

Reflection 1

- 1. What course would you like to revise, and why? Please include course number and title as well as share what program(s) it's included within.**

I will be revising EDFN211 Social Foundations of Modern Education, a required course for both Secondary and Early Childhood education majors.

- 2. Which CRSE competencies are (or are likely to be upon your revision) addressed in this course? This can be changed later.**

Competencies 1, 2 & 9 (since this early course only provides the students with a limited field placement.

- 3. What do you hope to get out of this process? What benefits do you anticipate?**

I hope to get a better understanding of the competencies and learn more about their practical application in my foundational course. I have students do a lot of self-reflection in this course and I would like to be more intentional about this to support their growth toward becoming more culturally relevant educators.

- 4. What challenges do you anticipate?**

Time is always a challenge.

- 5. How do you think your colleagues will respond? For example, will they be motivated, indifferent, or want to join you and revise their own syllabi?**

My departmental colleagues are supportive of this work. I am just not sure yet if they will be motivated to revise their courses. We have common assessments in this Foundations Bloc so I will need their input and approval before I can implement some of the assessments into my course.

- 6. How will you include your colleagues in this project?**

I am actually meeting with my foundation bloc colleagues tomorrow to discuss this among other shared assignments we use in the foundations bloc.
