

*Paint Lake Road
Property Overview*

Wawa, Ontario

Property Summary

- The Paint Lake Road Property consists of 6 claim blocks totaling 3,610 hectares.
- The Property is strategically located 50km west of Wawa, Ontario and along the all- season Paint Lake Road which connects with the Trans Canada Highway
- The claims are contained within the Mishibishu Greenstone Belt which hosts the Eagle River Gold Mine and Mishi Open Pit belonging to Wesdome Mines.
- This area also hosts the former Magnacon Mine (Wesdome) and the Dorset Zone belonging to Angus Ventures which hosts non-compliant resources of 100,000 oz. Au
- The Mishibishu Greenstone Belt is a structurally active belt with multiple gold occurrences, mines and deposits intimately associated with deformation zones
- The Paint Lake Property straddles the Pukaskwa Deformation Zone, a prominent gold-bearing structure that has seen little attention.
- Regionally the Mishibishu Greenstone Belt has really seen little exploration attention since 2006 when Trelawney Resources delineated the Dorset Zone
- The belt has recently been consolidated and Frontline's property is strategically located around the Mishi Open Pit and the former Magnacon Mine
