

WANGARATTA COUNCIL PLAN AND COMMUNITY VISION

A program of deliberative engagement to inform Wangaratta's Community Vision and Council Plan 2025-29, MHWP and long-term financial planning.

WHAT WE DID

- Designed and delivered a comprehensive community engagement program to inform the new Community Vision and Council Plan, aligned with the requirements of the Local Government Act 2020 (Vic).
- Led a deliberative engagement process through three independently facilitated community workshops, enabling residents to directly shape priorities.
- Delivered a broad and inclusive engagement program reaching more than 2,000 community members and capturing over 3,200 pieces of feedback across urban, township and rural communities.
- Designed and implemented a diverse suite of engagement tools including surveys, conversation kits, children's activities, pop-ups, quick polls and targeted workshops.
- Designed accessible engagement materials to support informed participation and improve understanding of Council's role, constraints and responsibilities.
- Synthesised feedback into clear community priorities across wellbeing, environment, economy and infrastructure, and prepared a comprehensive Community Engagement Summary Report to inform the refreshed Community Vision, Council Plan 2025-29 and integrated Municipal Public Health and Wellbeing Plan.

- 01 Community collateral developed to support community engagement and participation
- 02 Community members workshoping future priorities
- 03 Danai Fadgyas facilitating a deliberative community workshop
