#### Duties and Responsibilities

- Inspect and test trucks and coach systems to diagnose faults and malfunctions
- Perform routine maintenance (oil changes, lubrication, brake adjustments, etc.)
- Repair or replace defective parts, components, or systems
- Conduct engine diagnostics and electrical system troubleshooting
- Perform brake, suspension, and transmission repairs
- Use diagnostic tools and equipment to identify issues
- Maintain accurate service records and documentation
- Ensure all work complies with safety regulations and company standards
- Maintain organized and tidy work environment including required tools for the job
- Wear appropriate personal protective equipment (PPE) at all times
- Comply with all company policies and procedures
- Work in accordance with all local health and safety laws and regulations
- Other duties as assigned

#### Qualifications

- Valid G driver's license
- High school diploma or equivalent
- Valid Truck and Coach Technician certification (310T)
- Previous experience working on heavy-duty trucks or commercial vehicles
- Strong knowledge of diesel engines, electrical systems, and hydraulics
- Ability to read and interpret technical manuals and schematics
- Experience with diagnostic software and tools
- Strong problem-solving skills and attention to detail
- Valid DZ drivers license is considered an asset
- 310S Automotive Service Technician license considered an asset
- Willingness to work afternoons
