INTRODUCTION

Neuro360
Where *Every Connection* Matters

**PARTNERING WITH NEURO360 FOR
CLEARER NEUROLOGICAL INSIGHTS**

BRIEF OVERVIEW OF NEURO360:

WHO WE ARE

Neuro360 is a national platform dedicated to providing **objective neurodiagnostic** and fully **integrated neurological care**. We bridge the gap between complex injuries and clear, actionable insights.

OUR MISSION

Our core mission is to **provide definitive clarity** for challenging neurological conditions and to **support the journey towards recovery and effective resolution** for every patient and case we handle.

STATEMENT OF COMMITMENT

We are dedicated to **providing timely, expert, and unbiased evaluations** to support your patients/clients and your professional objectives.

VALUE TO REFERRING PROFESSIONALS:

FOR PHYSICIANS & PROVIDERS

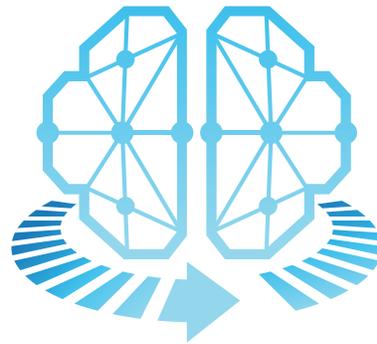

We offer **clear diagnostic pathways** and collaborative specialist support, enhancing your ability to create effective treatment plans for your patients.

FOR WORKERS' COMP PROFESSIONALS

We provide **efficient case management support** through timely, unbiased evaluations that facilitate appropriate care and informed return-to-work decisions.

OUR CORE SERVICES OVERVIEW

Neuro360
Where *Every Connection* Matters

OUR COMPREHENSIVE NEURODIAGNOSTIC & CONSULTATION SERVICES

OUR COMPREHENSIVE NEURODIAGNOSTIC & CONSULTATION SERVICES

CONCUSSION & COGNITIVE TESTING:

- Provides objective assessment of brain function after a suspected head injury, utilizing advanced tools to evaluate cognitive, ocular, and vestibular systems, guiding recovery and return-to-activity decisions.

NEUROPSYCHOLOGICAL EVALUATIONS (NPE):

- Offers in-depth cognitive and psychological profiling by board-certified neuropsychologists, crucial for understanding the impact of TBI, stroke, or other complex neurological conditions on daily functioning and for legal purposes.

SLEEP STUDIES (IN-CLINIC & AT-HOME):

- Diagnoses a range of sleep disorders often linked to traumatic brain injuries, chronic pain, and fatigue, providing critical data for improving sleep quality and overall neurological recovery.

NEUROLOGICAL CONSULTATIONS & TREATMENT GUIDANCE:

- Delivers direct access to board-certified neurologists for comprehensive evaluations, diagnosis, and evidence-based treatment recommendations for a variety of post-trauma and neurological symptoms.

IMPAIRMENT RATINGS (AMA GUIDES):

- Furnishes objective, defensible whole-person impairment percentages based on the AMA Guides, performed by credentialed specialists to support personal injury claims, workers' compensation cases, and disability determinations.

CARE COORDINATION & INTEGRATED TREATMENT PLANNING:

- Ensures a seamless connection between diagnostic findings and actionable treatment strategies, actively managing referrals and communication to create a cohesive and effective recovery pathway for every patient.

KEY BENEFITS YOU CAN EXPECT ACROSS ALL NEURO360 SERVICES:

UNCOMPROMISING OBJECTIVITY:

- Receive truly unbiased, third-party evaluations based solely on scientific evidence and standardized protocols, free from external influence.

BOARD-CERTIFIED SPECIALISTS:

- Access a national network of highly qualified, board-certified neurologists, neuropsychologists, and sleep medicine experts dedicated to diagnostic accuracy.

CLEAR, DEFENSIBLE DOCUMENTATION (WHERE APPLICABLE):

- Our comprehensive reports are meticulously prepared to be clear, objective, and suitable for medical and administrative review in workers' compensation or personal injury cases.

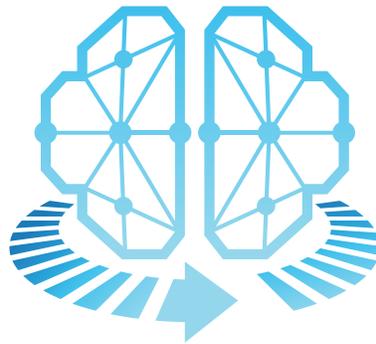

CONVENIENT TELEHEALTH OPTIONS:

- Many of our consultations and assessments are available via secure telehealth technology, providing timely access to specialists nationwide.

INTEGRATED CARE FOCUS:

- We ensure our diagnostic findings are clearly communicated and can be seamlessly integrated into broader treatment and recovery plans.

WHAT YOUR PATIENT CAN EXPECT

Neuro360
Where *Every Connection* Matters

YOUR UPCOMING NEURO360 EVALUATION: WHAT TO EXPECT

YOUR UPCOMING NEURO360 EVALUATION: WHAT TO EXPECT

Your provider has referred you to Neuro360 for a specialized evaluation to get a clearer picture of your neurological health. Our goal is to provide a comfortable and thorough experience. Here is a brief overview of the process.

A FOCUS ON YOU:

Our team is dedicated to understanding your unique situation. Your evaluation will be conducted by a board-certified specialist who will listen to your concerns and guide you through the process.

THE EVALUATION:

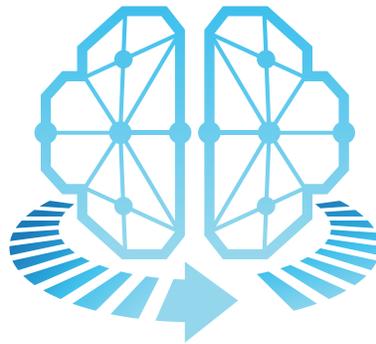

Depending on the service, your appointment may involve an in-depth conversation, cognitive tasks (like puzzles or memory questions), or a specialized diagnostic test. All of our procedures are non-invasive.

WHAT TO BRING:

Please bring your ID, insurance information, and a list of any current medications. Feel free to write down any questions you have for the specialist.

We look forward to meeting you. If you have any questions before your appointment, please contact our scheduling team at [888-7-CONCUSSION](tel:888-7-CONCUSSION).

WHO WE SERVE

Neuro360
Where *Every Connection* Matters

**TAILORED SOLUTIONS FOR YOUR
SPECIFIC NEEDS**

TAILORED SOLUTIONS FOR YOUR SPECIFIC NEEDS

Neuro360 understands the distinct requirements of the professionals and individuals we support. Our services are customized to deliver clear, actionable insights and streamlined processes for each partner.

WORKERS' COMPENSATION PROFESSIONALS:

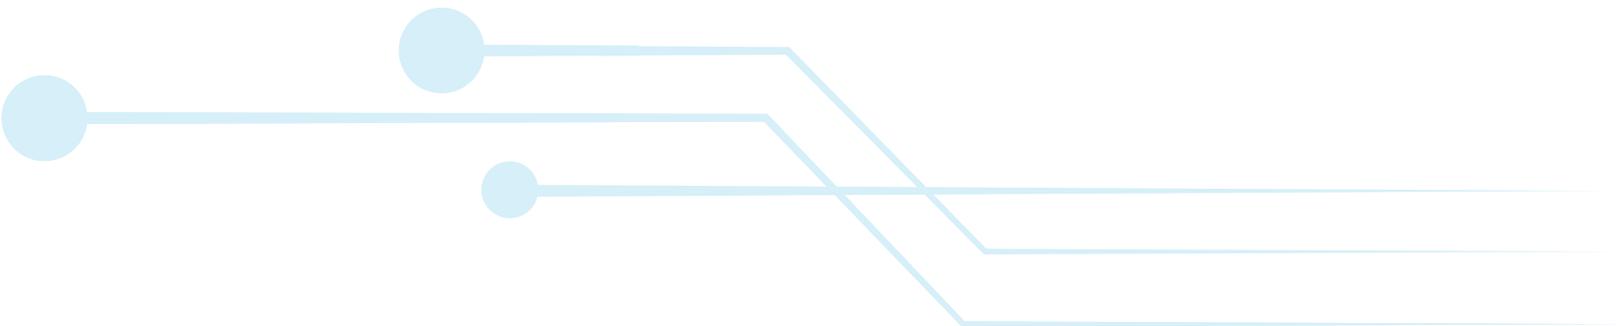

- Neuro360 delivers timely and unbiased evaluations critical for managing workers' compensation claims. Our assessments aid in Maximum Medical Improvement (MMI) determinations, provide objective Impairment Ratings, and offer clarity for return-to-work (RTW) decisions, facilitating efficient and appropriate case resolution.

REFERRING PROVIDERS (PHYSICIANS, CLINICS):

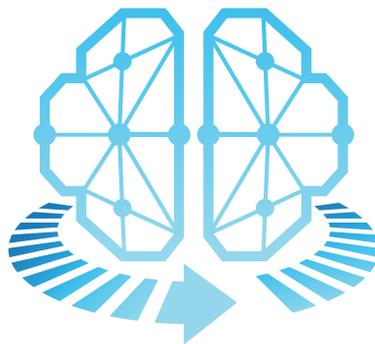

- Partner with us to access specialized neurodiagnostic testing and expert neurological consultations for your patients. We provide clear, actionable reports and foster collaborative care, ensuring your patients receive comprehensive evaluations to guide effective treatment planning.

SELF-PAY PATIENTS & FAMILIES:

- While our primary focus for referrals is through professional channels, Neuro360 also accepts direct inquiries from individuals and families seeking clarity on neurological symptoms. We offer a pathway to expert evaluations and understanding.

THE REFERRAL PROCESS

Neuro360
Where *Every Connection* Matters

OUR STREAMLINED REFERRAL PROCESS

OUR STREAMLINED REFERRAL PROCESS

Neuro360 is committed to a referral process that is straightforward, secure, and efficient for our valued partners. Follow these simple steps to connect your patient or client with our expert neurodiagnostic and consultation services:

1. SUBMIT REFERRAL:

- Neuro360 is committed to a referral process that is straightforward, secure, and efficient for our valued partners. Follow these simple steps to connect your patient or client with our expert neurodiagnostic and consultation services:

2. PROVIDE ESSENTIAL DOCUMENTATION:

- To ensure a comprehensive evaluation, please provide key documents including: patient demographics, insurance/claim information (if applicable for WC/PI cases), relevant medical records (such as prior imaging, specialist notes, or hospital discharge summaries), and the specific referral question or suspected condition. Our Referral Checklist (see next page) details all required items.

3. EFFICIENT SCHEDULING & INTAKE:

- Once the referral and initial documentation are received, our dedicated intake coordinators will promptly contact the patient/client (or your office, based on your preference) to confirm details and schedule all necessary appointments at the earliest convenience.

4. COMPREHENSIVE EVALUATION CONDUCTED:

- The patient will undergo the scheduled neurodiagnostic testing and/or specialist consultation(s) with our board-certified professionals. We prioritize a comfortable and thorough evaluation experience for every individual.

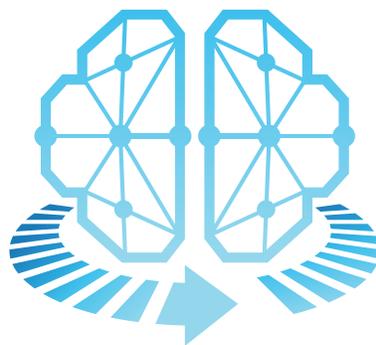

5. SECURE & TIMELY REPORT DELIVERY:

- Following the evaluation and specialist analysis, a comprehensive, easy-to-understand report detailing the findings and recommendations will be generated and delivered securely to you, the referring professional.

6. COLLABORATIVE FOLLOW-UP & CONSULTATION:

- Neuro360 values collaborative care. Our specialists are available for peer-to-peer discussions to review report findings, answer any questions you may have, and assist in coordinating the next steps in your patient's or client's care pathway.
