This Ice Maker Adapter Kit is for Remcor Model Series DB200/220/275 Dispensers and Ice Maker Model Series Hoshizaki KM800,1200, and 1600.

Table 1. Loose-Shipped Parts

Item No.	Part No.	Name	Qty.
1	28118	Ice Maker Adapter Lid	1
2	22127	Icemaker Mounting Bracket	2
3	50904	RTV. 3 Oz. Tube	1
4	70226	No. 10 Sheet Metal Screw	8
5	620912901	Installation Instructions	1

WARNING: Disconnect electrical power from the Dispenser before proceeding to install the Ice Maker Adapter Kit.

1. Remove the plastic dispenser lid and discard.
2. Install the ice maker adapter lid (item 1) as shown in Figure 1. Note that some models of the DB2XX series have the adapter lid mounting screws (4 #8-32) installed in the cabinet from the factory. If so equipped, remove prior to installing the lid.
3. Seal the ice maker to the dispenser adapter lid as follows (refer to Figure 1):
 - A. Run a bead of RTV on the lid around the outline of the ice maker and the inside edge of the lid opening.
 - B. Set the ice maker onto the lid and position as shown.
 - C. Wipe away any excess RTV.
4. Secure the ice maker to the dispenser with the brackets (2) provided. Drill .136 diameter holes and install the #10 sheet metal screws into the ice maker cabinet and dispenser lid and cabinet (if required). Screws must not interfere with the ice maker components.
5. Follow the manufacturer's instructions to complete the installation of the ice maker.
