Coffee Day - Bangalore

Tuscan Stone™

Dimension:
400 x 400 x 38 mm

All these tiles have Chamfered Edges

Magnum Honda - Bangalore

International Guest House, UAS - DHARWAD

Tuscan Stone™ brings memories of hand chiseled products in Tuscany region in Italy. It is a typical square shaped tile best suited for locations with light & medium vehicular movement. With its ridge like pattern, sober color schemes and grounded texture, this tile gives a medieval outlook to the landscape.

Bush Hammered®

Star Palm - Sangli

Dimension:

400 x 400 x 38 mm

250 x 500 x 40 mm

All these tiles have Chamfered Edges

Bush Hammered™ Stone creates great outdoors. The texture is the speciality of the product that gives it a very sober yet a rustic appearance like the dressed granite especially when the tile is shot blasted at its highest. The most preferred colors by architects for this tile are grey, black and red

TAJ HOLIDAY VILLAGE - GOA

Customised Tiles

The landscape Architect at Taj Holiday Village requested us to produce Hexagonal shaped Paving Tiles with Leaf Motif on top and finally when paving tiles were laid in the project, both the client and the architect were quite happy with the product. Basant Betons® would be only too willing to produce Customised Tiles on ideas from architects and end-users.
