would be an arbitration award or a court's order which would change the fact that served as the basis of the permission, NBTC will reconsider the Company's rights to use the orbital slots.

The Company opined that the resolution was unlawful because THAICOM 7 and THAICOM 8 satellites are not satellites under the Operating Agreement on Domestic Communication Satellite but are satellites under NBTC's license. Therefore, the Company has the right to use the orbital slots for THAICOM 7 and THAICOM 8 satellites until the end of the license. The Company filed a case to the Central Administrative Court ("CAC") on 5 August 2021 and the CAC has granted an injunction on 9 August 2021 protecting the Company's rights to use the orbital slots until the case is final or the court orders otherwise. On 3 September 2021, NBTC appealed to the Supreme Administrative Court ("SAC") against the injunction of CAC. On 1 June 2022, SAC upheld the CAC's temporary injunction and the Company can continue using the orbital slots for THAICOM 7 and THAICOM 8 satellites.

During the court proceedings, MDES filed a motion to intervene with the CAC to participate in the case as a party (as an intervenor) on the ground that the outcome of the case may affect its rights as the rightsholder of orbital slots of THAICOM 7 and THAICOM 8.

On 6 March 2024, CAC ruled that NBTC's resolution regarding use of THAICOM 7 and THAICOM 8 until the end of concession shall be revoked. In April 2024, NBTC and MDES (intervenor) appealed to the SAC. Currently, the case is under the consideration of the SAC. Subject to the CAC's judgment, the Company is entitled to use the orbital slots of THAICOM 7 and THAICOM 8 until this case is final or until the SAC issue an order otherwise.
