

Loadgate by ALEC

## CONSTRUCTION LOGISTICS, SIMPLIFIED.

### OUR MISSION

REAL-TIME CONTROL OF CONSTRUCTION LOGISTICS TO PLAN, COORDINATE, AND TRACK DELIVERIES AND ASSETS IN ONE PLATFORM

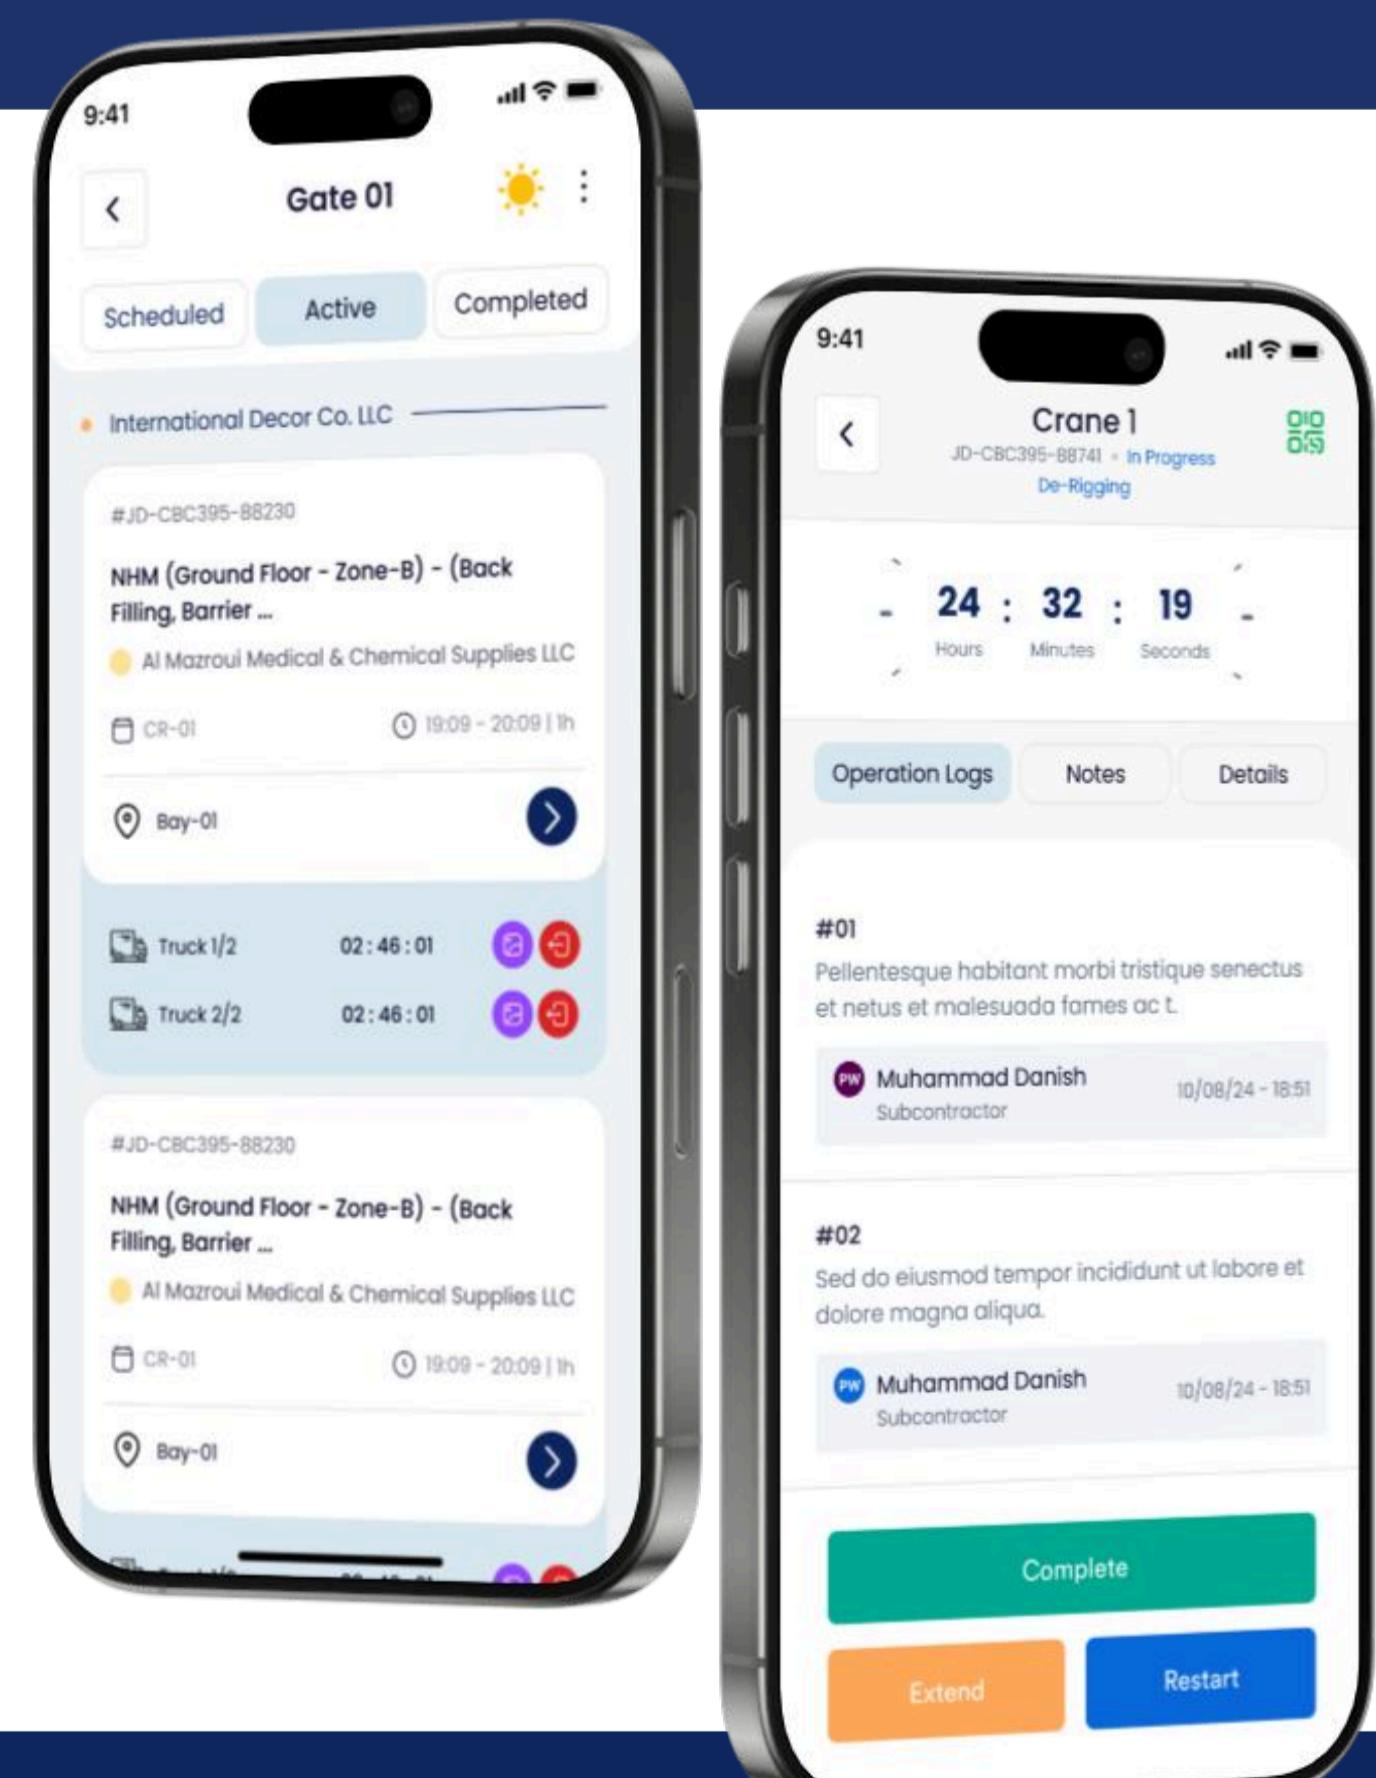

#### Improved Efficiency Across Site Operations

**One platform to plan, coordinate, and track construction logistics, reducing congestion and keeping site operations running smoothly.**

#### Optimized Asset Utilization

**Efficient coordination of cranes, hoists, and shared assets reduces downtime and minimizes scheduling conflicts across sites.**

#### Mobile-Enabled Operations

**Digitized bookings and approvals, combined with mobile tools for gate teams and site staff, reduce manual work and keep site access and daily operations running smoothly.**

#### Full Visibility and Data Control

**A single source of truth for site activity and asset usage, delivered through real-time dashboards and reporting, providing clear visibility and full control over your operational data.**

# Are manual logistics slowing down your project?
