Lausanne, 18 July 2025

## Deadlines Calendar – IB Diploma Programme

Dear Parents,

We are at the beginning of the final year of your child's International Baccalaureate (IB) cycle and we would like to take this opportunity to thank you for the trust you have placed in us.

As you probably already know, the Extended Essay, the Theory of Knowledge, the CAS programme and the Internal Assessment Papers are specific to the IB diploma. In order to provide our students with the best possible support, we have, throughout this past year, informed them about the objectives of these assignments.

The Extended Essay is a large personal research paper (4,000 words) related to one of the IB subjects. It is carried out under the supervision of a teacher. The nature and amount of the internal assessment works are specific to each subject.

As a result, you may understand that the year 2025/2026 will be partly devoted to the finalisation of these Internal Assessment works. We would therefore like to avoid overloading our students with too much work due to the often poor management of the deadlines imposed by the IBO.

In order to make it easier for our students, we have established an internal calendar with all the deadlines that you will find attached. This schedule should allow you, dear parents, to keep track of your children's work. We thank you for your precious collaboration.

We also inform you that the official registration for the May 2026 exams, which will be invoiced at the beginning of the school year, has been set for Friday 17 October 2025.

The Class Teacher, the IBDP Coordinator and all the IB teachers are at your disposal for further information and wish you a pleasant summer.

Yours sincerely,

Isabel Matos  
Financial and Administrative  
Director

Nicolas Catsicas  
Managing Director  
General Director  
IB2 Class Teacher

Gaetan Franzini  
IBDP Coordinator

Appendix: Deadlines Calendar for IB2 Students 2025/2026

# Calendar 2025/2026

## International Baccalaureate Diploma Programme Y2

The respect of deadlines and the submission of reports are imperative conditions for a student's registration for the exams, since the Internal Assessment Papers are an integral part of the final grade obtained in the official session of the International Baccalaureate examinations. The deadlines given below are indicative and may be modified by teachers during the year.

|                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|--------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Beginning of<br>September 2025 | <u>Extended Essay</u> : submission of the first version, Review of the work done during the holidays and evaluation by the teachers.<br><u>Geography</u> : submission of the Fieldwork version 2<br><u>Visual Arts</u> : submission of the "Comparative Study" version 1<br><u>Maths</u> : submission of the IA paper version 1<br><u>Economics</u> : submission of the 2 <sup>nd</sup> IA work<br><u>Chemistry and Physics</u> : writing up of the first sections of the Personal Investigation |
| End of<br>September 2025       | <u>Exp. Sciences</u> : defining a theme for Project 4<br><u>Biology</u> : submission of the first complete version of the Personal Investigation                                                                                                                                                                                                                                                                                                                                                 |
| Important Reminder             | The validation of the 2nd session of the Extended Essay, as well as the submission of the work mentioned above and of the portfolio of CAS activities are imperative conditions for the student's registration for the May exams.                                                                                                                                                                                                                                                                |
| Beginning of<br>October 2025   | <u>CAS</u> : work progress monitoring                                                                                                                                                                                                                                                                                                                                                                                                                                                            |
| End of October 2025            | <u>Exp. Sciences</u> : submission of the Project 4 report and public presentation<br><u>Visual Arts</u> : submission of the "Portfolio" version 1<br><u>Chemistry and Physics</u> : submission of the Personal Investigation version 1                                                                                                                                                                                                                                                           |
| Beginning of<br>December 2025  | <u>Geography</u> : submission of the Fieldwork final version<br><u>History</u> : submission of the final IA paper<br><u>Biology</u> : submission of the final version of the Personal Investigation                                                                                                                                                                                                                                                                                              |
| Mid-December 2025              | <u>Maths</u> : submission of the final IA paper<br><u>TOK</u> : submission of the Written Assignment                                                                                                                                                                                                                                                                                                                                                                                             |
| Beginning of<br>January 2026   | <u>Extended Essay</u> : submission of the final EE and 3 <sup>rd</sup> session RPPF<br><u>Languages A HL</u> : submission of the Written Assignment<br><u>Economics</u> : submission of the 3 <sup>rd</sup> IA work                                                                                                                                                                                                                                                                              |
| End of January 2026            | <u>Chemistry and Physics</u> : submission of the final version of the Personal Investigation                                                                                                                                                                                                                                                                                                                                                                                                     |

|                                               |                                                                                                                                                                |
|-----------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Before the February holidays                  | <u>Visual Arts</u> : Submission of the final “Portfolio”, “Comparative Study” and “Curatorial Rationale”<br><u>CAS</u> : submission of the final CAS portfolio |
| 1 March 2026                                  | All assignments are emailed to the coordinator for final submission to the IB.                                                                                 |
