

Reflection 1

- 1. What course would you like to revise, and why? Please include course number and title as well as share what program(s) it's included within.**

I am revising EDU 527: Foundations of Urban Education within the Secondary Education Initial Certification Program.

- 2. Which CRSE competencies are (or are likely to be upon your revision) addressed in this course? This can be changed later.**

#2, #5, #6, #7

- 3. What do you hope to get out of this process? What benefits do you anticipate?**

I hope to have the syllabus completely revised for submission to the UCC. I anticipate benefitting from feedback.

- 4. What challenges do you anticipate?**

I don't foresee any challenges, except perhaps having insufficient time to complete this before the last UCC meeting. At that point, since few people on the committee are aware of this material or the competencies, I foresee issues getting it to pass.

- 5. How do you think your colleagues will respond? For example, will they be motivated, indifferent, or want to join you and revise their own syllabi?**

My colleagues have been involved in faculty professional development, and syllabus revision is part of that process.

- 6. How will you include your colleagues in this project?**

The department is working on curriculum revision right now, so I will share at faculty meetings.
