

ECO  ARMOR

**UP TO 60% LESS DAMAGE
MORE DEVICE LIFE**

Shield Pro for MacBook

Keep the MacBook look. Add everyday protection.

MacBooks are made to be used, carried and moved between meetings, desks and locations. That everyday use can leave its mark. EcoArmor Shield Pro helps protect against scratches and minor bumps, so your MacBook stays looking its best for longer.

Shield Pro is designed for professional environments where you want practical protection without covering up what makes a MacBook a MacBook. Its slim, lightweight design follows the shape of the device and keeps added weight to a minimum.

Installation is just as straightforward. The case clicks onto the MacBook in moments, making it easy to protect a single device or roll out across a larger team. And when it is time to redeploy or replace your devices, keeping them in good cosmetic condition can help protect their resale value.

Why choose Shield Pro for MacBook?

Quick Click-On Installation

The case clicks onto the MacBook in moments, making it easy to protect individual devices or equip an entire team.

Everyday Scratch Protection

Shield Pro helps prevent scratches from daily handling, keeping MacBooks looking clean and professional.

Protection Against Minor Bumps

An added layer of protection helps shield the device from the small knocks that come with everyday work.

Slim, Lightweight Design

The Shield adds protection without adding unnecessary bulk or weight to the MacBook.

MacBook Look, Preserved

Its close-fitting design follows the shape of the device, allowing the MacBook's design to remain the focus.

Helps Maintain Resale Value

By helping devices stay in good cosmetic condition, Shield Pro can support their value when they are redeployed or sold.
