

Introducing Unbridled Excellence, **DHC'S NEW EXPERT WEBINAR SERIES**

You're invited to Dark Horse Consulting's brand-new webinar series, in which our subject matter experts will share lessons learned over the 650+ client projects we've performed during the last 9 years.

The webinar series will cover a variety of topics across our core competencies, discussing common errors and risks as well as opportunities to expedite product development.

During registration, you'll have the chance to add any particular queries you may have for the expert host, as well as request topics for future webinars.
