

## OPERATING INSTRUCTIONS

---

### FOR 31177 PORTION CONTROL

#### SWITCH "OFF"

---

Ice dispenses continuously (no portion control) when operating lever is depressed.

#### SWITCH "ON"

---

Ice dispenses for preset time period and stops automatically. Timer resets when operating lever is released.

#### PORTION ADJUSTMENT

---

Turn knob clockwise to increase portion, counterclockwise to decrease portion. Numbered dial is for reference only. Approximate settings are as follows:

6 oz. cup	.5-1.5
12 oz. cup	1-3

Adjust the knob to obtain the desired ice portion.
