

PROJECT ARCHITECTURE TEMPLATE

Official CINTREXO Project Structure Form

FILLABLE PDF FORM

Purpose

This template structures the project before market validation. It is not a pitch deck. Use factual information only.

A. Artifact

Product name

Category

Physical form

Current status

What exactly exists today?

B. Value

For whom is the product designed?

In which consumption situation is it used?

Why would the consumer buy it again?

PROJECT ARCHITECTURE TEMPLATE

Official CINTREXO Project Structure Form

FILLABLE PDF FORM

C. Economics

Consumer price

Unit cost

Minimum batch size

Minimum viable sales volume

What is already known about unit economics?

D. Scalability

What currently limits growth?

What must change when the project scales?

Which resources are critical for scaling?

E. Attachments included
