

Senior Online Safety — How to Use Guide

Purpose

This guide explains how to share and use the Senior Online Safety video series responsibly and effectively. The series is designed to provide calm, practical awareness for older adults, focusing on recognising manipulation techniques and making safer decisions online.

Who May Use This Resource

Councils, libraries, charities, community groups, and educational organisations may share or screen the videos for public-interest purposes.

How It May Be Shared

- Share the official YouTube link.
- Embed the original video on your website.
- Screen the video in educational or community settings.

Conditions

- Do not edit, remix, or alter the video.
- Do not remove branding or attribution.
- Do not use the content for commercial resale or promotional campaigns.

Attribution

Please reference SmartSec Academy as the source when sharing or embedding. This initiative is intentionally non-commercial. The goal is positive impact, not ownership.

Disclaimer

This resource is provided for general awareness and educational purposes only. SmartSec Academy does not provide legal, financial, or technical advice. Individuals and organisations should seek appropriate professional guidance where required.
