- Discuss how the Pegasus Workforce product could help your company win the next project and why
- Dot Points
- Use post it notes or butchers' paper to list your items
- 10 minutes

Everyone will place a VOTE!

Q&A

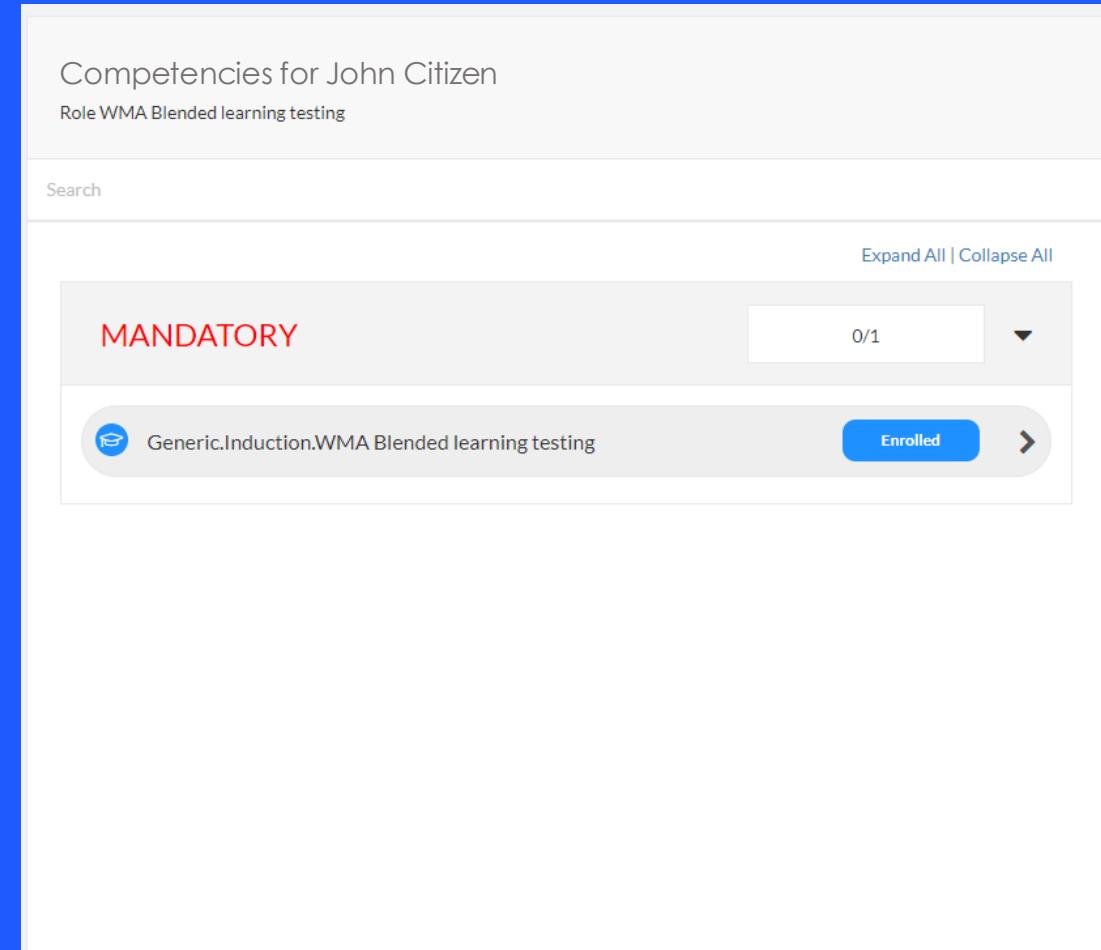

Feature Summary

Training Competency Status Improvement

The Training Competency status will display '**Enrolled**' if the workers has an active and open training enrolment.

The Training Competency status will display '**Pending – Course Selection or Pending – Session Selection**' if further action is required.

The screenshot shows a user interface for managing training competency status. At the top, it displays 'Competencies for John Citizen' and 'Role WMA Blended learning testing'. Below this is a search bar and buttons for 'Expand All' and 'Collapse All'. A large red box highlights the word 'MANDATORY' in red capital letters. To the right of 'MANDATORY' is a progress bar showing '0/1' with a dropdown arrow. Below the progress bar is a course entry for 'Generic.Induction.WMA Blended learning testing', which is marked as 'Enrolled' with a blue button and a right-pointing arrow. The background of the interface is white, and the overall layout is clean and modern.

Auto Invite Worker to WMA

After paying for a worker's subscription,
the **Workforce by Avetta Mobile App**
invitation will be automatically sent to a
worker so that the worker can view their
Avetta profile (and act if required).

Eliminates the manual process for the
Supplier Administrator.

Invite Worker to Workforce

Inviting a worker to Workforce will allow the worker to download the Workforce mobile app, view their own Worker ID cards, Roles and Competencies, and use Bluetooth Tap to Access (if enabled at the site location), take certain online training modules, and check their Site Access requirements (if enabled). The worker will be sent an invitation by Email with instructions to download the mobile app and setup a password. [Learn more about the Workforce Mobile App.](#)

Resend Training Enrolment Notification

The Supplier Administrator can **resend** a **training enrolment** to their worker without having to contact the Avetta Support Team.

Resend Training Enrolment Notification

Resend training enrolment notifications to an employee

Please check and confirm the Employee's email address before proceeding. The employee will receive an enrolment notification for all open enrolments.

Is this Email Address correct?

- If yes, click the **Resend Training Notification** button to trigger the notification.
- If no, please update the email address by editing the Employee's Profile.

Quick Submit Verification

Ability to **submit documents individually** for verification.

Worker Subscription Status Indicators.

System Emails Improvements.

Enhanced visibility of Role and Competency Status Indicators.

Simplified Return Process.

Subscription Enhancement.

The screenshot displays the Avetta Quick Submit Verification interface. At the top, there are three status indicators: 'APAC - Electrician' (Not Compliant), 'APAC - In-Store Entertainer' (Expired), and 'LK Test' (Awaiting Approval). Below this is a blue header bar. The main content area is divided into two sections: 'MANDATORY' and 'OPTIONAL'. The 'MANDATORY' section contains six items, each with a status indicator (Pending, Pending, Pending, Expiring Soon, Valid, Valid) and a 'View Details' button. A tooltip for the 'Expiring Soon' item states: 'The competency is expiring within 30 days'. The 'OPTIONAL' section is currently empty. The bottom of the interface features a blue footer bar.

Category	Competency / Document	Status	Action
MANDATORY	Driver.Govt Licence/Authority.AUS Drivers Licence	Pending	View Details
	Electrical.Trained.Training and PPE	Pending	View Details
	Safety.Induction.GlobalCo Orientation Train	Pending	View Details
