Ice Only Dispenser IOD200, IOD250

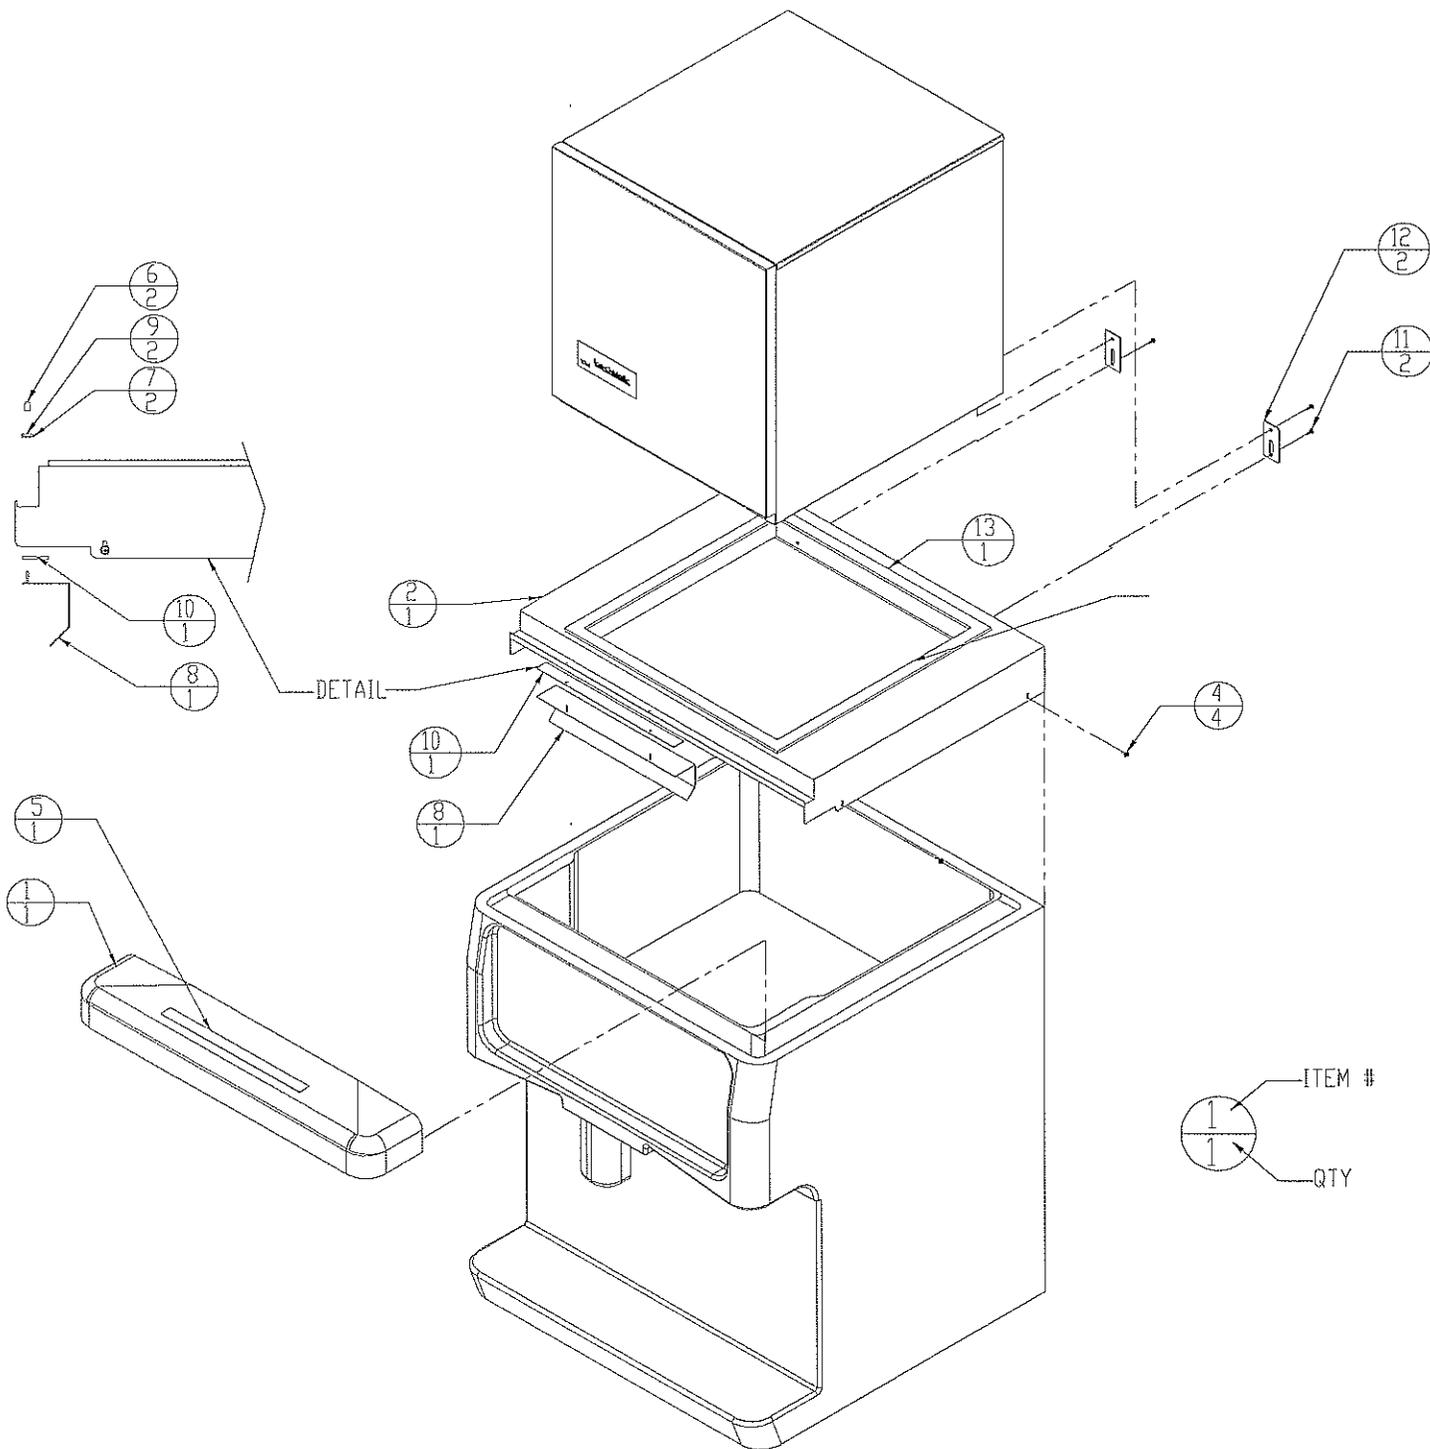

For use with Ice-O-Matic Cubed Ice Machine Model Number

ICE0250, ICE0400, ICE0500, ICE0606, ICE0806, ICE1006, GC806 and GC1206

Kit Includes:

<u>Item</u>	<u>Description</u>	<u>Qty.</u>
1	Cover, Black	1
2	Lid Assembly	1
4	#8 Screw	6
5	Label, Disconnect Power Before Cleaning	1
6	Acorn Nut, 8-32 Nylon	2
7	Washer, Sealing	2
8	Baffle, Ice	1
9	Washer, #8 Nylon	2
10	Insulation Strip	1
11	#10 x 1/2 Phillips Head Screw	2
12	Connecting Strap	2
13	Flat Gasket	9 Ft.
	Bin Thermostat Kit (Required ICE Series Only)	1

1. Unpack kit.
2. Place insulation strip (Item 10) over studs on the baffle and insert baffle assembly into the adapter lid.
3. Place (2) sealing washers (Item 7) over studs and (2) flat washers (Item 9), then fasten in place with (2) plastic acorn nuts (Item 6).
4. Set the ice maker lid (Item 2) on the top of the dispenser.
5. Using the slotted holes in the lid as a template, drill four (4) .140 inch diameter (9/64 inch) holes at the bottom of the slots. **Use extreme care not to drill into the hopper.** Fasten the lid to the dispenser with four (4) #8 sheet metal screws (Item 4), two on each side.
6. Install the flat gasket (1 x .250)(Item 13) to the lid around (4) sides of the opening insuring that the gasket is flush with the back of the lid and parallel to the lid sides.
7. Set the icemaker onto the lid and position it as required.
8. Attach the two straps (Item 12) to the rear of the ice machine using (2) screws provided with the ice machine. Drill .140 inch diameter (9/64 inch) holes into the dispenser cabinet using the bracket as a template. **Use extreme care not to drill into the hopper.** Secure the brackets using the #10x 1/2 Phillips Head (Item 11) screws provided.
9. Install the Bin Thermostat Kit (1051020-02) per the instructions. **(For ICE Series Cubers Only)**
10. Follow the ice maker instruction manual to complete the installation of the ice maker.
11. Attach the label (Item 5) to the cover (Item 1).
12. If the plastic acorn nuts interfere with the positioning of the plastic manual fill cover, it may be necessary to make small notches in the back of the cover to clear the acorn nuts.

The bin thermostat kit is required on all ICE SERIES Cubers.

The GC SERIES does not require a thermostat kit.
