

# B&W Machine Works

AS9100-Certified Precision Machining  
Perkasie, Pennsylvania | Established 1996

CAGE CODE: 0LQD2  
UEI: TTLSS14Y8CG8  
AS9100 / ISO 9001  
SAM Registered

## About

B&W Machine Works is a 30-year AS9100-certified precision machining company supporting aerospace, defense, and advanced industrial OEMs. Our fully integrated ProShop ERP-driven quality system ensures traceability, revision control, and disciplined production from contract review through shipment.

## Quality & Compliance

- AS9100 Rev D /ISO 9001
- AS9102 First Article Inspection
- Accredited Finishing Network with Full Flow-Down
- CNC & Manual CMM Inspection

## Core Capabilities

### CNC Milling

- 3 & 4 Axis Vertical Machining, including simultaneous motion
- Horizontal Palletized Production w/ tombstones
- Up to 40" x 22" machining envelope

### CNC Turning

- Max Part length of 22"
- Fixed-headstock turning up to 12" bar or chuck dia
- Swiss Capability up to 1.5" dia
- Live tooling

### Materials

Aluminum | Stainless | Alloy Steel | Nickel Alloys | Plastics | Copper/Brass | Composite

### Tolerances

To  $\pm 0.0005$ " (application dependent)

## Differentiators & Operational Strengths

- 500+ Work Orders Annually
- Lights Out Machining Capacity
- Palletized Horizontal Automation
- Structured Contract Review & Risk Mitigation
- Kanban / Scheduled Release Support
- Fully integrated ERP System
- Culture of Continuous Improvement

## NAICS Codes

### 332710 Machine Shops

332721	333242
332722	333914
332999	334511
333132	336411
