Experience / Skills

Andy is a skilled management professional with a proven track record in delivering business change, transformation, and growth initiatives across diverse global landscapes, including the UK, New Zealand, and Australia.

Over the past decade, he has demonstrated a keen ability to navigate and lead successful business transformation in dynamic industries such as oil & gas, healthcare, telecommunications, financial technology, and construction.

With a multifaceted background, Andy brings a wealth of experience from various sectors, allowing him to approach challenges with a holistic and innovative perspective. His adaptability is reflected in his capacity to leverage skills and insights acquired from different industries, ensuring that Rely on Fire Check can remain ahead of the curve, both operationally and technologically.
