

Reflection 1

1. What course would you like to revise, and why? Please include course number and title as well as share what program(s) it's included within.

EEU 202 (Dispositions Toward Advocacy, Collaboration, and Cooperation) is primarily focused on the principles of multicultural education and is a required course for elementary education teacher candidates. I believe the nature of the course is perfectly aligned with what the CRSE Competencies pursue and emphasize regarding social justice, DEI in education, and culturally relevant/responsive teaching. Our department has also long wanted to revise this syllabus, as it is outdated and hasn't incorporated the CRSE Competencies

2. Which CRSE competencies are (or are likely to be upon your revision) addressed in this course? This can be changed later.

Since my course is multicultural education, it seems that all elements of the CRSE competencies are relevant.

Competency 1: A, B, C, and D

Competency 2: A, B, C, D E, and F

Competency 3: A, B, C, D, E, and F

Competency 4: A, B, C, and D

Competency 5: A, B, C, D, and E

Competency 6: A, B, C, D, E, and F

Competency 7: A, B, C, and D

Competency 8: A, B, C, D, E, and F

Competency 9: A, B, C, D, E, F, and G

3. What do you hope to get out of this process? What benefits do you anticipate?

I want to revise the current syllabus and teaching content by incorporating the nine PA CRSE Competencies. I think this process will help me dedicate time to working on the syllabus and course materials. Additionally, seeing and sharing the work of others and institutions could greatly expand my perspectives and ideas throughout this process.

4. What challenges do you anticipate?

I don't foresee any challenges with this process at the moment. The workflow structure appears straightforward and manageable right now.

5. How do you think your colleagues will respond? For example, will they be motivated, indifferent, or want to join you and revise their own syllabi?

My elementary department and College of Education encourage individuals to incorporate the CRSE Competencies into course syllabi and teaching content. They can be motivated by my work.

6. How will you include your colleagues in this project?

After my work, I can introduce this CoP to my colleagues and faculty in the College of Education.
