# YOUR TRUSTED PARTNER IN PAINTING & BUILDING SUPPLIES

## Paint Application

We design high-efficiency tools tailored for professionals and DIYers alike.

Page 4-31

## Cleaning Products

We offer industrial-grade cleaning products tailored to meet the demands of manufacturers, wholesalers, and retailers. Developed with cutting-edge technology, our cleaning tools ensure and easy application.

Page 32-38

## Construction Products

Our building products stand out for their durability and compatibility with. From rollers to scrapers, each tool is manufactured to support professionals in achieving excellent results.

Page 39-49

## Decorative Products

Add a touch of elegance to your spaces with decorative building products. Designed with high visual appeal and our solutions bring style and function together.

Page 50-53

## Painting Machines

Our machines successfully provide decorative painting and coating of large areas with a high amount of material on interior and Exterior facades.

Page 54

## Display & Stands

Our custom-designed product stands are a perfect match for your store or workspace. Built to be both stylish and functional, they help showcase our products effectively.

Note: All items displayed on stands are sold under standard commercial terms.

# VELUKS ROLLER

The paint roller helps the paint spread smoothly and evenly on the surface, reducing brush marks and air bubbles. It is used, especially on smooth surfaces and for hobby painting projects. To ensure a smooth finishing paint process, you can move gently and slowly over the surface without applying additional paint to the roller as there is still wet paint on the surface.

# SCRAPERS

Our range of scrapers — including wood handle, aluminium grip, triangular, and mini scrapers — provides reliable tools for removing paint, glue, and debris from all surfaces.

Aluminium Scraper

<b>1529</b>	1,77" × 10,6"
	4,5 × 27 cm
	12 in a box

Aluminium Scraper

<b>1531</b>	1,8" × 43,3"
	4,5 × 110 cm
	6 in a box

Aluminium Grip Scraper

<b>1532</b>	2,8" × 11,4"
	7 × 29 cm
	12 in a box

Aluminium Scraper Spare

**5102**  
0,9" × 2,8"  
2,2 × 7 cm  
25 in a box

Aluminium Scraper Spare (for 1529 and 1531)

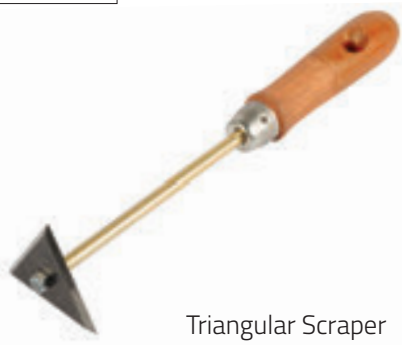

**5103**  
0,9" × 1,8"  
2,2 × 4,5 cm  
25 in a box

For use in various scraping works. Adjustable handle eases usage in wide area applications.

Used for scraping in narrow and hard-to-reach areas that require scraping, such as boats, yachts, and parquet surfaces.

Triangular Scraper

<b>1211</b>	2,4" × 11,8"
	6 × 30 cm
	12 in a box

Spare Knife for Triangular Scraper

**5101**

/ 10,5 x 16 cm / 6 in a box

# EFFECT SERIES

## APPLICATION

⚠ For having clear figure use effect paint.

MATERIALS REQUIRED

Paint and application for painting background.

Sponge and water for making wet the background.

Effect paint and roller to apply effect for second layer.

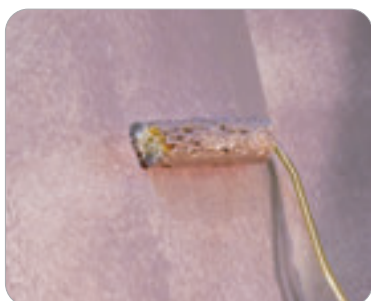

Sponge roller for removing the excess of paint.

The tool for the effect to be applied.

**1**  
Please apply lining paint and wait until it is dry. For not drying up effect paint, wet gently over the lining paint.

**2**  
Apply the effect paint on the lining. Remove the excessive of paint by using sponge roller.

**3**  
Before the effect paint dry using effect tool you can make figure by pressing the tool on the wall.

First and second layer of paint will appear final touch over your wall. Keep this in mind when choosing colors for each floor. Effects may vary depending on the applied techniques and paint. Before application a good idea to create a test area to experiment.

# PAINTING MACHINES

**Whitewash Tank**

<b>1300</b>	1305 + 1310 + 19,69 ft / 10 m hose
	1 Box

Used in limewash applications. Tank with a storage of 5 tins of limewash operates with 4 bar pressures. It requires air-compressor connection.

1303	Tank 10,6 gal. / 40 Lt	1
1304	Spraying Gun	1
1311	Spray Nozzle of Gun	1

**Interior Decorate  
Spraying Machine**

<b>1302</b>	1303 + 1304 + 19,69 ft / 10 m hose
	1 Box

Used for internal facade coating or applying the face rite paint on plaster, concrete, gauging plaster, wooden Natural boards and prefabricated surfaces in interior decorations. Creates large and small grains on walls. Requires a set with a 32,8 ft hose and a 10,6 gal. storage tank, and 5 bar compressor connection. Size of the grains can be adjusted using the pressure and paint adjustment valves on the gun.

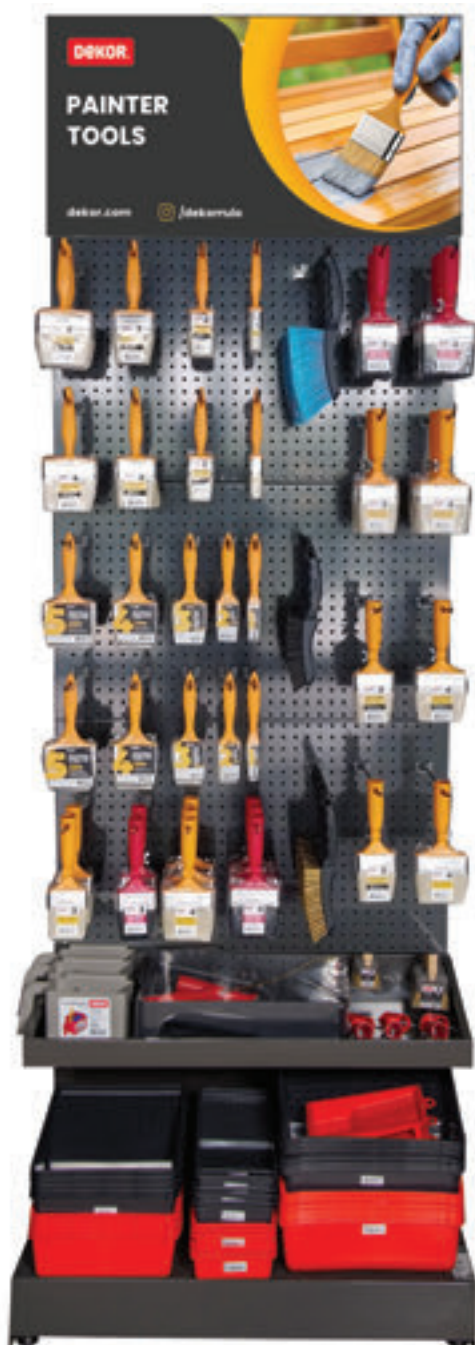

1306	Complete Set	1
1307	Spraying Gun	1
1308	Tank 0,52 gal. / 2 lt	1

**Exterior Surface Acrylic  
Spraying Gun**

<b>1306</b>	1307 + 1308
	1 Box

Used in External decoration applications with paint gun with acrylic External mineral-sanded coating paints. The gun operating with 5-7 bar pressure requires a compressor connection. The gun creates large and small grains on walls. Grain size is adjusted using pressure adjustment screw at the backside of the gun.
