AGREEMENT

THIS AGREEMENT, entered into this 1 day of October, 2020, between the **CITY OF TALLAHASSEE** (hereinafter referred to as the "City" or the "Employer") and the **BIG BEND CHAPTER OF THE FLORIDA POLICE BENEVOLENT ASSOCIATION, INC.**, (hereinafter referred to as the "PBA" or the "Association") and their successors and assigns:

PREAMBLE

WHEREAS, it is the intention of the parties to this Agreement to set forth the entire agreement of the parties with respect to matters within the scope of negotiations; **NOW, THEREFORE**, in consideration of the mutual covenants and agree as follows:

ARTICLE 1 RECOGNITION

- 1.1 The City hereby recognizes the Big Bend Chapter of the Florida Police Benevolent Association, Inc., as the exclusive representative for the purposes of collective bargaining with respect to wages, hours, and terms and conditions of employment for all employees in the bargaining unit.
- 1.2 The bargaining unit for which this recognition is accorded is as defined in the Certification issued by the Florida Public Employees Relations Commission on December 30, 1981 (Case No. RC-81-056) and includes all sworn police officers in the Tallahassee Police Department with the rank of Sergeant and Lieutenant and specifically excludes all other employees both sworn and unsworn, in the Police Department, managerial employees, confidential employees, and all other employees of the City of Tallahassee.

ARTICLE 2 NO STRIKE

- 2.1 "Strike" means the concerted failure of employees to report for duty; the concerted absence of employees from their positions; the concerted stoppage of work by employees; the concerted submission of resignations by employees; the concerted abstinence in whole or in part by any group of employees from the full and faithful performance of the duties of employment with a public employer for the purpose of inducing, influencing, condoning, or coercing a change in the terms and conditions of employment or the rights, privileges, or obligations of public employment, or participating in a deliberate and concerted course of conduct which adversely affects the services of the public employer; the concerted failure of

employees to report for work after the expiration of a collective bargaining agreement; and picketing in furtherance of a work stoppage. The term "strike" shall also mean any overt preparation including but not limited to the establishment of strike funds with regard to the above-listed activities.

- 2.2 Neither the Association, nor any of its officers or agents, nor members covered by this Agreement, nor any other employees covered by this Agreement, will instigate, promote, sponsor, or engage in, or condone any strike, sympathy strike, slowdown, concerted stoppage of work, unlawful picketing, or any other interruption of the operations of the City, regardless of the reason for so doing.
- 2.3 Each employee who holds a position with the Association occupies a position of special trust and responsibility in maintaining and bringing about compliance with this Article and the strike prohibition in F.S. 447.505 and the Constitution of the State of Florida, Article I, Section 6. Accordingly, the Association, its officers, stewards, and PBA representatives agree that it is their continuing obligation and responsibility to maintain compliance with this Article and the law, including their responsibility to abide by the provisions of this Article and the law by remaining at work during any interruption which may be initiated by others; and their responsibility, in event of breach of this Article or the law by other employees, and upon the request of the City; to encourage and direct employees violating this Article or the law to return to work, and to disavow the strike publicly.
- 2.4 Any or all employees who violate any provisions of the law prohibiting strikes or of this Article may be dismissed or otherwise disciplined by the City, and any such action by the City shall not be grievable or arbitrable under the provisions of Article 5 – Grievance Procedure.

ARTICLE 3 NO DISCRIMINATION/HARASSMENT AND RETALIATION

- 3.1 The City agrees to continue its policy of not discriminating against any employee on the basis of race, color, gender, sexual orientation, gender identity or expression, age, disability, marital status, veteran status, genetic information, religion, national origin, union membership or any other characteristic protected by law, including, but not limited to, claims made pursuant to Title VII of the Civil Rights Act, the Americans with Disabilities Act, the Age Discrimination in Employment Act, the Florida Civil Rights Act or any other similar laws, rules or regulations. Any claim of discrimination by an employee against the City, its officials or representatives, may be grieved under the provisions of Article 5 – Grievance Procedure, or the grievance procedure contained in City Personnel Rules and Regulations.
- 3.2 The Association shall not interfere with the right of employees covered by this Agreement to become or refrain from becoming members of the Association, and

the Association shall not discriminate against any such employees because of membership or non-membership in any employee organization.

- 3.3 All references in this Agreement to employees of the male gender are used for convenience only and shall be construed to include both male and female employees.
- 3.4 The Association and the City agree to support the principles of equal opportunity and promotion as prescribed by applicable state statutes and federal codes. The parties agree that intimidating, hostile or offensive language or conduct, based on a person's race, color, gender, sexual orientation, gender identity or expression, age, disability, marital status, veteran status, genetic information, religion, national origin or any other characteristic protected by law is unacceptable in the workplace.
- 3.5 Further, the Association and the City agrees to not tolerate any form of retaliation directed against an employee or other person who complains about such harassment or discrimination or who participates in any investigation concerning discrimination or harassment.

ARTICLE 4 CONSULTATION

- 4.1 The Chief of the Police Department and/or his designated representatives (up to a total of five [5]) shall meet and consult on an as needed basis but at least once per quarter, unless mutually waived by the parties, with five (5) representatives designated by the President of the Association on City law enforcement activities, on any matters which are not covered by this Agreement, and on questions relating to the implementation of this Agreement.
- 4.2 Each party shall submit an agenda to the other party at least seven (7) calendar days prior to each meeting date, and only agenda items will be discussed at the meeting; except with the mutual agreement of the parties, other items not on the agenda may be discussed.
- 4.3 It is understood that these meetings shall not be used for negotiation purposes.
- 4.4 Members of the bargaining unit who serve as Association representatives shall be excused without loss of pay for consultation purposes. Attendance at the consultation meetings outside of regular working hours shall not be deemed time worked.

ARTICLE 5 GRIEVANCE PROCEDURE

- 5.1 It is the policy of the City to encourage discussion on an informal basis between a supervisor and an employee of an employee complaint. Such discussion should be held with a view to reaching an understanding which will resolve the matter in a manner satisfactory to the employee, without need for recourse to the formal grievance procedure. An employee's complaint should be presented and handled promptly and should be resolved at the lowest level of supervision consistent with the authority of the supervisor.

5.2 Definitions

- (1) A "grievance" is defined as a dispute involving the interpretation or application of the provisions of this Agreement, except as exclusions are noted in other Articles of this Agreement.

If an employee has a grievance under this Collective Bargaining Agreement, the grievance must be filed under the provisions of this article of the Collective Bargaining Agreement only. Performance evaluations are not subject to the grievance procedure provided for in this article but shall be subject to the performance evaluation appeal procedure outlined in Article 18 – Performance Evaluations and Conditional Status.

- (2) As used in this Article, the term "employee" shall mean also a group of employees having the same grievance. In such event, one (1) employee shall be designated by the group to act as spokesperson and be responsible for processing the grievance.

A dispute involving the interpretation or application of a provision of this Agreement which gives a right to the Association as an employee organization may be presented by the Association as a grievance. Such grievance shall be initiated at Step 2 of this procedure, in accordance with the provisions set forth therein, within fifteen (15) days of the first occurrence of the event giving rise to the grievance.

Nothing in this Article or elsewhere in this Agreement shall be construed to permit the Association to process a grievance:

- (a) on behalf of any employee without his consent. An employee may consent to the Association filing a grievance on their behalf, while remaining anonymous; while understanding the ability to resolve the grievance may be terminally impeded unless their identity can be known, or
- (b) with respect to any matter which is the subject of a grievance, appeal, administrative action before a governmental board or agency, or court proceeding, brought by an individual employee or group of employees, or

by the Association.

- (3) The term "days" as used in this Article shall mean Monday through Friday, excluding any day observed as a holiday pursuant to Article 7 of this Agreement.
- (4) Where any provision of this Agreement involves responsibility on the part of the Association which, in the view of the City, is not being properly carried out, the City may present the issue to the Association as a grievance. If such grievance cannot be resolved by discussion between the City and the Association on an informal basis, the grievance shall be initiated at Step 2 of this procedure by the Director-Human Resources and Workforce Development and submitted in writing to the President of the Association. If not resolved within twenty (20) days following receipt by the Association of the written grievance, the City may submit the grievance to arbitration under the provisions of Section 5.4 (3) below.

5.3 Representation

- (1) Where Association representation is requested by the employee and the Association agrees to represent the employee, the employee's representative shall be a PBA Grievance Representative. Where Association representation is not requested by the employee or the Association declines to represent the employee, the employee's representative shall be any person of his choice. Representation by legal counsel is permissible at all steps; however, the grievant is required at the time of grievance submittal to advise the City of legal representation. If the employee is not a member of the union, it is the employee's responsibility to obtain a PBA representative, if desired.
- (2) The Association shall furnish to the City and keep up to date a list of employees and staff members authorized to act as PBA Grievance Representatives. Any employee who is designated as an Association Grievance Representative must be an employee in the bargaining unit.

5.4 Procedures

Grievances shall be presented and adjusted in the following manner:

(1) Step 1-Department Level

An employee having a grievance may, within the fifteen (15) days following the first occurrence giving rise to the grievance, submit the grievance in writing to the Police Chief in accordance with 5.6(3) setting forth specifically the complete facts on which the grievance is based, the specific provision or provisions of the Agreement allegedly violated, and the relief requested. The Chief or his designee and the Bureau Commander shall have a meeting with the employee, accompanied by his representative if the employee so desires, to discuss the grievance. The Chief or his designee shall communicate a

decision in writing to the employee and to the representative, if any, within fifteen (15) days following receipt of the written grievance. This is the final step in an oral reprimand. The grievance shall not proceed to Step 2 until deemed to be unresolved at Step 1 upon receipt of the written decision, expiration of the fifteen (15) day response period, or a mutually agreed upon extension has been exhausted.

(2) Step 2-City Level

If the grievance is not resolved at Step 1, the employee may submit the grievance in writing to the City Manager in accordance with 5.6(3) within fifteen (15) days after receipt of the decision at Step 1. The City Manager or his designee may have a meeting with the employee, accompanied by his representative if the employee so desires, to discuss the grievance. The City Manager or his designee shall communicate a decision in writing to the employee and to the representative, if any, within twenty (20) days following receipt of the written grievance. This is the final step in a dismissal hearing for an employee serving a probationary period, and it is the final step in a written reprimand.

(3) Step 3-Arbitration

If the grievance is not settled in accordance with the foregoing procedure, the employee or the Association, or the City as the case may be, may request arbitration by delivering written notice of intent to appeal to the other party no later than fifteen (15) days after receipt of the decision at Step 2 with a written statement of the specific provision(s) of this Agreement at issue. If the grievance is not appealed to arbitration within said fifteen (15) days, the City Manager's Step 2 answer shall be final and binding upon the aggrieved employee or the Association, as the case may be.

Within fifteen (15) days after receipt of the appeal to arbitration the parties shall jointly request the Federal Mediation and Conciliation Service, the sole function of that body being to assist in the selection of the arbitrator, to furnish a panel of seven (7) impartial arbitrators particularly skilled in matters involving local government employee relations. Both the City and the Association shall have the right to strike three (3) names from the panel. Within five (5) days after receipt of the list, the parties shall meet and alternatively cross out names on the list. Lot chance shall determine who shall cross out first.

Where there is a threshold issue regarding arbitrability, it is understood that in such cases the Request for Arbitration form shall be accompanied by a special request to the Federal Mediation and Conciliation Service for a panel of only three arbitrators who would be available for an expedited arbitration hearing on only the arbitrability issue. Another arbitrator shall be selected to hear the case on its merits. The hearing on this issue shall be limited to not

more than one (1) day, and the arbitrator shall be required to make a bench decision on the issue before the hearing is closed. The party losing the arbitrability issue shall pay the fees and expenses of the expedited arbitration.

The arbitrator shall issue his decision not later than thirty (30) days from the date of the closing of the hearings or the submission of briefs, whichever is later. The decision shall be in writing and shall set forth the arbitrator's opinion and conclusions on the issue(s) submitted and the appropriate remedy, if any. The arbitrator shall limit his decision strictly to the application and interpretation of the specific provisions of this Agreement, and he shall be without power or authority to make any decisions:

- (a) contrary to, or inconsistent with, adding to, subtracting from, or modifying, altering or ignoring in any way, the terms of this Agreement or of applicable law or rules or regulations having the force and effect of law;
- (b) limiting or interfering in any way with the powers, duties and responsibilities of the City under applicable law and the City Charter.

The decision of the arbitrator, if made in accordance with his jurisdiction and authority under this Agreement, shall be final and binding on the City, the Association, and the employees in the bargaining unit.

In reaching his decision in all cases, the arbitrator shall utilize a preponderance of the evidence standard of proof.

The arbitrator may fashion an appropriate remedy where he finds a violation of this Agreement, but no liability, monetary or otherwise shall accrue against the City, or the Association in cases arising under Section 5.2 (4) of this Article, prior to the date of the event which gave rise to the grievance. With respect to grievances involving transfer, demotion, suspension or termination of employment, the arbitrator shall not modify the City's disciplinary action unless he finds the City's action to be arbitrary or capricious. However, this shall not eliminate the proper cause provision contained in Article 21.

The fees and expenses of the arbitrator and the cost of a transcript (where both parties agree that a transcript is necessary or where a transcript is requested by the arbitrator) shall be borne by the losing party as determined by the arbitrator. In the event of a compromise award, the arbitrator's fee, expenses, and transcript cost, if any, shall be divided equally by the parties to the arbitration. Each party shall be responsible for compensating and paying the expenses of its own representatives and witnesses, except that the employee filing the grievance and a PBA Grievance Representative shall be excused without loss of pay if the arbitration hearing is held during their regular working hours.

5.5 Time Limits

- (1) Failure to initiate a grievance within the time limit in Section 5.4 above, shall be deemed a waiver of the grievance. Failure at any step of this procedure to submit a grievance to the next step within the specified time limit shall be deemed to be acceptance of the decision at that step. However, vacation time shall not be counted in determining time limits which apply to either party.
- (2) Failure at any step of this procedure to communicate the decision on a grievance within the specified time limit shall permit the employee, or the Association where appropriate, to proceed to the next allowable step. If Step 2 or Step 3 is the last step of the procedure which is available to the grievant, then a response by the appropriate reviewing authority will be provided.
- (3) The number of days indicated at each step should be considered as a maximum, and every effort should be made to expedite the process. However, the time limits specified in any step of this procedure may be extended, in any specific instance, by mutual agreement.

5.6 General Provisions

- (1) If a grievance arises from the action of the Police Chief, the grievance shall be initiated at Step 1. If a grievance arises from the action of an official higher than the Police Chief, the grievance shall be initiated at Step 2.
- (2) The written submission of a grievance to Steps 1 and 2 shall include a copy of the grievance form submitted at all the formal steps and the written decisions at each preceding step of the grievance procedure.
- (3) Grievances shall be filed by hand delivery, delivered to Employee Resources during normal business hours (8:00 a.m. – 4:00 p.m.) or by electronic mail sent to an account dedicated for receipt of grievances. Responses may be delivered by hand delivery or by electronic mail to the employee and the employee's representative.
- (4) There shall be no reprisals against any of the participants in the procedures contained herein by reason of such participation.
- (5) If a grievance meeting is held during the working hours of any required participant, such participant shall be excused without loss of pay for that purpose. Attendance at grievance meetings outside of regular working hours shall not be deemed time worked.
- (6) The filing or pendency of any grievance under the provisions of this Article shall in no way operate to impede, delay or interfere with the right of the City to take the action complained of, subject however to the final disposition of the grievance.

ARTICLE 6 HOURS OF WORK AND OVERTIME

6.1 Workweek

The normal workweek shall consist of forty (40) hours of actual working time. Actual working time shall include pre-approved personal leave under the following conditions:

- (1) Before the beginning of the workweek and before the employee is scheduled to work any extra hours during the forthcoming workweek, the employee requests and is authorized to take personal leave during the forthcoming workweek, in accordance with the department's established procedure, and
- (2) During the same workweek for which personal leave has been approved as described above, the employee is subsequently required to work extra hours on a scheduled workday and/or works on a regularly scheduled day off. For the purpose of this provision, extra hours are defined as time worked beyond the employee's normal work schedule for the day or working on a regularly scheduled day off.

Time off for non-pre-approved personal leave, sick leave, compensatory leave, military leave, administrative leave, and leaves without pay and suspensions shall not count as actual working time.

6.2 Overtime

All work in excess of the normal workweek which has been authorized by supervisory personnel shall be overtime and shall be compensated as follows:

- (1) Payment at time and one-half ($1\frac{1}{2}$) the employee's regular rate of pay when the number of hours actually worked during the workweek is at least forty (40), and payment at the employee's straight time base rate of pay when the number of hours actually worked during the workweek is less than forty (40); or
- (2) During the term of this Agreement, at the employee's option, compensatory leave equal to one and one-half ($1\frac{1}{2}$) times the number of overtime hours worked when the hours actually worked during the workweek are at least forty (40), and compensatory leave equal to the number of overtime hours worked when the hours actually worked during the workweek are less than forty (40) will be granted in lieu of payment. The amount of compensatory leave accrued shall not exceed eighty (80) hours. All overtime hours which would result in a compensatory leave balance in excess of eighty (80) hours must be paid according to the provisions of Section 6.2 (1) above.

Compensatory leave must be depleted before any vacation leave is granted, unless the employee will lose vacation leave due to the vacation leave carryover

rule.

Upon separation, employees will be paid for all unused compensatory leave.

6.3 Call Back

- (1) "Call back" is defined as requiring an employee to return to his work-station while on on-call status or for non-scheduled overtime assignments. Call back shall not include a return to work for reasons attributable to the employee (i.e., completion of reports, etc.).
- (2) If an employee is called back to work as defined in Section 6.3 (1) above, he shall be paid for all time worked but not less than two (2) hours at a rate of time and one-half (1 ½) his regular rate of pay. Each call back shall be a two (2) hour minimum.
- (3) Required court attendance that is continuous with the beginning or end of a regular shift shall mean any required court attendance that begins fifteen (15) minutes from the beginning or thirty (30) minutes from the end of the regular shift, in which case the employee is paid from the end or up to the beginning of his regular shift. Other required court attendance that falls outside these parameters would be treated as call back.
- (4) Call back shall not count as hours worked for the purpose of computing overtime pay.

6.4 On-Call

- (1) "On-call" is defined as that time, outside the normal working hours of the employee concerned, when the employee is otherwise considered to be off duty, but has previously been ordered by the Police Chief or his designee to be available to promptly return to work if called.
- (2) An employee on call is required to leave a telephone number where he can be reached or carry a pager (even if that means the employee must remain within a reasonable call-back radius).
- (3) In the event that an employee is required to be on call as defined in paragraph 6.4 (1) above, he shall be paid on the following basis:

Day	Amount
Weekday	1 hour
Saturday or Sunday	2 hours
Observed Holiday	2 hours

- (4) On-call status shall not apply to the Crisis Intervention and Special Response teams. On-call status shall apply to the TAC Team only when TAC Team members are officially notified and placed in on-call status by the TAC Team leader.

6.5 Special Event Assignments

- (1) Special events are generally defined as events which require pre-planning and coordination of personnel and other resources. All Special Event assignments shall be paid at the member's overtime rate regardless of the number of hours worked in the pay period (guaranteed overtime rate of pay).

Special Event Assignments are defined as:

- a. All college football games
 - b. Celebrate America (4th of July event)
 - c. Springtime Tallahassee
 - d. Winter Fest Parade
 - e. Veteran's Day Parade
 - f. FAMU Homecoming Parade
- (2) Employees who are required to work overtime to cover special events shall be given at least fourteen (14) calendar days' notice of such assignments except in cases of emergency or when the City does not have at least seventeen (17) calendar days' prior notice of such events. Any violation of this notice requirement shall be grievable under the provisions of Article 5 – Grievance Procedure but shall not be grievable under the City's grievance procedure. In the event the grievance is resolved in favor of the employee, the disputed hours will be counted as working time for the purpose of computing overtime during the pay period in which the violation occurred.

6.6 Working Out of Classification

An employee covered by this Agreement who is required by management to work in an "acting" capacity in a higher classification for a period of more than two (2) weeks shall be paid a differential of five percent (5%) over his base rate of pay starting with the first day so worked.

6.7 K-9 Officers

Police officers assigned to the K-9 unit will be permitted six (6) hours per week from their work schedule to care for and groom their dogs. The training for the handlers of K-9 dogs will take place during duty hours. The City will provide spraying for fleas in the officers' homes once a month year-round. The City will provide carpet cleaning in the officers' homes twice a year.

6.8 Shift Realignment

Every effort will be made to provide employees with as much advance notice as possible prior to shift realignments. Except in cases of emergency or when changes must be made to accommodate employee requests, the shift realignment schedule shall be posted at least fourteen (14) calendar days in advance of the realignment.

6.9 Shift Differential

- (1) When a bargaining unit member's shift begins between the hours of 1200 hours to 1700 hours, the member will be compensated for an additional twenty-five cents (\$0.25) per hour for all hours recorded for that shift.
- (2) When a bargaining unit member's shift begins between the hours of 1700 hours to 0500 hours, the member will be compensated for an additional fifty cents (\$0.50) per hour for all hours recorded for that shift.
- (3) Special Event Assignments are exempt from these provisions in this section.

ARTICLE 7 HOLIDAYS

7.1 Designated Holidays

The following holidays are designated as paid holidays:

New Year's Day
Martin L. King Day
Memorial Day
Independence Day
Labor Day
Veterans' Day
Thanksgiving Day
Friday after Thanksgiving
Christmas Day

If the City Manager designates any additional day as a holiday for all other City employees, the same holiday shall be recognized for employees in the bargaining unit.

7.2 Holiday Observance

If any of these holidays falls on Saturday, the preceding Friday shall be observed as the holiday, or if any of these holidays falls on Sunday, the following Monday shall be observed as the holiday.

7.3 Holiday Compensation

- (1) Eligible employees shall receive eight (8) hours of holiday compensation for each designated holiday as defined below.

(a) An employee shall receive holiday pay:

(i) for hours the employee works on an observed holiday. The rate of pay shall be one and one-half times ($1 \frac{1}{2}$) the employee's base pay and shall not exceed eight (8) hours; or

(ii) when a holiday is observed on the employee's regular scheduled day off and the employee does not work. The rate of pay shall be at the employee's straight time and shall not exceed eight (8) hours.

All holiday pay shall be in addition to the employee's base pay. Holiday pay hours shall not be counted as working time for the purpose of computing overtime.

Example for 1(a)(i): An officer works ten (10) hours on a holiday. The employee will receive ten (10) hours of pay in accordance with Article 6.2 for the actual hours worked and eight (8) hours of holiday pay at one and one-half ($1 \frac{1}{2}$) times the employee's base pay. The eight (8) hours of holiday pay will not count as working time for the purpose of computing overtime.

Example for 1(a)(ii): The observed holiday falls on the employee's regular scheduled day off and the employee does not work. The employee shall receive eight (8) hours of holiday pay at his straight-time rate of pay, which will not count as time worked for the purpose of computing overtime.

- (b) An employee shall receive holiday leave/observed holiday pay, not to exceed eight (8) hours, when a holiday falls on an employee's regular scheduled workday and the employee observes the holiday. All holiday leave/observed holiday pay hours shall be included in the employee's base pay and shall be counted as working time for the purpose of computing overtime.

Example for 1(b): An officer observes a holiday on his regular scheduled workday. The officer receives eight (8) hours of holiday leave/observed holiday pay, which counts as working time for the purpose of computing overtime. (See 4 below for employees who work a ten [10] hour workday).

- (c) A combination of holiday pay and holiday leave. The combined total number of holiday pay and holiday leave/observed holiday pay shall total eight (8) hours. The holiday pay hours shall be in addition to the

employee's base pay and shall not be counted as working time for the purpose of computing overtime. The holiday leave hours shall be included in the employee's base pay and shall be counted as working time for the purpose of computing overtime.

Example for 1(c): An employee observes a holiday that falls in his regular scheduled workday; however, the employee works five (5) hours. The officer will receive holiday compensation in the amount of five (5) hours holiday pay at one and one-half (1 ½) times the employee's base pay (does not count as working time for purpose of computing overtime).

- (d) An employee who works a partial work schedule (workday) on the observed holiday on his regularly scheduled day off shall receive compensation for the actual hours worked in accordance with article 6.2. In addition, the employee shall receive eight (8) hours of holiday compensation as follows:

- (i) At time and one-half (1 ½) rate for the number of hours equal to the actual hours worked, and
- (ii) At straight-time rate for the difference between eight (8) and the actual number of hours worked.

Example for 1(d)(i)(ii): An employee is on a regular scheduled day off (RDO) on the holiday; however, the employee works five (5) hours on a project. The employee will receive five (5) hours of pay in accordance with article 6.2 for the actual hours worked. The officer will also receive holiday compensation in the amount of five (5) hours holiday pay at one and one-half (1 ½) times the employee's base pay (does not count as working time for the purpose of computing overtime) and three (3) hours of holiday pay at straight time (does count as working time for the purpose of computing overtime) for a total of eight (8) hours of holiday compensation.

- (2) When a designated holiday is observed on a date other than the actual date of the holiday, an employee who is in a position to observe the holiday and is scheduled to work on the actual holiday shall elect in advance whether he will receive holiday compensation for the observed holiday or for the actual holiday.

Example for 2: A holiday falls on a Sunday and the city observes the holiday on Monday. The officer is scheduled to work the actual holiday and the observed holiday falls on his regular scheduled day off. The officer selects to receive holiday compensation for Sunday, the actual holiday.

- (3) If an employee's workday begins on one day and carries over to the next (e.g., Friday night and Saturday morning), and the day on which the workday

begins is designated as a holiday, the employee's entire workday will be considered as occurring on a holiday. Conversely, if the workday begins on a day that is not a holiday and ends on a day that is designated a holiday, the employee's entire workday or any portion thereof will not be considered to have occurred on the holiday.

- (4) An employee who is scheduled to work on an observed holiday but is on approved personal, sick, military or administrative leave shall receive eight (8) hours of holiday leave/observed holiday pay at his straight-time rate of pay and he will be charged for one (1) of the above leaves only for those hours taken in excess of the eight (8) hours observed for the holiday.

Example for 4: An officer working a ten (10) hour shift who is scheduled to work on a holiday and calls in sick will receive eight (8) hours of holiday leave (which will count as working time for the purpose of computing overtime) and two (2) hours of sick leave (which will not count as working time for the purpose of computing overtime).

- (5) An employee who is on approved leave without pay for a period exceeding two consecutive workweeks immediately prior to, immediately following, or encompassing the holiday shall not receive holiday pay for the observed holiday.

ARTICLE 8 PERSONAL LEAVE

8.1 Personal Leave Accrual

Employees in the bargaining unit shall accrue personal time on the following basis:

Continuous Service Months	Hours/Minutes Weekly
Completion of 0 - 60 Months (0-5 Years)	1:51
Completion of 61 - 120 Months (5-10 Years)	2:19
Completion of 121 - 180 Months (10-20 Years)	2:46

Once an appeal reaches the level of the Police Chief, the decision made at that level shall be final.

Therefore, it is understood that the City has the right to expect a high level of professional and personal conduct, both on-duty and off-duty, from all law enforcement personnel regardless of rank or assignment. Seniority is defined as the length of an employee's total service in the Police Department as shown in the Human Resources and Workforce Development Department records excluding any leaves of absence without pay of ninety (90) consecutive calendar days or more. Total service time with the department less all leave without pay over ninety (90) consecutive calendar days results in an employee's adjusted seniority date. Seniority shall be computed at a rate of one (1) point for each full calendar month of employment using the adjusted seniority date as the basis of the computation.

- 23.3 An employee may be entitled to Veterans' Preference as set forth in FS 295, and shall have ten (10) points added to his total seniority if he qualifies under the City's Veterans' Preference Policy 702.06-F4 a. and b. - 23.4 The least senior employee in the Police Officer classification shall be on layoff. Should there be ties in length of service in the department after considering veterans' preference points, then the ties will be broken after considering all official performance evaluations of each affected employee as contained in Human Resources and Workforce Development Department records. The performance evaluations will be scored and the employee(s) with the lowest score(s) will be subject to layoff. The City will provide a thirty (30) calendar day notice to employees on layoff.
- 23.5 A laid-off employee shall have recall rights to the Police Officer classification he held before the onset of the layoff procedure for a period of twenty-four (24) months following layoff. Such recall rights shall consist of the right to return from layoff to a vacant position in the Police Officer classification over new applicants. Recall will be made by certified mail to the address maintained in the Police Department records and specified at the time of layoff. This address may be updated by the employee by certified mail, return receipt requested. The recall notice must be answered within fourteen (14) calendar days of its receipt. Failure to respond to recall within the time stipulated shall result in termination from the Police Department.

The laid off employee shall be eligible for continuation of group health insurance coverage subject to the provisions of the Consolidated Omnibus Budget Reconciliation Act (COBRA). A laid off employee who has earned a vested pension benefit may elect to leave his contributions, and the interest earned thereon, in the pension plan in order to receive a benefit payable at normal or early retirement, or he may elect to receive a refund of his contributions and the interest earned thereon. A laid-off employee who has earned a vested Matched Annuity Pension (MAP) Plan benefit may elect to leave all or a portion of his account balance in MAP in order to receive a benefit payable at normal or early retirement, or he may elect to receive a refund of his account balance. A laid-off employee who has not earned a vested pension benefit shall

The selection shall be made by the use of a scientifically valid method, such as a computer-based random number generator that is matched with the employee's social security, payroll, driver's license, or other comparable identifying number. Each employee shall have an equal chance of being tested under the selection

process used, and may be tested more than once, depending on the frequency that he is randomly selected.

The number of employees randomly selected for testing during a twelve (12) month period shall equal an annual rate of not less than fifty percent (50%) of the total number of bargaining unit members subject to testing. If the percentage rate for random drug and/or alcohol testing provided for in Chapter 705 of the City Administrative Policies and Procedures Manual is reduced during the term of this collective bargaining agreement, the percentage rate for random drug and/or alcohol testing provided for in this Article 25.3 (5) shall be amended in like manner.

This random testing shall only occur while the employee is on-duty, just prior to duty, or immediately upon completing a work period.

The bargaining unit may designate a representative to view any part of the random selection process, and the City will provide upon request any additional information relating to the computer-generated selection programs. The employee shall have the right to have present during the testing a representative of his choice, but the Department will not be required to wait more than thirty (30) minutes for such representative to arrive. In the event that the employee's initial representative is unable to serve, he may choose another representative, but in no event shall the Department be required to wait more than thirty (30) minutes.

- (6) Any employee who refuses to comply with a legitimate order for testing, who provides false information in connection with a test, or who attempts to falsify test results through tampering, contamination, adulteration, substitutions, or any other means shall immediately be removed from duty, placed on leave without pay status, and terminated from City employment.
- (7) Upon confirmation of a positive test result for an illegal controlled substance, the employee shall immediately be removed from duty, placed on leave without pay status, and terminated from City employment.
- (8) Upon confirmation of a positive test result for the illegal use or abuse of a controlled substance, the employee shall immediately be removed from duty, placed on leave without pay status, and subject to disciplinary action up to and including termination from City employment.
- (9) Upon confirmation of a positive test result for the presence of alcohol at a blood alcohol level of .04 or higher, the employee shall immediately be removed from duty, placed on leave without pay status, and terminated from City employment.

- (10) Employees have the option of reporting substance abuse problems directly to the Employee Assistance Program, absent involvement or knowledge by City staff. Under these conditions, it is the employee's responsibility through consultations with the Substance Abuse Professional, to take the appropriate measures (i.e., abstinence from usage, approved leave, request for leave without pay, etc.) to ensure he will not be detected "positive" on an alcohol test pursuant to a legitimate order for testing under this policy.

Under the qualifying criteria stated herein, an employee testing positive for alcohol pursuant to voluntarily submitting himself for rehabilitation shall not be disciplined for the initial positive result. However, the employee shall be subject to disciplinary action for any subsequent test results, or other violations of rules, policies and procedures unrelated to the positive test resulting from the voluntary rehabilitation.

- (11) Upon confirmation of a positive alcohol test, an officer will immediately be offered a one-time opportunity to provide a blood sample to be drawn for the purpose of supplementing the results of the original BAC as determined by a breath testing device. The blood sample will be analyzed, and the results held by the testing facility. The results will be retrieved from the testing facility and made available to the City, with a copy provided to the employee, only upon receipt of a written request from the employee within seven (7) calendar days of the original test.

The request for the test results by the employee will be submitted through the City Drug/Alcohol Program Coordinator within seven (7) calendar days from the original test on a designated form releasing the results to the City and acknowledging that the results of the blood test may be used in any disciplinary action emanating from the positive test result. The processing of the blood sample analysis will not impede the disciplinary process initiated by the initial positive test result.

The cost of the blood test will be borne by the City.

- (12) Employees who test positive for a controlled substance have a right to have their original samples retested at their own expense if a retest is desired. The employee must submit a verbal or written request for a retest to the City's Medical Review Officer (MRO) within seventy-two (72) hours of the time the employee is notified by the MRO of the positive results.

After receiving the request from the employee for a split specimen, the MRO must immediately provide written notice to the laboratory that tested the primary specimen, directing the laboratory to forward the split specimen to a second HHS-certified laboratory, documenting the date and time of the employee's request. The employee will be reimbursed, and disciplinary action reconsidered if the second test is negative.

Samples that yield positive results on confirmation must be retained by the testing laboratory in properly secure, long-term frozen storage for at least three hundred sixty-five (365) days.

- (13) The appropriate use of legally prescribed drugs and non-prescription medications is not prohibited. However, employees should use extreme caution when using any non-prescription medication which carries a warning label that indicates that mental functioning, motor skills, or judgment could reasonably be impaired. When taking such medications employees should seek medical advice, as appropriate, before performing work-related duties, and shall first notify their supervisor or a designated supervisor within the departmental chain of command, of any impairment which they may be experiencing.

When taking prescription medications, employees must seek specific advice from their physician that the substances in a prescription will not impair their mental functioning, motor skills, judgment, or their ability to perform their essential job functions. Before performing work-related duties, employees shall first notify their supervisor, or a designated supervisor within the departmental chain of command, of any actual or potential adverse effects which are occurring or which they have been advised may occur.

Upon being notified of actual or potential adverse effects from the substances in a prescription, the supervisor notified by the employee shall be responsible for either reassigning the employee to non-hazardous work tasks where possible or requiring the employee to take leave consistent with City policy.

- (14) In the interest of public and employee safety, and the professional image of City government, a police officer will be terminated from employment if found to be using any illegal controlled substances while on or off duty or if found to be illegally possessing, dispensing, or selling any controlled substances while on or off duty.

25.4 Alcohol and Controlled Substance Testing Procedure

Alcohol and drug testing shall be conducted in a manner to assure a high degree of accuracy and reliability and using techniques, equipment, and laboratory facilities which have been approved by the U.S. Department of Health and Human Services (DHHS), utilizing procedures implemented for workplace drug and alcohol testing programs by the U.S. Department of Transportation. Such rules and procedures shall be implemented with the consideration for the protection, dignity, privacy, and confidentiality of the individual employee throughout the testing process.

25.5 Drug Test Panels and Positive Drug Tests

- (1) For drug testing, the drugs that will be tested for include, but may not be limited to, cannabis, cocaine, opioids, amphetamines, and phencyclidine. Other controlled substances may be tested for if there is reasonable suspicion that an employee may be illegally using or abusing a controlled substance not currently part of the specified test panel. An initial drug screen will be conducted on each specimen. For those specimens that are not negative, a confirmatory Gas Chromatography/Mass Spectrometry (GC/MS) test will be performed. The test will be considered positive if the amounts present are above the following minimum thresholds as established by the DHHS:

Initial test cutoff levels:

<u>Substance</u>	<u>Nanograms per Milliliter</u>
Marijuana/Cannabis metabolite (THC)	50
Cocaine metabolite (Benzoylecgonine)	150
Opioids	
<i>Morphine</i>	2000
<i>Codeine</i>	2000
<i>Hydrocodone/ Hydromorphone</i>	300
<i>Oxycodone/ Oxymorphone</i>	100
<i>6-Acetylmorphine</i>	10
Phencyclidine	25
Amphetamine	500
Methamphetamine	500
Barbiturates	300
Benzodiazepines	300

These cutoff levels are subject to change by the Department of Health and Human Services as advances in technology or other considerations warrant identification of those substances at other concentrations. Such changes shall be communicated to the bargaining unit as soon as notice is received by the City.

All positive drug test results obtained from drug testing pursuant to this policy shall be reviewed and interpreted by a Medical Review Officer (MRO) prior to transmittal to the City. This review consists of a confidential interview with the employee to determine if there is an alternative medical explanation for the drugs found in the employee's specimen. If the employee provides appropriate documentation to the MRO that it is a legal and prescribed medical use of the prohibited drug, the drug test result is reported as negative to the City and no further action is required.

25.6 No Use of Tobacco Products

Any member of the bargaining on or after September 3, 1985, but prior to October 1, 1990, is prohibited from smoking tobacco on and off duty.

Smoking or the use of tobacco products is prohibited in any City of Tallahassee building or vehicle.

Violations of the no smoking/no tobacco use provisions of this Agreement shall result in further disciplinary action up to and including termination.

In conjunction with future wellness initiatives and health cost control measures, if the City imposes a requirement for nicotine screening to all employees participating in the City's Health Plan, the members of the bargaining unit participating in the City's Health Plan would be subject to nicotine testing.

25.7 Infectious Disease Prevention

Each employee will be provided with and utilize all personal protective equipment as required for infectious disease exposure which meets or exceeds the minimum standards established by the State Department of Health for the prevention of infectious diseases. Likewise, the City and the employee, whenever practical, will follow the required prophylactic procedures established with regard to any employee who is exposed to blood, other body fluids or infectious diseases. The City will provide training as required in infectious disease prevention, mitigation and exposure control.

25.8 Unless otherwise specified, employees violating the provisions of this Article shall be subject to progressive disciplinary action up to and including termination from City employment.

25.9 Modified Duty for Non-Work-Related Injuries/Illnesses

A temporary medical condition results from a condition which involves a reasonable expectation of recovery, is limited in duration, and is subject to periodic review of medical information. Individuals with temporary medical conditions are not regarded as individuals with disabilities pursuant to the Americans with Disabilities Act (ADA).

If a member's medical condition requires modification of assignment during the treatment period, the member must submit an official request for employer assistance. Under the ADA law and City Policy 1203, Reasonable Accommodation, the need for assistance on a temporary basis is considered impairment, and not a disability. The member's temporary assignment (s) will be based on the needs of the department and the work restrictions identified by the treating physician. The member must have TA/1 and TA/2 forms completed prior to their request being processed. These forms are available in the TPD Employee Resources Office. The Bureau Commander will identify placement as soon as possible. The member will be required to use sick or personal leave until the request process is complete. The member will not be returned to limited or full duty without proper authorization from the treating physician.

ARTICLE 26 INDEMNIFICATION

- 26.1** The City will provide a defense for, and indemnify, any employee who is made a party to any suit or proceeding, other than by an action of the City of Tallahassee, or against whom a claim is asserted by reason of his action(s) taken within the scope of duty or service as an employee of the City. Such indemnity shall extend to judgments, fines, and amounts paid in settlement, or any claim, suit, or proceeding, including any appeal. This shall protect the employee, who acted in good faith and in a manner which he reasonably believed to be in, or not opposed to, the best interest of the City.

The City's obligation under this Article is contingent upon prompt notification and cooperation with the City Attorney's office. Under normal circumstances an employee served with a complaint or otherwise formally advised that he is a party to a suit or proceeding shall notify the City Attorney's office within three calendar days.

ARTICLE 27 DUES CHECKOFF

27.1 Deductions

During the term of this Agreement, the City agrees to deduct on a biweekly basis Association membership dues and uniform assessments, if any, in an amount established by the Association and certified in writing to the City Human Resources and Workforce Development Department, from the pay of those employees in the bargaining unit who individually make such request on a written checkoff authorization form provided by the City. Such deduction will be made by the City beginning with the pay for the first full pay period following receipt of the authorization by the City. The Association shall advise the City of any uniform assessment or increase in dues in writing at least thirty (30) days prior to its

effective date.

This agreement applies only to the deduction of membership dues and uniform assessments, if any, and shall not apply to the collection of any fines, penalties, or special assessments.

27.2 Remittance

Deductions of dues and uniform assessments, if any, shall be remitted by the City to a duly authorized representative as designated in writing by the Association.

27.3 Insufficient Pay for Deduction

In the event an employee's earnings within any pay period, after deductions for withholding, Social Security, retirement, health insurance, and other priority deductions, are not sufficient to cover dues and any uniform assessments, it will be the responsibility of the Association to collect its dues and uniform assessments for that pay period directly from the employee.

27.4 Termination of Deduction

Deductions for Association dues and/or uniform assessments shall continue until either:

- (1) revoked by the employee by providing the City Human Resources and Workforce Development Department and Association with thirty (30) days written notice that he is terminating the prior checkoff authorization.
- (2) the termination of the authorizing employee, or the transfer, promotion, demotion of the authorizing employee out of this bargaining unit unless it is to another position where the Association is the certified bargaining agent.

27.5 Indemnification

The Association shall indemnify, defend and hold the City, its officers, officials, agents and employees, harmless against any claim, demand, suit or liability (monetary or otherwise), and for all legal costs arising from any action taken or not taken by the City, its officials, agents and employees in complying with this agreement. The Association shall promptly refund to the City any funds received in accordance with this agreement which are in excess of the amount of dues and/or uniform assessments which the City has agreed to deduct.

27.6 Exceptions

The City will not deduct any Association fines, penalties, or special assessments from the pay of any employee.

27.7 Dues Checkoff Authorization Form

The following form shall be used by employees who wish to initiate dues deduction:

Requests to address check-on will be made to the respective Bureau Commander at least twenty-four (24) hours in advance. The Bureau Commander has the discretion to approve/disapprove the request based on operational needs.

**ARTICLE 29
ASSOCIATION ACTIVITIES**

29.1 Restriction of Association Activities

Except as provided otherwise in this Agreement, no employee shall engage in Association activities of any kind during the time he is assigned to duty. No City equipment or vehicles shall be used for Association activities.

29.2 Leave of Absence to Assume Association Office

The Police Chief may approve a written request for an unpaid leave of absence for a period not to exceed one (1) year to become a full-time employee of the Association, provided such request shall not be unreasonably denied. Not more than one (1) employee shall be granted such leave at any one time.

**ARTICLE 30
ASSOCIATION BUSINESS**

30.1 Leave for Association Business

Members of the bargaining unit who are officials of the Association shall be granted time off for Association business when the absence does not interfere with the operation of the Police Department. Requests for such time off shall be submitted for approval to the Chief or his designee. Such request must include authorization from the Association President if the absence is to be covered by payments from the Association Time Pool.

30.2 Association Time Pool

At the beginning of each fiscal year, the PBA President will determine if the City shall deduct two (2) hours of available personal leave or compensatory time from each bargaining unit member and transfer the value of the hours to the Association Time Pool. The contribution of two (2) hours personal leave will correspond to the contributor's current base salary. The amount of money so contributed shall constitute the Association Time Pool.

30.3 Charges Against Association Time Pool

Association officials who are members of the bargaining unit and who have been authorized in writing by the Association President may charge their absences for Association business to the Association Time Pool without loss of straight time pay or benefits. The time used by such official shall be charged against the reserves in the Association Time Pool at the user's current base salary. Absences of thirty (30) minutes or less shall not be charged against the Association Time Pool and will be granted Association officials without loss of straight time pay or benefits.

30.4 PBA Business

PBA representatives shall have the right to request time off from the Association Time Pool for the purpose of conducting PBA business with the City of Tallahassee

including grievance hearings, contract negotiations, legislative body meetings regarding the resolution of collective bargaining impasse procedures and arbitrations, provided, however, that not more than three (3) such representatives shall have the right to receive such permission at any one time and provided, further, that the PBA gives the City at least twenty-four (24) hours advance notice, if possible, of the time desired off. Such requests shall be submitted to the Chief of Police and shall not be unreasonably denied. It is understood, however, that an employee may not request a PBA representative who is within that employee's direct chain of command, and that an employee will not be removed from duty to serve as a PBA representative when other equally qualified representatives who are not on duty are available.

30.5 Indemnification

The Association shall indemnify, defend and hold the City, its officers, officials, agents and employees, harmless against any claim, demand, suit or liability (monetary or otherwise), and for all reasonable legal costs arising from any action taken or not taken by the City, its officials, agents and employees in complying with this agreement. The Association shall promptly refund to the City any funds disbursed by the City under the provisions of this Article which are not covered by reserves in the Association Time Pool.

ARTICLE 31 TAKE HOME VEHICLES

31.1 The City will maintain the Take Home Vehicle program for the duration of the contract period.

31.2 Vehicle Assignment

Vehicle Assignment shall be under the terms and conditions specified in General Order 66, Vehicle Assignment and Operations.

31.3 Eligible Members

As of the effective date of this Agreement, all bargaining unit members who reside within a fifty (50) mile radius of the intersection of North Monroe and East Tennessee Streets shall have take-home vehicle privileges.

31.4 Work Status

Members are not eligible to partake in the Take Home Vehicle Program due to administrative leave or suspension without pay. The assigned marked vehicle will be parked at the Tallahassee Police Department for the duration of the aforementioned leave. Members on light duty may receive an assignment of an unmarked vehicle, if available.

31.5 Vehicle Maintenance and Safety

The City of Tallahassee shall maintain each vehicle to a professional standard of care, established by the Fleet Management Department and in accordance with best practices for emergency response vehicles for repairs, installations, replacement and maintenance. This is to include safety and mechanical function and maintenance of specialty and after-market equipment authorized and installed by the City.

It is the City's intent to maintain the professional appearance of the assigned vehicle to the standard established by the Chief of Police. Members are required to maintain the assigned vehicle in accordance with General Order 66, Section IV G. Vehicle Maintenance – General.

Marked Police vehicles used for Patrol or as a Primary Emergency Response Vehicle will be replaced or removed from regular use if it fails to meet the safety and mechanical standard established by the Fleet Management Department.

31.6 Grievance

Members having a grievance arising from the standard of care shall be presented and adjusted in accordance with Article 5, Grievance Procedure. Step 2 will be the final step in grievance process for issues arising under this agreement.

ARTICLE 32 MANAGEMENT RIGHTS

- 32.1** The Association agrees that the City has and will continue to retain, whether exercised or not, the sole and unquestioned right to operate and manage its affairs in all respects; and the powers and authority which the City has not officially abridged, delegated or modified by the express provisions of this Agreement are retained by the City. The rights of the City, through its management officials, shall include, but shall not be limited to, the right to determine the organization of City government; to determine the purpose of each of its constituent agencies; to exercise control and discretion over the organization and efficiency of operations of the City; to set standards for services to be offered to the public; to direct the employees of the City, including the right to assign work and overtime; to hire, examine, classify, promote, train, transfer, assign, and schedule employees in positions with the City; to suspend, demote, discharge, or take other disciplinary action against employees for proper cause; to increase, reduce, change, modify or alter the composition and size of the work force, including the right to relieve employees from duties because of lack of work, funds, or other reasons; to determine the location, methods, means, and personnel by which operations are to be conducted, including the right to determine whether goods or services are to be made or purchased; to establish, modify, combine or abolish job classifications;

to change or eliminate existing methods, equipment or facilities; and to establish, implement and maintain an effective internal security program.

- 32.2 The City has the sole authority to determine the purpose and mission of the City, to prepare and submit budgets to be adopted by the City Commission and to expend monies appropriated by the Commission as it shall deem advisable.
- 32.3 Those inherent managerial functions, prerogatives and policy-making rights which the City has not expressly modified or restricted by a specific provision of this Agreement are not in any way, directly or indirectly, subject to the grievance procedure contained herein.

ARTICLE 33 ENTIRE AGREEMENT

- 33.1 This Agreement supersedes and cancels all prior practices and agreements, whether written or oral, unless expressly stated to the contrary herein, and constitutes the complete and entire agreement between the parties, and concludes collective bargaining for its term, except as otherwise provided herein.
- 33.2 The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the City and the Association, for the duration of this Agreement, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated, to bargain collectively with respect to any subject or matter not specifically referred to, or covered in this Agreement, even though such subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time they negotiated or signed this Agreement. This provision shall be interpreted in light of the Florida Supreme Court decisions construing the parties' obligation to bargain, including *Palm Beach Junior College Board of Trustees v. United Faculty of Palm Beach Junior College*, 475 So. 1221 (Fla.) 1985.

ARTICLE 34 SAVINGS CLAUSE

- 34.1 If any provision of this Agreement, or the application of such provision, should be rendered or declared invalid, unlawful, or not enforceable, by any court action or by reason of any existing or subsequently enacted legislation; or if the appropriate governmental body, having amendatory power to change a law, rule or regulation which is in conflict with a provision of this Agreement, fails to enact or adopt an enabling amendment to make the provision effective, in accordance with F.S.

447.309 (3); then such provision shall not be applicable, performed or enforced. In such event, the parties shall meet within thirty (30) days in an attempt to modify the invalid provision of good faith negotiations. The remaining parts or portions of this Agreement shall remain in full force and effect for the term of this Agreement.

ARTICLE 35 NEGOTIATIONS

- 35.1** The Association agrees that all collective bargaining is to be conducted at the City Manager's level in the City of Tallahassee with City representatives designated for that purpose by the City Manager, as Chief Executive Officer. There shall be no negotiation by the Association at any other level of City government.

ARTICLE 36 DURATION

36.1 Term

This Agreement shall be effective as of the 1st day of October 2020 and shall remain in full force and effect through the 30th day of September 2023. If no agreement is reached on a successor agreement by September 30, 2023, then an impasse shall be declared, and statutory impasse procedures shall be invoked.

- 36.2** This Agreement shall remain in full force and be effective during the period of negotiation and may be extended in the manner set forth in the following paragraph.

- 36.3** In the event that the City and the Association fail to secure a successor agreement prior to the expiration date of this Agreement, the parties may mutually agree in writing to extend this Agreement for any period of time, provided that any such successor agreement will be effective as of the date agreed upon and will not necessarily be retroactive to the expiration date of this Agreement.

36.4 Termination

If either party desires to terminate this Agreement on its expiration date or during an agreed upon extension as provided in Section 36.3 above, written notice must be given to the other party not less than ten days prior to the desired termination date.

The Association and all bargaining unit employees recognize their continuing obligation, both with or without the existence of a collective bargaining agreement, to comply with the strike prohibition in F.S. 447.505.

36.5 Notices

Notices hereunder shall be given by registered or certified mail, and if by the City, shall be addressed to the Association at 300 East Brevard Street, Tallahassee, Florida 32301, and if by the Association, shall be addressed to the Manager-Human Resources, City Hall, Tallahassee, Florida 32301. Either party may by a like written notice change the address to which such notice shall be given. Notices shall be considered to have been given as of the date shown on the postmark.

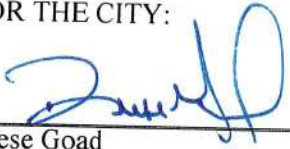

36.6 Emergencies

If it is determined that civil emergency conditions exist, including but not limited to, riots, civil disorders, hurricane conditions, or similar catastrophes, the provisions of this Agreement may be suspended by the City Manager during the time of the declared emergency, provided that wage rates and monetary fringe benefits shall not be suspended.

This policy is also intended to comply with all alcohol and drug testing directives as promulgated by the City Commission, alcohol and drug testing as directed through collective bargaining agreements, and all applicable Federal regulations governing workplace anti-drug programs. These Federal regulations, as promulgated, regulate mandatory urine drug testing, breath alcohol testing, standards for the collection and testing of urine and breath specimens, and the establishment of drug-free workplace policies and the reporting of certain drug related offenses to the Federal Government.

705.03 APPLICABILITY

This policy shall apply to all on-duty City of Tallahassee employees, off-duty City employees operating city vehicles or equipment, employees paid to be on-call or in call-back status, employed in either a temporary or regular position, except as excluded in the policy.

- A. Where there is an overlap or conflict in the application of this policy and Federal regulatory requirements, the requirements of the Federal regulatory requirements shall prevail and be followed. All Federal Transit Administration program requirements under FTA authority are found in [49 CFR Part 40](#), a copy of which is available for employee review upon request.
- B. Where there is an overlap or conflict in the application of this policy and the provisions of collective bargaining agreements, the collective bargaining agreement requirements shall prevail and be followed.
- C. Where there is an overlap or conflict in the application of the collective bargaining agreements and Federal regulatory requirements, the Federal regulatory requirements shall prevail and be followed.

705.04 DEFINITIONS AND TERMS

A. Alcohol Use

- 1. No City employee shall report for duty or remain on-duty or operate City equipment when his/her ability to perform assigned functions is impaired by alcohol. The use of beverages containing alcohol or alcohol based substances including any medication such that, after its use, alcohol is present in the employee at a level equal to or exceeding .02% Blood Alcohol Content (BAC) will require a departmental action and duty restriction or removal from duty as outlined in section 705.06(B) of this policy.
- 2. For employees in FTA-regulated safety sensitive positions as defined in K 1 (b) below, (certain job classifications as listed in Appendix A), the use of alcohol within 4 hours prior to performing a safety-sensitive function is prohibited. No employer having actual knowledge that a covered employee has used alcohol within four hours of performing a safety-sensitive function shall permit the employee to perform or continue to perform safety-sensitive functions.

705.01 STATEMENT OF POLICY

It is the policy of the City of Tallahassee to provide a safe, dependable, efficient, and drug free workplace for the citizens of Tallahassee. The City recognizes that employees are our most valuable resources and it is the City's goal to provide a safe and healthy work environment. In meeting these goals, it is the City's policy that the following behaviors are prohibited:

- A. City employees who are on-duty, on City property, or operating City vehicles or equipment shall not test positive for the illegal use or abuse of controlled substances or alcohol, or be impaired in their ability to perform their assigned duties in a safe, productive, and healthy manner by the use or abuse of alcohol or controlled substances.
- B. The unlawful manufacture, distribution, dispensing, possession, or illegal use/abuse of alcohol or controlled substances.
- C. Employees are encouraged to seek professional assistance anytime personal problems, including alcohol or substance use/abuse, adversely affects their ability to perform their assigned duties.
- D. The City of Tallahassee is committed to providing reasonable work accommodation to those employees who voluntarily participate in a rehabilitation program or whose drug and/or alcohol abuse classifies them as disabled under State or Federal law.
- E. Based on voluntary participation in a rehabilitation program, or the handicap designation, the employee will be retained if the City determines the employee's continued employment would not create a hazardous situation or threaten public confidence in the function of the department or the City.
- F. To achieve the City's goal of a workplace free from the illegal use and adverse effects of drug and alcohol abuse or misuse, the City will conduct analytical urine testing for controlled substances and breath testing for alcohol when circumstances warrant as required by Federal regulation, City policy, or collective bargaining agreement.
- G. When an employee is injured, disabled, or dies from an accident arising out of and in the course of his employment, and the injury, disability, or death is contributed to in any way by the impairment of the employee from alcohol or the illegal use or abuse of a controlled substance by the employee, the employee may not be eligible for workers' compensation benefits.
- H. Confirmed positive tests for alcohol or controlled substances will result at a minimum in a suspension, an evaluation by, and mandated compliance with the recommendations made by a Substance Abuse Professional (SAP), and compliance with a Conditions of Employment Agreement for employees who are returned to work after compliance with Phase I of the rehabilitation program. Depending upon individual circumstances, further disciplinary action up to and including termination from employment may be imposed.

B. Blood Alcohol Content (BAC)

Expressed as a percent in terms of grams of alcohol per 210 liters of breath as measured by an evidential breath-testing device.

C. Fatality

An industrial or motor vehicle accident involving a City employee on City business, or an off-duty City employee operating a City vehicle, that results in the loss of a human life.

D. Illegally Used Controlled Substances

Any illegal use, abuse, or illegally obtaining or possessing any substance identified in Schedules I through V of Section 202 of the Controlled Substance Act (21 U.S.C. 812). This includes, but is not limited to: marijuana, amphetamines, opioids, phencyclidine (PCP), and cocaine, as well as any drug not approved for medical use by the U.S. Drug Enforcement Administration or the U.S. Food and Drug Administration.

E. Impairment

When an employee is under the influence of alcohol, controlled substances, or over the counter medications to the extent that there is demonstrated a diminution of attention, judgment, coordination, motor skills/or control resulting in the inability to perform his/her job functions effectively and safely.

F. Occupational Accident

An incident arising out of and in the course of employment wherein there is a sudden and unexpected occurrence in a sequence of events, which produces unintended injury, death, or property damage.

G. Legal Drugs

A legal drug means that the employee has a prescription or other written approval from a physician or other authorized medical professional, i.e., nurse practitioner, for the use of a drug or controlled substance in the course of medical treatment. It must include the patient's/employee's name, the name of the substance, quantity amount to be taken, and the period of authorization. The misuse or abuse of legal drugs while performing City business is prohibited.

H. Medical Review Officer

The Medical Review Officer (MRO) shall be a licensed physician with knowledge of substance abuse disorders, and shall be responsible for reviewing and interpreting confirmed positive drug test results obtained through drug testing required by Federal regulations.

Role of the Medical Review Officer

The role of the Medical Review Officer is to review and verify laboratory confirmed test results obtained through an employer's testing program. When a non-negative drug test result is received, the MRO will communicate with the donor to determine if a legitimate medical explanation exists. When a legally prescribed medication has produced a non-negative result, the MRO will verify the prescription and report the result as "negative" to the City of

Tallahassee (COT). Medical conditions and other information obtained by the MRO during the interview with the donor will be maintained in a confidential manner. However, if the MRO believes that a medication prescribed to the donor may pose a significant safety risk, the MRO will require the donor to contact his/her prescribing physician and request that the physician contact the MRO within 5 business days. The MRO and prescribing physician will consult to determine if the donor's medication use presents a significant safety risk. COT will be notified by the MRO when the outcome of the consultation results in a determination that the donor's medication use presents a significant safety risk. If the donor's prescribing physician fails to respond, the safety concern will be reported COT without consultation. Based on the MRO recommendation, COT may deem the donor medically disqualified from performing safety-sensitive functions. The MRO assigned to review and verify laboratory drug test results for the City of Tallahassee is:

Unless otherwise specified, the City will pay for all alcohol/drug testing as required by Federal mandate, collective bargaining agreement, and this policy.

A. Compliance with Testing Requirements (Revised 15 November 2009)

1. All City employees and applicants for specifically designated positions are conditionally subject to urine drug testing and breath alcohol testing either as required by this policy or federal mandate. Upon notification that an alcohol/drug test is required, an employee or applicant for employment will report immediately, or as soon as possible after notification, to the designated facility for an alcohol breath test, or to the drug testing collection site and provide a specimen of his/her urine. The testing process for a random drug and/or alcohol test begins at the time the employee is notified to go to the collection site. The testing process for a pre-employment drug test begins when the applicant/employee has selected the collection cup from the technician at the collection site.
2. Refusal to Test
 - a. The following shall be considered a "refusal to test":
 - i. Failure to appear for a required test, other than a pre-employment drug test, or failure to proceed immediately to the testing facility when directed;
 - ii. Failure to remain at the testing facility until the testing process is complete; Provided, that an employee who leaves the testing site before the testing process commences (see §40.63 (c)) for a pre-employment test is not deemed to have refused to test;
 - iii. Failure to provide a urine or breath specimen for alcohol and drug testing; Provided, that an employee who does not provide a urine specimen because he or she has left the testing site before the testing

process commences (see §40.63 (c)) for a pre-employment test is not deemed to have refused to test;

- iv. Failure to provide a sufficient urine specimen for drug testing (45 ml. for DOT testing, 30 ml. for Non-DOT testing); or a sufficient breath sample, without a legitimate medical explanation;
 - v. Failure to undergo a medical evaluation as required by the Medical Review Officer (MRO) or Designated Employer Representative (DER) for drug or alcohol testing;
 - vi. Failure to cooperate with any part of the testing process, including but not limited to a verbal declaration of refusal, or any obstructive or confrontational behavior that disrupts the collection process, or any other action or inaction that prevents the drug and/or alcohol test from being administered;
 - vii. Failure to permit monitoring or observation of drug testing when so required;
 - viii. Failure to take a second test as directed by the collector or employer;
 - ix. A MRO's verification of a test as adulterated or substituted;
 - x. Failure to sign the certification at step 2 of the Alcohol Test Form for required alcohol testing;
 - xi. Failure to follow the collector's instructions for an observed collection per [49 CFR Part 40](#), as amended;
 - xii. Possession or wearing of a prosthetic or other device designed to interfere with the process for collecting a valid sample.
 - xiii. Admission to the collector or MRO that you adulterated or substituted the specimen.
- b. A refusal to take a DOT test is considered a DOT refusal, and consequences will be in accordance with DOT agency regulations. There are no consequences under DOT regulations for refusal to take a non-DOT test or to sign a non-DOT form. However, City policy, as contained herein, prescribes that the same consequences will apply for those in City-designated safety sensitive positions who refuse to take a non-DOT test.
- c. Any City employee who refuses to comply with a legitimate order for testing; who provides false information in connection with a test; or who attempts to falsify test results through tampering, contamination, adulteration, substitutions, or any other means, or who otherwise refuses to test as defined

in subsection (a) above, shall immediately be removed from duty, placed on leave without pay status, and terminated from City employment. They will not be eligible to apply for re-employment with the City for one year.

- d. Non-City applicants for employment who refuse to comply with the testing requirement, falsify or adulterate a urine specimen or who otherwise refuses to test as defined in subsection (a) above, will be denied employment with the City for one year.
3. Departments are responsible for ensuring that employees/applicants are instructed to proceed to the testing facility immediately upon notification, or as operational conditions permit. This communication should be noted for later reference as needed.
4. Pursuant to a legitimate request by a supervisor for an employee to submit to an alcohol/drug test, if the employee is exhibiting violent or threatening behavior, the supervisor should not attempt to transport the employee for testing, but should notify the Tallahassee Police Department or appropriate agency of law enforcement jurisdiction of the disturbance.

This disturbance may constitute a refusal to be tested, and an insubordinate action, and may be grounds for disciplinary action of not less than a suspension without pay, up to and including termination.

B. Alcohol Tests (Revised 08 April 2008)

Alcohol breath testing will be conducted in accordance with USDOT rule, 49 CFR Part 40. The test, expressed as a percentage, will measure the blood alcohol content (BAC) as defined in terms of grams of alcohol per 210 liters of breath. A second test will be conducted in all cases where the initial test measured a BAC above .000%, and action will be taken based on the BAC level of the second test as listed below.

1. The following are thresholds for alcohol testing along with the minimum mandatory employment action to be taken by departments:
 - a. BAC Level .002% - .019%
 - b. Employees testing at this level shall be prohibited from driving motor vehicles on City business, or operating hazardous equipment or machinery, until such time as their BAC is .000% Subsequent alcohol tests shall be taken to confirm that a reading of .000% has been obtained prior to the employee returning to duty.
2. BAC Level .020% - .039%
 - a. This is considered a LOW LEVEL TEST RESULT.

- b. Employees testing at this level shall be removed from duty and referred for an EAP assessment. Prior to returning to duty, the employee must agree to and sign a Conditions of Employment agreement, and must complete a return-to-duty breath alcohol, if recommended by EAP based on their clinical assessment.
 - c. In consideration of the totality of the circumstances involved, disciplinary action in accordance with Chapter 709, Disciplinary Action/Personnel Policy and Procedures, may be necessary at the discretion of the Department.
- 3. BAC Level .040% and higher
 - a. This is considered a POSITIVE TEST RESULT. -
 - b. An employee testing at this level shall immediately be suspended and placed on leave without pay status for a minimum of two weeks and subject to the conditions of Section 705.06 (H) of this chapter.

C. Pre-Employment Testing

- 1. The City will conduct pre-employment drug testing as required by Federal mandate, City Commission directive, or collective bargaining agreement.
- 2. Upon identifying the top applicant for employment for a position requiring alcohol/drug testing, the employing department shall make a conditional offer of employment to the candidate. The applicant shall be notified that he/she is the top candidate for the vacancy, and that only upon determination of a negative drug test result will the employment offer be confirmed.
- 3. Under no circumstances may a candidate begin work in a position requiring a pre-employment drug test until the negative results of the drug test have been communicated to the department via the Human Resources Drug Test Coordinator, and the employing department is notified that it may confirm the offer of employment.
- 4. Non-City employee applicants for regular or part-time positions identified as safety sensitive positions, requiring drug testing will be subject to a pre-employment drug test as required for the position after a conditional job offer has been made.
- 5. If an applicant tests positive or has previously tested positive with the City for alcohol or for the illegal use of controlled substances, they will be disqualified from employment with the City for one year, and must demonstrate successful completion of a recognized rehabilitation program prior to being considered for employment.
(Revised 8 April 2008)
- 6. City employees who are transferred to, promoted to, demoted to, or are applicants for regular or part-time positions identified as critical positions, safety sensitive positions, or positions governed by collective bargaining agreements requiring drug testing will

be subject to a pre-employment drug test as required for the position, except in the following situation.

- a. If the affected City employee is already in a critical position, safety sensitive position, or position governed by collective bargaining agreement prior to the promotion, transfer, or demotion, then a pre-employment drug test is not required.
 - b. If the City employee produced a confirmed positive drug test, he/she will be disqualified for employment in the applied for position and handled consistent with section 705.06 (H) of this policy.
7. Any City employee who is under the requirements of a Conditions of Employment Testing Agreement shall not be eligible for promotion, transfer, or assignment from a non-safety-sensitive to a safety sensitive position, or from a safety sensitive position to an alternate safety sensitive position until such time as the conditions of employment requirements are successfully completed. (Revised 14 Dec 2009)
 - a. If promoted or transferred from a safety-sensitive to a non-safety sensitive position, the employee must satisfy any existing Conditions of Employment Agreement while working in the new position.
 - b. If a former employee voluntarily resigned from City employment prior to successful completion of a Conditions of Employment Agreement, the former employee must provide an updated assessment from an Employee Assistance Professional or Substance Abuse Professional (as appropriate for the position) regarding successful rehabilitation prior to being rehired. If rehired, new Conditions of Employment may be imposed pursuant to the recommendations of the EAP/SAP provider.

(NOTE: Voluntary resignation is not intended to include resignation in lieu of termination for a Conditions violation.)
8. Upon being notified of a positive pre-employment test result, the Drug Testing Administrator or designee shall notify the hiring department of a positive drug test, which could not be cleared through documentation verifying that the positive test resulted from a controlled substance, which was legally prescribed or authorized by a physician.
9. All pre-employment drug tests must be conducted within 30 days prior to the date of hire. Tests conducted outside of the 30-day window shall be invalid for pre-employment purposes, and the applicant shall be re-tested.
10. Any employee in a safety sensitive position (excluding part-time workers in Parks and Recreation, Police Reserves, or Fire Reserves) who is out of work for an extended period of time, shall remain in the appropriate random testing pool and, should he or she be selected for testing, be sent for testing if they return to work during the testing

period. If they will not be returning to work in the testing period, an alternate shall be taken.

D. Random Testing (Revised 1/1/08)

1. For all employees in safety sensitive positions as defined in s. 705.04 K:
 - a. The City will conduct random unannounced alcohol/drug testing. A covered employee may be randomly tested anytime while on duty. Employees are subject to be randomly selected more than once or not at all during the annual period.
 - b. Random selection will be done through a computer generated selection process, with selection being on a numerically ordered basis. The number of tests conducted annually will be based on a number comprising up to 50% of the positions subject to testing, and will be spread throughout a twelve-month period. Employees can be tested for alcohol just before, during and immediately after performing a safety-sensitive function.
2. Safety sensitive employees in temporary seasonal positions in the Parks and Recreation Department will be tested at a rate of 50% of the active, working employees subject to testing on a quarterly basis consistent with section D(1b) above. A review of all active, working, safety sensitive employees will be made on a quarterly basis and a composite list developed that can be run consistent with section D(1b) above. All temporary seasonal employees selected must be tested within that quarter and consistent with 705.06A, "Compliance with Testing Requirements" and 1a above. An employee that works more than one season could potentially be selected more than once a year dependent upon whether their name is selected for more than one active, working quarter.

E. Reasonable Suspicion Testing

1. When there is reasonable suspicion based upon specific, contemporaneous, articulable observations concerning an employee's appearance, speech, behavior and/or body odor that the employee is using, under the influence of, or impaired by alcohol, or a controlled substance, the employee will be required to take an alcohol and/or drug test, depending on the specific knowledge or behaviors identified and articulated in the determination of reasonable suspicion.
2. Conditions which may constitute reasonable suspicion include, but are not limited to any of the following:
 - a. Slurred speech.
 - b. Odor of alcohol.
 - c. Inability to walk a straight line/staggering gait.

- d. A traffic crash or occupational accident which does not meet the conditions specified in section 705.04, but where one or more of the above factors is present.
 - e. Physical or verbal altercation.
 - f. Bizarre or erratic behavior.
 - g. Extreme lethargy or excitation.
 - h. Dramatic mood swings.
 - i. Information obtained from a reliable person with personal knowledge.
 - j. Observation of the ingestion or possession of alcohol or an illegal controlled substance as defined in Chapter 877 and 893, Florida Statutes, during working hours or while on City property, or while operating a City vehicle off-duty.
 - k. Possession of paraphernalia normally associated with improper, unauthorized, or illegal use of alcohol or controlled substances.
3. In accordance with federal regulations, a referral for a DOT reasonable suspicion test must be made by a trained supervisor.

F. Post-Accident Procedures and Testing (Revised 08 April 2008)

- 1.
 - a. The supervisor of a city employee involved in an occupational or traffic crash accident involving a City employee on City business, or an off-duty City employee operating a City vehicle or equipment, shall collect the facts regarding the incidents as soon as possible after being notified of the accident.
 - b. Based on these facts, the supervisor shall ensure that an appropriate post-accident alcohol and drug test is performed on any City employee involved in an accident while on City business or while operating a City vehicle, or equipment off-duty under the following conditions:
- 2. **DOT POST-ACCIDENT TEST** shall be conducted for accidents meeting either:
 - a. The FTA Post accident-testing thresholds, where either:
 - i. the accident is associated with the operation of a revenue vehicle and an individual dies as a result; or
 - ii. the employee's performance could have contributed and as a result of the accident, an individual suffers bodily injury and immediately receives medical treatment away from the scene of the accident; or
 - iii. the employee's performance could have contributed and the accident involves a bus and one or more vehicles involved in the accident incurs

disabling damage and is transported away from the scene by tow truck or other vehicle;

OR

b. **The FMCSA Post accident-testing thresholds**, where:

- i. The accident is associated with the operation of a vehicle which requires a Commercial Driver License (CDL) for lawful operation and an individual dies as a result; or
- ii. A Non-revenue vehicle operated by CDL holder with injury requiring medical treatment away from the scene AND employee receives a traffic citation; or
- iii. A Non-revenue vehicle operated by CDL holder WITH any vehicle towed AND employee receives a traffic citation.

OR

c. **The RSPA Post accident-testing threshold**, where:

- i. A gas pipeline accident results in a fatality (death); or
- ii. A gas pipeline accident results in property damage and/or gas lost equaling \$50,000 or more AND employee's actions could have contributed to accident.

3. **A NON-DOT POST-ACCIDENT TEST** shall be conducted for accidents meeting any of the following criteria:

- a. A vehicle accident which does not require a CDL or a non-vehicular occupational accident which results in a fatality (death); or
- b. Non-revenue vehicle accident, or a non-vehicular occupational accident, WITH serious injury AND employee's actions could have contributed to accident; or
- c. Any accident (including non-vehicle) not meeting any criteria defined above that results in property damage equaling or exceeding \$5,000 AND employee's actions could have contributed to accident.

4. The employee(s) to be tested will be tested as soon as possible following the accident, but not to exceed eight hours for alcohol testing and 32 hours for drug testing.

If for any reason an alcohol test is not administered within two hours following the accident, the Department shall maintain on record on the post-accident worksheet a record stating why the alcohol test was not administered within two hours. If the

alcohol test is not administered within eight hours following the accident, the Department shall cease attempts to administer an alcohol test and maintain record on the post-accident worksheet.

5. A City employee involved in a traffic crash whose performance either contributed to the accident or cannot be completely discounted as a contributing factor to the accident must refrain from alcohol use for eight hours following the accident, and may be tested during that period, whether on or off-duty, if the accident meets the criteria for post-accident testing defined above.
6. A City employee involved in a traffic crash while on-duty or operating a City vehicle off-duty must remain readily available for post-accident testing AND may not leave the accident scene until the law enforcement officer and/or the responding departmental supervisor have either initiated the alcohol/drug testing process as required, or released him indicating that alcohol/drug testing is not required.
7. An employee who leaves the accident scene in violation of subsection 705.06 (F)(6) without justifiable explanation and/or is not readily available for testing (including notifying the employer or employer representative of his or her location if he or she leaves the scene of the accident prior to submission of such test or prior to determining the need of the employee to submit to alcohol/drug testing), will be considered to have refused to submit to testing, and will be deemed to have tested positive and handled consistent with subsection 705.06 (H) of this policy.
8. Nothing in this section shall be construed to require the delay of necessary medical attention for the injured following an accident or to prohibit a covered employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident or to obtain necessary emergency medical care. If an employee is unavailable for testing immediately following a qualifying accident because of his arrest, hospitalization, or other need for medical treatment, the employee shall be required to provide a urine sample as follows:
 - a. If it is apparent that the employee will be hospitalized for less than 32 hours following a qualifying accident, the employee's supervisor upon notification of the employee's release from the medical facility shall direct him to go to the testing facility to provide a urine sample.
 - b. If it is apparent that the employee will be hospitalized for more than 32 hours following a qualifying accident, the employee's supervisor should contact the Drug Test Coordinator who shall arrange for personnel from the drug testing facility to go to the hospital to obtain the employee's urine sample within 32 hours following the accident.
 - c. If the employee is arrested and is released from jail within 32 hours following a qualifying accident, his supervisor shall instruct him to immediately go to the drug testing facility to provide a urine sample for testing.

9. If the employee does not meet the criteria for post-accident testing as specified in (F) (2) or (F) (3) above, the employee shall be treated for any possible injury, returned to duty, or sent home. The employee may be subject to disciplinary action for policy or legal infractions associated with the accident.
10. In the absence of conditions that meet those specified in (F) (2) or (F) (3) above, prior to allowing the employee to leave the accident scene, if the supervisor has reasonable suspicion to believe that the employee may be impaired by alcohol or a controlled substance, the supervisor shall send the employee for a reasonable suspicion test for alcohol and/or controlled substances, as per section 705.06 (E) of this policy.
11. Following the administration of a post-accident alcohol or drug test, the employee may be returned to duty so long as there is not a positive alcohol test result and there is no other reason to believe that the employee either has been using a controlled substance, or is otherwise impaired to drive or engage in potentially hazardous work operations.
12. Departments are responsible for ensuring that employees/applicants are instructed to proceed to the testing facility immediately upon notification, or as operational conditions permit. This communication should be noted for later reference as needed.

G. Drug Test Panels/Positive Drug Tests

1. For drug testing, the drugs that will be tested for include, but may not be limited to: marijuana, cocaine, opioids, amphetamines, and phencyclidine. Other controlled substances may be tested for if there is reasonable suspicion that an employee may be illegally using a controlled substance not currently part of the specified test panel. An initial drug screen will be conducted on each specimen.
2. For those specimens that are not negative, a confirmatory Gas Chromatography/Mass Spectrometry (GC/MS) test will be performed. The test will be considered positive if the amounts present are above the minimum thresholds established in 49 CFR Part 40, as amended.

All positive drug test results obtained from drug testing shall be reviewed and interpreted by a Medical Review Officer (MRO) prior to transmittal to the City. This review consists of a confidential interview with the employee to determine if there is an alternative medical explanation for the drugs found in the employee's specimen. If the employee provides appropriate documentation that it is a legitimate medical use of the prohibited drug, the drug test result is reported as negative to the City and no further action is required.

H. Consequences of Positive Alcohol/Drug Test Results and Negative Dilute Results

1. If the employee is a temporary employee or employee who has not successfully completed an initial probationary period, upon confirmation of a positive test result for the illegal use of a controlled substance, or for the presence of alcohol at a blood

alcohol level of .04 or higher, shall immediately be removed from duty, placed on leave without pay status, and terminated from City employment.

2. If the employee is employed in a safety sensitive position, upon confirmation of a positive test result for the illegal use of a controlled substance, or for the presence of alcohol at a blood alcohol level of .04 or higher, an employee in a safety sensitive position shall immediately be removed from duty, placed on leave without pay status, and terminated from City employment.
3. If the employee is employed in a non-safety sensitive position, upon confirmation of a positive test result for the illegal use of a controlled substance, or for the presence of alcohol at a blood alcohol level of .04 or higher, the employee shall immediately be removed from duty, placed on leave without pay status, and be subject to disciplinary action up to and including termination from City employment. At a minimum, the employee shall immediately be suspended and placed on leave without pay status for two weeks.

During this time, as a condition of continued employment, the employee will be referred for evaluation by a Substance Abuse Professional (SAP) to determine what assistance, if any, to assist the employee in resolving problems associated with substance abuse.

4. If the result is a negative dilute, an immediate retest under non-observed conditions will be required. The results of the second test will stand as the results of record.

I. Second Positive Test

For employees in non-safety sensitive positions who have previously tested positive for alcohol or the illegal use or abuse of controlled substances, any subsequent on-duty positive test for alcohol or the illegal use or abuse of controlled substances shall result in the employee being immediately removed from duty, placed on leave without pay status, and terminated from City employment.

Any employee who is terminated as a result of this policy shall be advised of the community treatment resources available to assist in the resolution of their alcohol/drug problems.

J. Cost of Treatment

The cost of any treatment or rehabilitation services, beyond the scope of services provided by the employee's benefit plan will be paid directly by the employee to the provider. Employees may use accumulated leave for which they are eligible, in any prescribed rehabilitation program, pursuant to the City's leave policy. This does not include or allow the use of accumulated leave during the term of suspension or leave without pay period.

K. Return to Duty

1. Alcohol/Drug Tests

- a. Prior to returning to duty, any City employee who previously tested positive for alcohol or illegal controlled substances on either:

- i. A fitness for duty test required subsequent to an off-duty alcohol- or drug- related criminal charge or an employee's Voluntary Rehabilitation request (as defined in s. 705.07(C)),
 - or,
 - ii. A reasonable suspicion test as defined in s. 705.06 (E) for a non-safety-sensitive employee, must comply with any conditions of employment agreement and/or rehabilitation program requirements recommended by a substance abuse professional (SAP).
- b. The employee will have a maximum period of eight weeks (56 calendar days) to produce a negative test for alcohol and controlled substances, and to be released for return to duty by the treatment counselor. If an employee does not produce a negative return to duty test and secure release by the treatment counselor within this period, the employee will be terminated from City employment.

2. Conditions of Employment Agreement

Pursuant to a non-safety-sensitive employee testing positive on an alcohol or drug test, and prior to returning to duty, the employee must agree to and sign a Conditions of Employment Agreement. This agreement should include, but is not limited to:

- a. A release to return to duty statement from the City's SAP.
- b. An agreement that a failure to produce a negative alcohol and drug test within 56 days following the initial positive test will result in the employee's termination.
- c. An agreement to unannounced random follow-up testing, as directed by the SAP. The number and frequency of such follow-up testing shall consist of at least six tests in the first 12 months following the employee's return to duty. Follow-up testing shall be evaluated annually, for a period not to exceed 60 months from the date of the employee's return-to-duty.
- d. An agreement to pay for all alcohol/drug tests conducted pursuant to the Conditions of Employment Agreement.
- e. An agreement to comply with all specified rehabilitation requirements.
- f. An agreement that a violation of the Conditions of Employment Agreement is grounds for further disciplinary action up to and including termination from City employment.
- g. An agreement that any subsequent on-duty positive alcohol or drug test will result in the employee's termination from City employment.

L. Notification of Arrest/Conviction (Revised 12/8/03)

A City employee is required to notify his supervisor within one business day if the employee has been arrested for or convicted of an alcohol or drug offense occurring at the workplace; or of any arrest, on or off-duty, for a felony or first degree misdemeanor in accordance with Section 706.09 E 1 of the Criminal History Policy, or if the employee's driver's license has been suspended or revoked for a drug or alcohol related offense and a valid driver's license is required for the job.

M. Legal Drug Use/Potential Impairment

1. Non-prescription medications

The appropriate use of legally prescribed drugs and non-prescription medications is not prohibited. However, employees should use extreme caution when using any non-prescription medication which carries a warning label that indicates that mental functioning, motor skills, or judgment could reasonably be impaired. When taking such medications employees should seek medical advice, as appropriate, before performing work related duties, and shall notify their supervisor of any impairment which they may be experiencing.

2. Prescription Medications

When taking prescription medications, employees must seek specific advice from their physician or a pharmacist that the substances in a prescription, or potential prescription interactions, will not adversely affect their ability to safely operate a motor vehicle, impair their mental functioning, motor skills, judgment, or their ability to perform their essential job functions.

Before performing work related duties, employees shall notify their supervisor of any actual or potential adverse effects which are occurring or which they have been advised may occur.

Upon being notified of actual or potential adverse effects from the substances in a prescription, the employee's supervisor shall be responsible for either re-assigning employees to non-safety sensitive or non-hazardous work tasks where possible, or requiring the employee to take leave consistent with City policy.

N. Retention of Samples and Re-testing of Positive Results

The following procedures are to be utilized in the retention and re-testing of all samples collected under the testing requirements of Federal regulation, City policy, or collective bargaining agreement.

1. Applicants or employees who test positive for a controlled substance have the right to have their original samples retested at their own expense. The applicant or employee must submit a written request for a retest to the City's Medical Review Officer (MRO) within 72 hours of the time the employee is notified by the MRO of the verified positive result.

2. They may request any laboratory to perform a retest as long as the testing laboratory is certified by the Department of Health and Human Services under the Department of Transportation (DOT) procedures which will be verified by the MRO. The employee or applicant will be reimbursed and reconsidered for employment if the second test is negative.
3. Samples that yield positive results on confirmation must be retained by the testing laboratory in properly secured, long term frozen storage for at least 365 days as required by Federal procedure.

705.07 EMPLOYEE ASSISTANCE PROGRAM (EAP)

A. Reasonable Accommodation

The City of Tallahassee is committed to providing reasonable work accommodation to an employee who voluntarily participates in a rehabilitation program or whose drug and/or alcohol problem classifies him as disabled under federal law.

B. EAP Assistance

The City's Employee Assistance Program (EAP) is available to assist employees with alcohol and drug problems. An employee seeking assistance may contact his supervisor, the EAP Coordinator or the EAP provider directly. An employee may also seek assistance through his health benefit plan.

C. Voluntary Rehabilitation (Revised 27 Sep 2010)

An employee in a safety sensitive position who is not under administrative or criminal investigation or arrest for an alcohol or drug related matter, who has not been notified by his department to comply with a legitimate order for testing pursuant to this policy, who has not tested positive for alcohol or a controlled substance, and who voluntarily acknowledges a problem with drug or alcohol use or abuse to their department will be immediately removed from safety sensitive functions, subjected to a fitness for duty test for alcohol and/or controlled substances, and referred to the EAP for the purpose of determining the need to impose duty restrictions and a rehabilitation plan.

Under the qualifying criteria stated above, an employee testing positive for alcohol or drugs pursuant to the fitness for duty test after voluntarily submitting himself for rehabilitation and testing shall not be disciplined. If an employee tested positive on a fitness for duty test, prior to returning to safety sensitive functions, the employee shall be required to produce a negative test result on a return to duty alcohol/drug test.

However, the employee shall be subject to disciplinary action up to and including termination from City employment for any subsequent positive test results, (including the return to duty test) or other violations of rules, policies and procedures unrelated to the positive test resulting from the voluntary rehabilitation.

All Employees also have the option of reporting substance abuse problems directly to the Employee Assistance Program, absent involvement or knowledge by City staff. Under these conditions it is the employee's responsibility through consultations with the Employee

Assistance Program, to take the appropriate measures, i.e., abstinence from usage, approved leave, request for leave without pay, etc. to ensure that he/she will not be detected "positive" on an alcohol or drug test pursuant to a legitimate order for testing under this policy.

705.08 CONFIDENTIALITY/RECORDS RETENTION

A. Confidential Handling of Test Results

City personnel knowledgeable of, or involved in handling information related to alcohol/drug tests, investigations, or infractions, shall ensure that any such information is discreetly handled with information not being communicated beyond those who have a need to know. Failure to properly handle alcohol and drug information may result in disciplinary action up to and including dismissal. More specifically, those personnel directly responsible for handling alcohol/drug related issues shall ensure that:

1. Information regarding an individual's drug test results or rehabilitation may be released only upon the written consent of the individual, except that such information must be released regardless of consent to the U.S. DOT or the representative of a state agency upon request as part of an accident investigation, or in certain legal proceedings, including lawsuits, grievances, or unemployment compensation hearings, brought by or on behalf of an employee resulting from a positive test or refusal to test. (Revised 08 April 2008)
2. Statistical data related to drug testing and rehabilitation that is not name-specific and training records must be made available to the Administrator or the representative of an authorized state agency upon request.
3. The hard copy of a pre-employment alcohol/drug test shall not be included in an applicant's file, but shall be retained by the Human Resources Drug and Alcohol Program Manager (DAPM) in a separate medical file.
4. The hard copy of a during-employment alcohol/drug test and any ancillary medical materials shall not be included in an employee's personnel file, but shall be retained in a separate medical file. (Reference to "Section 705 Policy Violation" may be made if disciplinary action is taken against the employee). Any conditions of employment, which may be established as a result of the drug test, will become part of the employee's medical file. (Revised 8 April 2008)
5. The City will maintain and retain records related to the alcohol/drug-testing program **for five years**. The records retention includes data related to drug/alcohol test results, the collection process, education and training of employees/supervisors, breath alcohol and collection technicians, covered employees' referrals to the SAP, documents generated in connection with decisions to administer reasonable suspicion alcohol/drug tests resulting in positive tests, documents generated in connection with decisions on post-accident alcohol/drug testing resulting in positive tests, and copies of annual MIS reports submitted to the Federal Department of Transportation. (Revised 10 October 2008)

B. Disclosure of Information

Test results and ancillary material may be disclosed to City management personnel on a need-to-know basis, or to any person upon the written request and consent of the employee or applicant.

Disclosures, without applicant or employee consent, may occur when:

1. The information is compelled by law, or by judicial or administrative process.
2. The information has been placed at issue in a formal dispute between the City and an employee or applicant.
3. The information is needed by medical personnel for the diagnosis or treatment of a patient who is unable to authorize disclosure.

705.09 REQUIREMENTS OF EMPLOYEES

All employees are expected to report to work in a state of mind and physical condition so as to perform their assigned duties safely and competently. To this end, employees must:

- A. Report to work and be able throughout the work day or in call-back status to perform job duties in a manner that is not impaired or influenced by the use of alcohol and/or illegally used or abused controlled substances.
- B. Not possess, use, purchase, manufacture or dispense alcohol or illegal controlled substances at any time while on-duty, off-duty wearing a City of Tallahassee uniform, on City property or in City vehicles, other than for a work related reason (e.g., police officers).
- C. Not use alcohol or illegally use or abuse controlled substance when on call.
- D. Submit immediately to an alcohol/drug test under the circumstances described in this policy.
- E. If using a legal drug or an over the counter substance, which is impairing the employee's ability to perform his job (i.e., causing drowsiness, slowing reaction times, distorting perception, or otherwise impairing the employee's performance), he must request temporary reassignment or leave as appropriate. Under no circumstances shall an employee work in a condition which increases risk to life, limb or property.
- F. Immediately report any observed violation of this policy to the employee's supervisor or any supervisor within the department, Human Resources, or The Drug Testing Administrator. This report can be made anonymously and should include the name of the employee who is allegedly violating this policy as well as the type of violation and any relevant information concerning the violation.
- G. As per City Safety Policy, Chapter 731.03(A), a City employee who is involved in an industrial or motor vehicle accident on-duty, on City business or while operating a City vehicle off-duty shall notify his supervisor of the accident as soon as possible following the accident.

705.10 REQUIREMENTS OF MANAGERS/SUPERVISORS

- A. The implementation of this policy is the responsibility of each appointed official, department director, division director, and supervisor. The City reserves the right to use whatever means the law allows to provide a workplace, which is free of alcohol and/or the illegal use or abuse of controlled substances.
- B. Require that an employee submit to an alcohol and/or drug test, after obtaining the approval of the section supervisor, division director, assistant department director, or department director, when there is reasonable suspicion, as defined in section 705.06 (E) of this policy, that the employee is under the influence of alcohol, and/or controlled substances, and otherwise exhibiting behaviors indicating impaired performance on the job. The Alcohol and Drug Reasonable Suspicion form shall be completed prior to the test(s) being administered. The employee will be given a copy of the completed ADRS form prior to the testing to ensure that an employee is aware of the reasonable suspicion criteria cited, and the consequences of a refusal to test.
- C. If there is not reasonable suspicion, but there is knowledge that an employee in a safety-sensitive position used alcohol within four hours prior to performing a safety-sensitive function, the employee shall be prohibited from working in a safety sensitive function until such time as a minimum of four hours has elapsed from the stated or documented time of such alcohol use.
- D. The City of Tallahassee is dedicated to ensuring fair and equitable application of this substance abuse policy. Therefore, supervisors and managers are required to use and apply all aspects of this policy in an unbiased and impartial manner. Any supervisor or manager who knowingly disregards the requirements of this policy, or who is found to deliberately fail to act, or to misapply the policy in regard to subordinates, shall be subject to disciplinary action, up to and including termination.
