

## SID 350 HOPPER BAFFLE

### P/N 2122 Kit - Installation Instructions To prevent water/ice leaks

- 1) Open top cover by removing the two knurled screws.
- 2) Locate the bin sensing bulb on the top left side of the hopper.
- 3) Remove the two mounting screws that secure the bin sensing bulb and install the hopper baffle.

Using the existing mounting screws, secure the baffle to the hopper.

Hopper Baffle
