

## Rugged Folio Case for iPad

Introducing the EcoArmor Rugged Folio Case  
Made from Certified Recycled Material

The EcoArmor Folio Case offers military-grade drop protection with enhanced corners for superior safety, making it ideal for Business, Government, and Education sectors. It features a clear back for easy asset tag identification and allows for logo customization. The case converts into two positions for typing and viewing and includes a pen holder for added convenience. The Folio Case is scratch-proof and easy to clean, suitable for everyday use. The packaging is made from FSC-certified materials, emphasizing our commitment to sustainability, and it includes strong magnets that hold the folio cover in position for extra security and convenience.
