Good morning,

I would like to send a friendly reminder of how you can download applications such as google maps on your work iPhone. All applications are downloaded through company portal which on your iPhone will show as comp portal under the icon (screenshot below).

How to install approved applications on your work iPhone:

Click on the Comp portal application.

It may ask you to sign in. Please click sign in. Once signed in.

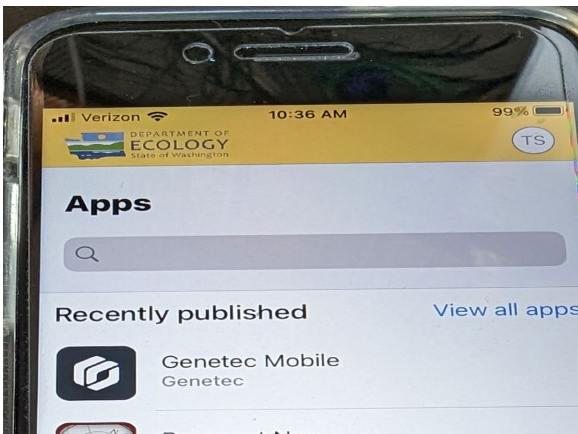

You can use the search bar to find approved applications like google maps, zoom, and other applications.

Once you find the applications you would like to install, click install and the app will install with in a few minutes.

Below are Screenshots to help:

The app looks like the above app icon on the left.

Search in the search bar to find application to install.

Any questions please feel free to reach out.

Thank you,

Thomas Schienbein (He/Him), CIO, IT Policy and Planning Manager
Washington State Conservation Commission
Cell: 360-764-6883
Office hours: 7:30 am – 4:00 pm | scc.wa.gov

Our Mission: To conserve natural resources on all lands in Washington State in collaboration with Conservation Districts and other partners.
