

INSTRUCTIONS
CSA Option # 32557 for SID 350

1. For beverage units add # 30627 ground wire to the beverage transformer junction box. Route to the electric box.
2. Remove # 31950 water-fill valve harness and replace with # 32558 harness.
3. For both the harvest motor harness and air pump harness:
 - a) Remove [cut off] 1/4" quick-terminal terminals on both the harness and the motor leads.
 - b) "Splice-in" the # 2 and # 3 pin connectors for the air pump and harvest motor harness, respectively. Use # 32215 male pin connectors on the motor leads. The # 32216 female receptacle connectors are to be installed on the electric box harness. Install the connectors on 3" lengths of 18 ga wire (# 30243) and splice to the existing wire with "sta-kons" (# 30388).
 - c) Install the 2 position (# 32211 and # 32212) and 3 position (# 32213 and # 32214) housings on the air pump and harvest motor harness.
