

Kit 08024 Installation Instructions

For installing Crystal Tips 200, 300, and 400C series Ice Makers on Remcor Model DB200 series Dispensers. Use Crystal Tips thermostat stand off Kit Number 80348501.

- 1) Seal ice maker to dispenser top cover as follows:
 - a) Locate outline of ice maker on dispenser cover as shown in attached sketch.
 - b) Run a bead of RTV around the inside of the ice maker outline on the cover (sides and rear).
 - c) Position the ice maker on the dispenser cover.
 - d) Wipe away any excess RTV immediately.
- 2) Secure ice maker to dispenser. Using the mounting brackets as templates, locate and drill holes in the ice maker cabinet for the #10 sheet-metal screws provided in the Kit. Drilling must not interfere with ice maker components.
- 3) Install insulation strip on removable lids as shown.
- 4) Follow the ice maker manufacturer's instructions to complete the installation of the ice maker. Check that the ice level thermostat bulb does not interfere with the agitator in the dispenser ice storage hopper. Adjust the ice maker control for proper ice level.
