

LIVE IT AI STICKER BOOTH

Create your custom Live It sticker

Choose an activity and step in for a portrait. Your photo is combined with activity-specific outdoor imagery using an AI-assisted double-exposure process, then printed as a custom circular sticker for you to take home.

Example sticker — your portrait combined with activity-specific outdoor imagery.

01

CHOOSE

Select an outdoor activity.

02

POSE

Step in front of the camera for a quick portrait.

03

CREATE

Your portrait is combined with activity-specific outdoor imagery.

04

PRINT

Receive your custom circular sticker.

HOW THE AI WORKS

What happens inside the system after your portrait is taken.

01 — YOUR PORTRAIT

The camera captures a photograph of you.

02 — AI-GENERATED IMAGERY

Your chosen activity is matched with an outdoor scene created using generative AI and selected from a curated image library.

03 — DOUBLE EXPOSURE

Your portrait and the outdoor image are combined into a layered composition that keeps your silhouette recognizable.

04 — FINAL STICKER

The completed artwork is formatted as a circular image and printed for you to take home.

AI IS USED AS A CREATIVE IMAGE-MAKING TOOL

The final sticker is built from your actual portrait and a curated activity image. The system does not score your appearance or athletic ability.

CHOOSE YOUR ACTIVITY

14 OPTIONS

 OUTDOOR CLIMBING	 BOULDERING	 ICE CLIMBING	 TRAIL RUNNING	 HIKING	 CAMPING	 SKIING
 SNOWBOARDING	 SNOWSHOEING	 MOUNTAIN BIKING	 ROAD CYCLING	 KAYAKING	 PADDLEBOARDING	 YOGA

YOUR PHOTO + PRIVACY

Your photo is used only to generate your sticker. It is processed on-site and is not stored, shared, or retained after your sticker is printed.
