Valkyrie BioScience Appoints Former VistaApex CEO Scott Lamerand to Board of Directors

LINDON, UT – May 11, 2026 – [Valkyrie BioScience](#), an advanced medical imaging company specializing in next-generation X-ray technologies and AI-enabled diagnostic tools, today announced the appointment of **Scott Lamerand** to its Board of Directors. Lamerand joins the board following a transformative six-year tenure as Chief Executive Officer of [VistaApex Solutions](#), where he led the company through significant global scaling and a successful acquisition by [Behrman Capital](#).

Lamerand brings nearly 30 years of executive leadership and technical expertise in chemistry and dental materials to the Valkyrie board. His appointment aligns with Valkyrie's mission to deliver [future-ready imaging tools](#) that bridge the gap between diagnosis and treatment.

"Scott's proven track record of scaling healthcare manufacturing organizations and his deep understanding of the dental industry's clinical needs make him an invaluable addition to our leadership team," said Michael Stevens, CEO at Valkyrie BioScience. "As we continue to roll out our **Lumos 3DX** imaging platform and expand our AI-driven diagnostic capabilities, Scott's strategic insights will be critical in driving our next phase of growth."

During his time at [VistaApex](#), Lamerand was instrumental in shifting the company's focus toward "total tooth" care solutions and fostering an innovation-first culture. Prior to becoming CEO, he founded **Apex Dental Materials**, which he grew into a premier industry player over 14 years. His career also includes leadership roles at **US Can**, **Alcan Packaging** and **Loparex**, where he managed technical R&D and commercial strategies.

"Valkyrie BioScience is at the forefront of a major shift in how clinicians use data and imaging to improve patient outcomes," said Lamerand. "I am excited to join this talented board and contribute to a company that is so clearly dedicated to pushing the boundaries of medical science and diagnostic clarity."

Lamerand holds an MBA in Marketing, Finance, and Business Strategy from the [Northwestern University - Kellogg School of Management](#) and a Bachelor of Science in Chemistry from the **University of Wisconsin - La Crosse**.

About Valkyrie BioScience

Based in Lindon, Utah, [Valkyrie BioScience](#) is an advanced medical imaging firm dedicated to developing high-resolution X-ray technologies. By combining proprietary hardware with AI-enabled software, Valkyrie provides intuitive tools designed to enhance diagnostic accuracy, reduce radiation exposure, and streamline clinical workflows for hospitals and dental practices worldwide.
