

Minutes 13th ESSTS meeting

Opening registration soon.

Programme:

- ADHD session:
 - Christelle will ask Yulia to ask Samuele Cortese for ADHD talk (pathophysiology 20 min) + neurodiversity (20 min)
 - Option B for ADHD talk: Dr. Alexander Häge, Kirsten knows him (what's new in treatment)
 - BT team: 10 min speech reach
 - Natalia and Kirsten asked a few sponsors (ADHD companies), Tammy in the UK as well; Emalex will be more involved? -> Nanette will write to them.
- Is the term neurodiversity helpful within TS? (1.5 hours)
 - We should focus on neurodiversity in TS
 - We'll ask Samuele Cortese for pro neurodiversity (first)
 - Nancy Doyle: psychologist; Amanda Kirby? Tony Lloyd? Tammy will ask around if they could be a good fit (after we know the answer of S Cortese).
 - Then we should ask someone from the two papers in Neurology that Andreas recommended for "cons".
 - 15 min each / 4 speakers or 20 min/3 speakers, and 30 min discussion?
 - Ask TTAG to be involved? In the discussion or at the beginning? (statement).
 - Should we make a poll?

TTAG: we should share the programme, but we are still different organizations. We'll discuss the overlap of sessions on Friday by Zoom.

ESSTS consultations

- Ask Tara legal issues (for example, if we give advice about a patient and then the patient develops a complication/side effect)
- Should we make people pay for medical advice?
- Will there be a contract? (consultancy – business)
- Should the doctors be involved?
- > to be followed?
