why it matters

restorative justice isn't just right – it's smart

the challenge

Too many young people are being pushed out of classrooms and into courtrooms for conflicts that could be resolved through dialogue and understanding.

our solution

Turn harm into healing:

- Restorative Youth Circles divert youth from criminal charges to community accountability.
- Restorative Schools reduce suspensions and foster inclusion.
- Public Education & Advocacy shift systems toward empathy and equity.

the results

1,300+ youth diverted from court to date

It costs **\$100,000** to incarcerate one youth **vs** **\$10,000** to divert

\$4-\$7 return for every **\$1** invested

60-80% reduction in suspensions in partner schools

your impact

Your partnership helps expand Peacebuilders' reach, keeping youth in school, out of the courts and on a path to success.

Funding raised in 2026 will...

- Expand Restorative Schools Programs across Ontario
- Strengthen Youth Diversion supports within the courts
- Develop digital restorative training and leadership tools for youth and professionals

Together we're building safer, healthier communities one youth at a time.
