6. Source of light and heat

What Happened?

What happened? What happened?
The dinosaur's extinct!
What happened? What happened?
Let's really try to think.

Too cold? Too hot?
Some changes in the weather?
No sun? No food?
A lack of fur or feather?

What happened? What happened?
A theory comes and goes.
What happened? What happened?
The truth is, no one knows.
