

Consultation Notice: Private Purchase Hotham Island Crown Shoreline Reserve

Type: Dispositions under the Public Lands Act

PROJECT DESCRIPTION:

Sagamok has received a notice from the MNR of an application to purchase a Crown Shoreline Reserve on Hotham Island (see location below). Crown Shoreline Reserves (CSR) are lands kept public to manage shoreline development and allow for public access. However, Ontario has a policy to allow land owners to purchase these strips of land/shoreline in front of their parcels. CSR are no more than 30m in depth from the shoreline to the property.

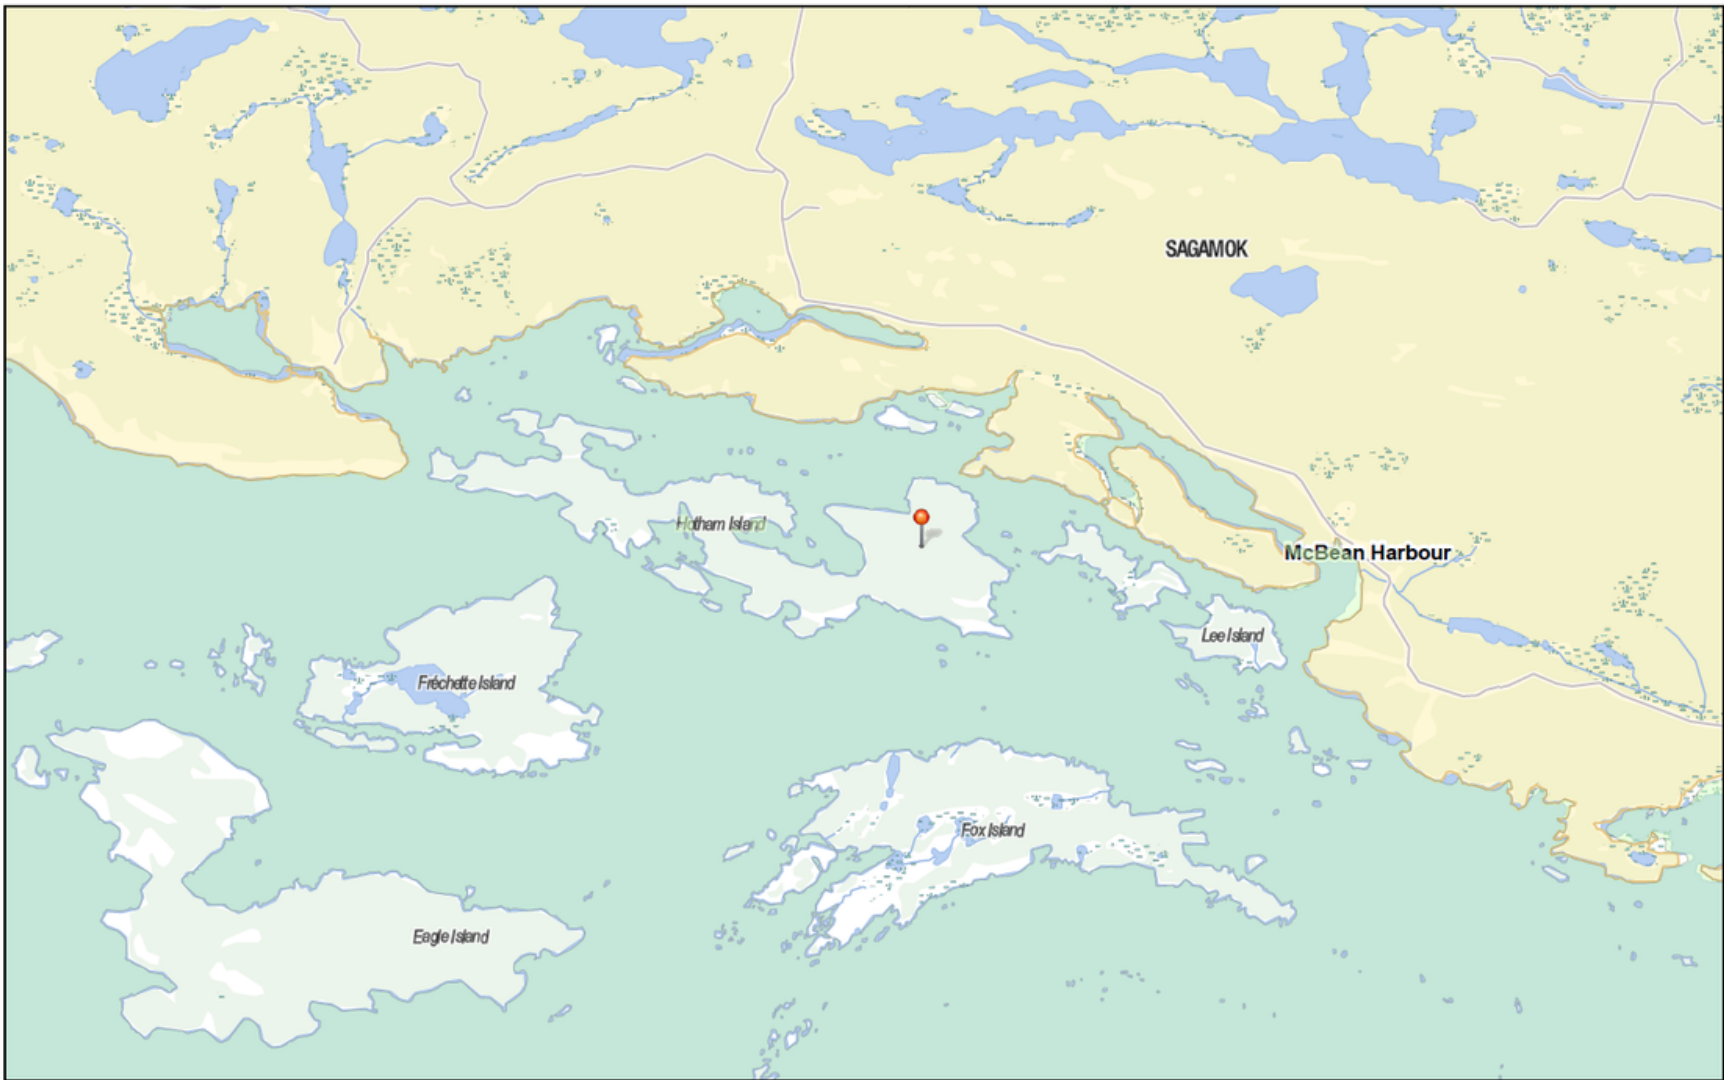

PROJECT LOCATION:

The portions of Hotham Island's Crown Shore Reserves that are being applied for are the shorelines for Parts 1-14 (not including part 8 as it does not have shoreline). See page 2 for the location of these specific areas which encircle the eastern section of the Island.
