Fund Structure

The Ekam Real Estate Credit Fund is an open-ended unregistered Australian wholesale unit trust (unregistered managed investment scheme) established by the Trustee (AMAL Trustees) pursuant to the Trust Deed and is governed by Australian law. Eligible investors have an opportunity to acquire Units in the Fund which entitles them to returns generated by the Fund.

Investment Objective

The Ekam Real Estate Credit Fund is designed to provide investors with access to a diversified portfolio of secured real estate debt investments, focusing on Australian real estate. The fund's objective is to deliver steady distributions, strong risk-adjusted returns, and long-term capital preservation, all backed by real estate assets.

The Fund targets a Loan to Value Ratio (LVR) of no higher than 65% on a portfolio-weighted basis, via a portfolio of senior mortgage (minimum 70% of the Fund's portfolio) and second mortgage debt (maximum of 30% of the Fund's portfolio). Second mortgage exposures are subject to enhanced due diligence and pricing commensurate with risk.

The Fund will invest a minimum of 60% of total funds into a core portfolio of highly diversified investments and a maximum of 40% of total funds into a portfolio of individual investments.
