General Report Announcement

More than 1.4 million lives impacted.
More than 110,000+ veterans receiving
suicide-specific care.

More than 300 coalition members united
around one shared mission: preventing
veteran suicide. The 2025 Face the Fight
Impact Report shows what is possible
when collaboration, data, and proven
interventions come together.

Coalition Progress

Face the Fight has released its 2025
Impact Report, highlighting three years
of measurable progress in preventing
veteran suicide. Together, this coalition
has impacted more than 1.4 million lives
through Face the Fight-funded programs
and invested more than \$41 million in
evidence-informed solutions.

This work is proof that when organizations
come together, progress is possible.

Human-Centered Impact

The story of the 2025 Face the Fight
Impact Report isn't just about numbers.
It's about veterans, service members,
families, caregivers, and survivors who
have been reached with support,
connection, and hope. More than 1.4
million lives have been impacted through
Face the Fight-funded programs, and
the work continues.

Veteran suicide prevention belongs to
all of us.

families find support before crisis.

A Movement United

Subject:

You Helped Reach 1.4 Million Lives.
Read the Impact Report

As a proud member of the Face the Fight coalition, you are part of the progress reflected in the 2025 Impact Report.

Since launching in 2023, Face the Fight-funded programs have impacted more than 1.4 million lives, supported more than 1 million suicide risk screenings, and connected more than 110,000 veterans to suicide-specific care.

These numbers represent real people reached, real support delivered, and the power of more than 300 organizations working together to prevent veteran suicide. The report shows what is possible when coalition members align around proven solutions, shared commitment, and the belief that veterans, service members, families, caregivers, and survivors should never have to face life's challenges alone.

Coalition Impact and Progress

Subject:

Milestone for the Movement:
How We're Preventing Veteran Suicide

Veteran suicide remains one of the most urgent public health challenges facing our nation. Face the Fight's 2025 Impact Report shows how coalition members, grantees, philanthropic partners, and community organizations are working together to respond with urgency and purpose.

The report highlights progress across the movement, including more than 1.4 million lives impacted, more than 1 million suicide risk screenings, 250,000 lethal means safety conversations, and over 110,000 veterans receiving suicide-specific treatment.

Read the report and learn how collective action is helping build stronger pathways to prevention, care, and connection.
