

# CAR\_VER MOBILE DETAILING

## Comprehensive Terms, Privacy, and Health & Safety Policies

### HEALTH & SAFETY & COSHH POLICY

#### **Introduction:**

Car\_ver Mobile Detailing is committed to safe and healthy working practices for all clients, the public, and staff. This policy addresses Health & Safety and COSHH (Control of Substances Hazardous to Health) compliance.

#### **COSHH Storage:**

- All chemicals are stored in a locked cabinet within our locked van during transport and when not in use.
- Each chemical container is clearly labelled, and safety data sheets (SDS) are kept on board.

#### **Chemical Usage Protocol:**

- Chemicals are monitored at all times during use and never left unattended.
- Only trained personnel handle chemicals in accordance with COSHH and manufacturer guidance.
- Personal protective equipment (PPE) is worn as appropriate.
- A spill kit & first aid kit is available in the van at all times.

#### **Environmental Commitment:**

- We use products regarded as environmentally friendly and biodegradable where possible, minimising potential run-off risks.
- All waste water and residues are contained and responsibly disposed of, in line with local regulations.
- No chemicals are released into public drains or waterways.

#### **Public Safety:**

- The work area is clearly marked and the public is kept at a safe distance throughout operations.
- High-pressure hoses and trailing cables are managed to prevent trip hazards.
- All accidents or incidents are logged and reported as required by law (RIDDOR).
