

KIT #2113

Installation Instructions

For installing two (2) Hoshizaki KM452 Cubers on a REMCOR Model TJ400 dispenser (see attached illustration):

1. Seal icemakers to top of dispenser as follows:
 - A. Locate gaskets on dispenser top cover as shown.
 - B. Set icemakers onto cover and position as shown.
2. Fasten brackets as shown. Drill holes and install sheet metal screws provided into icemakers and dispenser covers.
3. Follow the manufacturer's instructions to complete the installation of the icemaker.
