

FLAVORBLAST™ TOWER

FLAVOR SHOT DISPENSER

FEATURES

Ease of Use - Simple to maintain and easy to use

One-touch - Selection buttons add a “blast” of flavor to fountain beverages

Adjustable - FlavorBlast™ Tower dispense is adjustable by time and flow rate, allowing the dispense to be tailored to customer or operator needs

Clean - Flow control provides positive shutoff that eliminates dripping at the nozzle

Customization - Customers can create individualized drinks

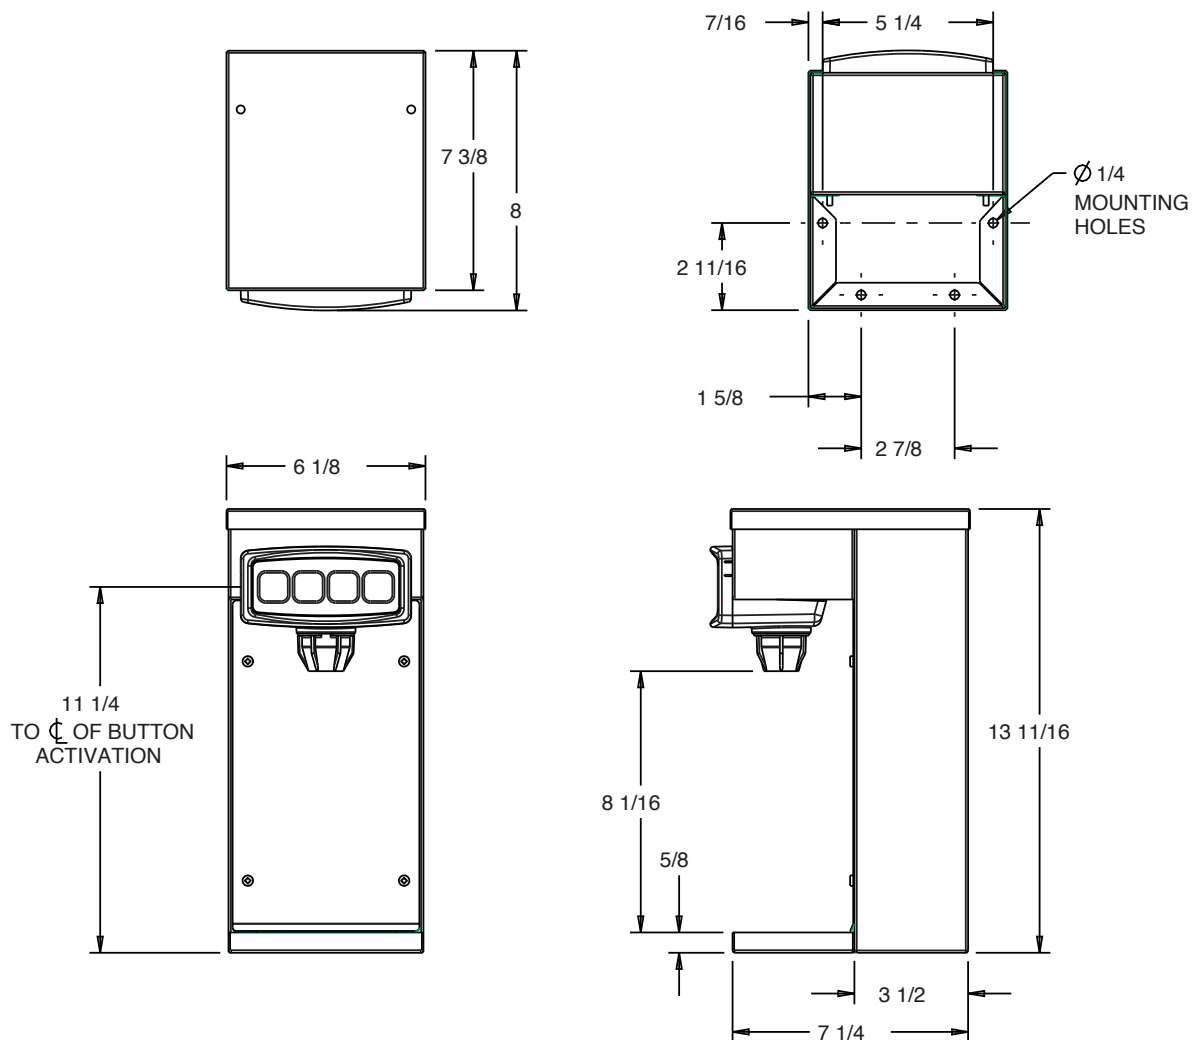

Interaction - Fun for customers to experiment and create custom drinks

Profit - Drive incremental sales and increase profits

Flavor integrity - Purge mode provides easy cleaning, simplifies flavor changes and minimizes flavor carry over

Engineering Advantage - Designed for high ambient use

Reliable - Proven components maximize reliability
