

INSTALLATION MANUAL

KFC Syrup Lever Kit

SAFETY INSTRUCTIONS

 **WARNING:**

Before starting installation, read and understand all safety label and warnings on the machine. Also review and understand all safety instructions in the owners, installation and service manuals.

Failure to comply could result in serious injury, death or damage to the equipment.

QUALIFIED SERVICE PERSONNEL

 **WARNING:**

Only trained and certified electrical, plumbing and refrigeration technicians should service this unit.

All wiring and plumbing must conform to national and local codes. Failure to comply could result in serious injury, death or equipment damage.

SAFETY PRECAUTIONS

This unit has been specifically designed to provide protection against personal injury. To ensure continued protection observe the following:

 **WARNING:**

Disconnect power to the unit before servicing. Follow all lock out/tag out procedures established by the user. Verify all power is off to the unit before performing any work.

Failure to comply could result in serious injury, death or damage to the equipment.

 **CAUTION:**

Always be sure to keep area around the unit clean and free of clutter.

Failure to keep this area clean may result in injury or equipment damage.

PROCEDURES

CAUTION:

Remove power from the unit and release pressure from the dispensers to avoid splashing syrup on your hands and the new lever.

Installation:

Figure 1.

1. Align the mounting hole in the new lever with the existing metal lever on the unit, as shown.

Figure 2.

2. Press the new lever onto the existing lever and slide it up to the bottom of the dispenser body.

Figure 3.

3. Press the new lever firmly up to the bottom of the dispenser body, as shown.

Figure 4.

4. Ensure that the spacer tabs on the new lever touch the bottom of the valve base, as shown.

Figure 5.

5. Reconnect power to the unit and press down on the new lever to verify proper operation.
