

Conditions and information regarding the rates applied

ENSR proposes a personalized door-to-door bus service under optimal conditions.

The **standard rate** is applied to students who register for the entire week (mornings and afternoons), either for all outward trips (5 journeys), or all returns (5 journeys) of the week.

The single journey system has a slightly higher rate per trip – please see the scale below:

Surcharge scale for the single journey system (as a percentage of the full week):

5 outbound or/et 5 returns per week	100%
4 outbound or/et 4 returns per week	90%
3 outbound or/et 3 returns per week	75%
2 outbound or/et 2 returns per week	60%
1 outbound or/et 1 return per week	45%

For example: If you live in Le Mont-sur-Lausanne and your child takes the bus 5 mornings and 3 afternoons:

mornings: $5 \times 12.05 = 60.25$

afternoons: $(5 \times 12.05) \times 75\% = 45.20$

Total: CHF 105.45 per week

For destinations beyond the areas normally served, a **“special rate”** (to be requested before registration) is applied. This rate will depend on the number of students interested and on the costs incurred by trips to such destinations.

Registration is taken for a minimum of one trimester. It is automatically renewed for the following trimester, unless a written notice is given before Christmas or the Easter holidays.

- ❖ All changes to the information provided, such as contact person or bus pick up location, are to be communicated to the school in writing.

N.B.:

- Kindly familiarize yourself with the attached price list before completing the application form.
- Please be aware that in case of road closures (due to heavy snowfall for example), the school is obliged to cancel the bus service in order to guarantee your child's safety. In such cases, the school does not provide refunds for the cancelled service.
- For this school year the bus service will run from Monday 31 August 2026 until Friday 25 June 2027.
