

## SPLASH GUARD KIT, P/N 629095366

### IDC FIELD INSTALLATION INSTRUCTIONS FOR P/N 620047518 FOR DISPENSER MODEL SERIES IDC/IDC ProGATE

#### Kit includes:

Table 1.

Qty	Part No.	Description	Tools Needed
2	620047518	Splash Guard R/L IDC	N/A
4	70178	8-32 X 1/2 Phillips Screws	N/A
4	70730	Rubber Well Nuts	Phillips Screwdriver

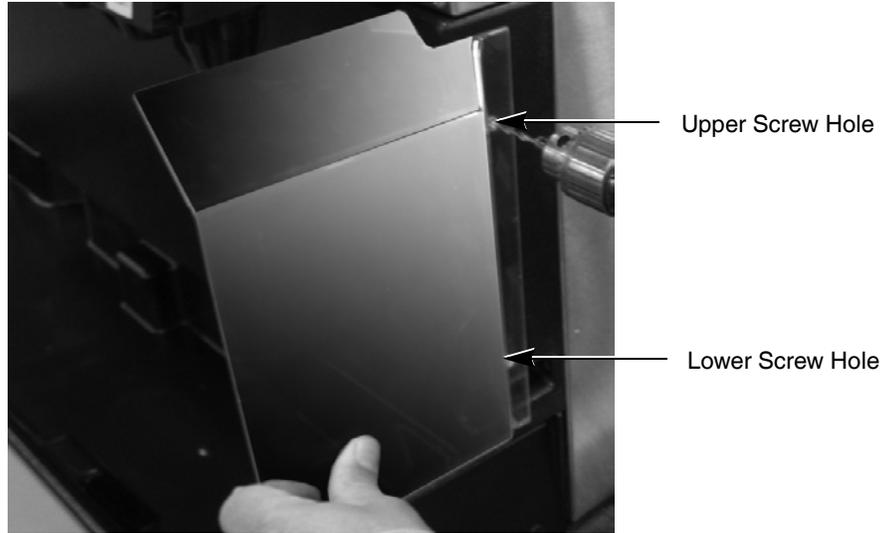

Figure 1.

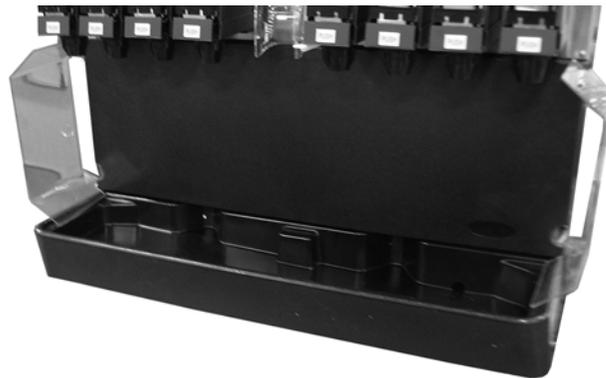

If the mounting holes for the splash guards are not present, perform the procedure in Table 2.

**Table 2.**

Step	Action
1	Using the splash guard as a template, position the guard, as shown in Figure 2, mark and drill out two 1/8" "PILOT" holes followed by two 5/16" holes on each side of either the lower cabinet for IDC215/255 models or the lower front panel for IDC 215/255 models.
2	Insert the well nuts into the holes.
3	Install the splash guard, making sure that the flange is on the inside of the sink.
4	Attach the splash guard with the mounting screws. Figure 3 shows the guards in place on the unit.
