The purpose of this information circular is to outline various rules and policies that will be applicable to trading in these new products pursuant to the Exchange’s unlisted trading privileges, as well as to provide certain characteristics and features of the Shares. For a more complete description of the Issuer, the Shares and the underlying market instruments or indexes, visit the Issuer Website, consult the Prospectus available on the Issuer Website, examine the Issuer Registration Statement or review the most current information bulletin issued by the Primary Listing Exchange. The Issuer Website, the Prospectus, the Issuer Registration Statement and the Primary Exchange Circular are hereafter collectively referred to as the “Issuer Disclosure Materials.”

Background Information on the Fund

The Trust will issue ETFS Physical Platinum Shares (“Shares”) which represent units of fractional undivided beneficial interest in and ownership of the Trust. ETF Securities USA LLC is the sponsor of the Trust (the “Sponsor”), The Bank of New York Mellon is the trustee of the Trust (the “Trustee”), and JPMorgan Chase Bank, N.A. is the custodian of the Trust (the “Custodian”). The Trust intends to issue additional Shares on a continuous basis.

The Shares may be purchased from the Trust only in one or more blocks of 50,000 Shares (a block of 50,000 Shares is called a Basket). The Trust will issue Shares in Baskets to certain authorized participants on an ongoing basis as described in the prospectus for the Trust. Baskets will be offered continuously at the net asset value (NAV) for 50,000 Shares on the day that an order to create a Basket is accepted by the Trustee. The Trust will not issue fractions of a Basket.

The Trust is a common law trust, formed on December 30, 2009 under New York law pursuant to the Trust Agreement. The Trust holds platinum and is expected from time to time to issue Baskets in exchange for deposits of platinum and to distribute platinum in connection with redemptions of Baskets. The investment objective of the Trust is for the Shares to reflect the performance of the price of physical platinum, less the Trust’s expenses. The Sponsor believes that, for many investors, the Shares will represent a cost-effective investment in platinum.

The investment objective of the Trust is for the Shares to reflect the performance of the price of physical platinum, less the expenses of the Trust’s operations. The Shares are designed for investors who want a cost-effective and convenient way to invest in platinum with minimal credit risk. Advantages of investing in the Shares include:

- Ease and Flexibility of Investment. The Shares will trade on the NYSE Arca and will provide institutional and retail investors with indirect access to the physical platinum market. The Shares are expected to be bought and sold on the NYSE Arca like any other exchange-listed securities. The close of the NYSE Arca trading session is 4:00 PM New York time.
- Expenses. The Sponsor expects that, for many investors, costs associated with buying and selling the Shares in the secondary market and the payment of the Trust’s ongoing expenses will be lower than the costs associated with buying and selling physical platinum and storing and insuring physical platinum in a traditional allocated physical platinum account.
- Minimal Credit Risk. The Shares represent an interest in physical platinum owned by the Trust (other than an amount held in unallocated form which is not sufficient to make up a whole plate or ingot or which is held temporarily to effect a creation or redemption of Shares). Physical platinum of the Trust in the Custodian’s possession is not subject to borrowing arrangements with third parties. Other than the platinum temporarily being held in an unallocated platinum

account with the Custodian, the physical platinum of the Trust is not subject to counterparty or credit risks. This contrasts with most other financial products that gain exposure to precious metals through the use of derivatives that are subject to counterparty and credit risks.

Investing in the Shares does not insulate the investor from certain risks, including price volatility.

The Trust expects to create and redeem the Shares from time to time, but only in one or more Baskets (a Basket equals a block of 50,000 Shares). The creation and redemption of Baskets requires the delivery to the Trust or the distribution by the Trust of the amount of platinum and any cash represented by the Baskets being created or redeemed, the amount of which will be based on the combined NAV of the number of Shares included in the Baskets being created or redeemed. The initial amount of platinum required for deposit with the Trust to create Shares is 5,000 ounces per Basket. The number of ounces of platinum required to create a Basket or to be delivered upon the redemption of a Basket will gradually decrease over time, due to the accrual of the Trust's expenses and the sale or delivery of the Trust's platinum to pay the Trust's expenses.

The NAV of the Trust is the aggregate value of the Trust's assets less its liabilities (which include estimated accrued but unpaid fees and expenses). In determining the NAV of the Trust, the Trustee will value the platinum held by the Trust on the basis of the price of an ounce of platinum as set by the afternoon session of the twice daily fix of the price of an ounce of platinum which starts at 2:00 PM London, England time (London PM Fix) and is performed by the four members of the London Platinum and Palladium Market (LPPM). The Trustee will determine the NAV of the Trust on each day the NYSE Arca is open for regular trading, as promptly as practicable after 4:00 PM New York time. If no London PM Fix is made on a particular evaluation day or has not been announced by 4:00 PM New York time on a particular evaluation day, the next most recent London platinum price fix (AM or PM) will be used in the determination of the NAV of the Trust, unless the Sponsor determines that such price is inappropriate to use as basis for such determination. The Trustee will also determine the NAV per Share, which equals the NAV of the Trust, divided by the number of outstanding Shares.

The Trust's only ordinary recurring charge is expected to be the remuneration due to the Sponsor ("Sponsor's Fee"). In exchange for the Sponsor's Fee, the Sponsor has agreed to assume the ordinary administrative and marketing expenses that the Trust is expected to incur. The Sponsor will also pay the costs of the Trust's organization and the initial sale of the Shares, including the applicable SEC registration fees.

Baskets may be created or redeemed only by Authorized Participants. Each Authorized Participant must (1) be a registered broker-dealer or other securities market participant such as a bank or other financial institution which is not required to register as a broker-dealer to engage in securities transactions, (2) be a participant in DTC, (3) have entered into an agreement with the Trustee and the Sponsor (Authorized Participant Agreement) and (4) have established an unallocated gold account with the Custodian or a

gold bullion clearing bank (Authorized Participant Unallocated Account). The Authorized Participant Agreement provides the procedures for the creation and redemption of Baskets and for the delivery of gold and any cash required for such creations or redemptions. A list of the current Authorized Participants can be obtained from the Trustee or the Sponsor.

For more information regarding the Trust's investment strategy, please read the prospectus for the Trust.

The listing exchange, NYSE Arca, will calculate and disseminate to the consolidated tape an indicative per share value for the Shares every 15 seconds.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The registration statement for the Trust describes the various fees and expenses for the Shares. For a more complete description of the Trust, visit the Issuer Website.

Principal Risks

Interested persons are referred to the prospectus for a description of risks associated with an investment in the Shares. These risks include the risk that a Fund's return may not match the return of its index for a number of reasons including the incursion by a Fund of operating expenses and costs not applicable to its index. In addition, as noted in the prospectus, the Shares may trade at market prices that differ from their NAV. The NAV of the Shares will fluctuate with changes in the market value of the Fund's holdings. The market prices of the Shares will fluctuate in accordance with changes in NAV as well as the supply and demand for the Shares on the Exchange.

Exchange Rules Applicable to Trading in the Shares

Trading in the Shares on IEX is subject to IEX trading rules.

Trading Hours

The value of the Index underlying the Shares will be disseminated to data vendors every 15 seconds during the Regular Trading Session.

The Shares will trade on IEX between 8:00 a.m. and 5:00 p.m. Please note that trading in the Shares

during the Exchange's Pre-Market and Post-Market Sessions ("Extended Market Sessions") may result in additional trading risks which include: (1) that the current underlying indicative value may not be updated during the Extended Market Sessions, (2) lower liquidity in the Extended Market Sessions may impact pricing, (3) higher volatility in the Extended Market Sessions may impact pricing, (4) wider spreads may occur in the Extended Markets Sessions, and (5) because the indicative value is not calculated or widely disseminated during the Extended Market Sessions, an investor who is unable to calculate an implied value for the Shares in those sessions may be at a disadvantage to market professionals.

Delivery of a Prospectus

Exchange Members should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Fund. Prospectuses may be obtained through the Fund's website. The Prospectus for the Fund does not contain all of the information set forth in the Funds Registration Statement (including the exhibits to the Registration Statement), parts of which have been omitted in accordance with the rules and regulations of the SEC. For further information about the Fund, please refer to its Registration Statement.

In the event that the Fund relies upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the 1940 Act and in the future make available a written product description, Exchange Rules require that Exchange Members provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Issuer of the Fund, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, Exchange Members shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by an IEX member to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of [*the UTP Derivative Securities*] has been prepared by the [*open-ended management investment company name*] and is available from your broker. It is recommended that you obtain and review such circular before purchasing [*the UTP Derivative Securities*]."

An Exchange member carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to such Exchange member under this rule.

Upon request of a customer, Exchange Members also shall provide a copy of the Prospectus.

Suitability

Trading in the securities on the Exchange will be subject to the provisions of Exchange Rule 3.170. Members recommending transactions in the securities to customers should make a determination that the recommendation is suitable for the customer.

Trading Halts

The Exchange will halt trading in the Shares of a security in accordance with Exchange Rules. The grounds for a halt include a halt because the intraday indicative value of the security and/or the value of its underlying index are not being disseminated as required, a halt for other regulatory reasons or due to other conditions or circumstances deemed to be detrimental to the maintenance of a free and orderly market.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The Securities and Exchange Commission (the “SEC”) has issued letters granting exemptive, interpretive and no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 for exchange-traded securities listed and traded on a registered national securities exchange that meet certain criteria.

AS WHAT FOLLOWS IS ONLY A SUMMARY OF THE RELIEF OUTLINED IN THE NO-ACTION LETTERS REFERENCED ABOVE, THE EXCHANGE ADVISES INTERESTED PARTIES TO CONSULT THE NO-ACTION LETTERS FOR MORE COMPLETE INFORMATION REGARDING THE MATTERS COVERED THEREIN AND THE APPLICABILITY OF THE RELIEF GRANTED IN RESPECT OF TRADING IN SECURITIES. INTERESTED PARTIES SHOULD ALSO CONSULT THEIR PROFESSIONAL ADVISORS.

Regulation M Exemptions

Generally, the Fund is exempted from Rule 101 pursuant to paragraph (c)(4) of Rule 101, permitting persons who may be deemed to be participating in a distribution of the Shares to bid for or purchase Shares during their participation in such distribution. The Fund is exempted under Rule 102(d)(4), permitting a Fund to redeem Shares during the continuous offering of Shares.

Rule 10b-10 (Customer Confirmations for Creation or Redemption of Fund Shares)

Broker-dealers who handle purchases or redemptions of Fund Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to the Fund for purposes of purchasing Creation Unit Aggregations (“Deposit Securities”) or the identity, number and price of shares to be delivered by the Trust for the Fund to the redeeming holder (“Redemption Securities”). The composition of the securities required to be tendered to the Fund for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemption is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c); and
- 3) Except for the identity, number, and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

Rule 10b-17 (Untimely Announcement of Record Dates)

The SEC has granted an exemption from the requirements of Rule 10b-17 that will cover transactions in the Shares.

Section 11(d)(1); Rules 11d1-1 and 11d1-2

The SEC has taken a no-action position under Section 11(d)(1) that will permit broker-dealers that do not create Shares but engage in both proprietary and customer transactions in such Shares exclusively in the secondary market to extend or maintain or arrange for the extension or maintenance of credit on the Shares, in connection with such secondary market transactions. For broker-dealers that engage in the creation of Shares, the SEC has also taken a no-action position under Rule 11d1-2 that will cover the

extension or maintenance or the arrangement for the extension or maintenance of credit on the Shares that have been owned by the persons to whom credit is provided for more than 30 days.

Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of the Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of the Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchase; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

SEC Rule 15c1-5 and 15c1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See letter from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
