

# SmartBanner™ Enterprise Portals

Intranet built for banner-wide communication & collaboration

[www.ideapoint.ca](http://www.ideapoint.ca)

## What It Solves

**Scattered announcements & SOPs**

One searchable knowledge hub.

**Email-heavy collaboration**

Live doc editing, tasks, and project spaces.

**Info Hunting**

Role-based libraries for planograms, training videos, HR forms.

## Core Capabilities

**Communication**

- News, alerts, policy posts
- Personalised dashboards

**Collaboration**

- Real-time co-authoring & workflows
- SharePoint® or Joomla® back-end

**Control**

- Granular permissions, SSO, audit logs
- API/SmartHub integrations to POS, HR, BI

## Tech Snapshot

**Deployment**

Cloud or on-prem, scalable to 10 → 1,000+ users.

**Customization**

Drag-and-drop widgets, department workflows.

**Security**

Enterprise-grade with encryption & access controls.

Turn your intranet into the **heartbeat**  
of your banner
