CAMPAIGN & PROJECT NEWS

Phase 1A renovations were completed on November 1, 2025, transforming the facility into a fully operational Career Training & Workforce Hub.

The Ribbon Cutting & Grand Opening was held on November 21, 2025, welcoming community leaders, partners, donors, and supporters to officially celebrate the opening of the Hub.

We are currently working with our architectural partners to finalize Phase 1B plans and cost estimates, laying the groundwork for the next stage of expansion and long-term growth.
